Freshman Retreat

SLAPSHOT! Danny Rudman guards the puck during a floor hockey game. This was one of the fun activities available at the freshman retreat, giving incoming Trojans the opportunity to engage in fellowship. Danny won the game, and cleverly remarks, "Another day, another victory for the OGs."

Senior Sunrise

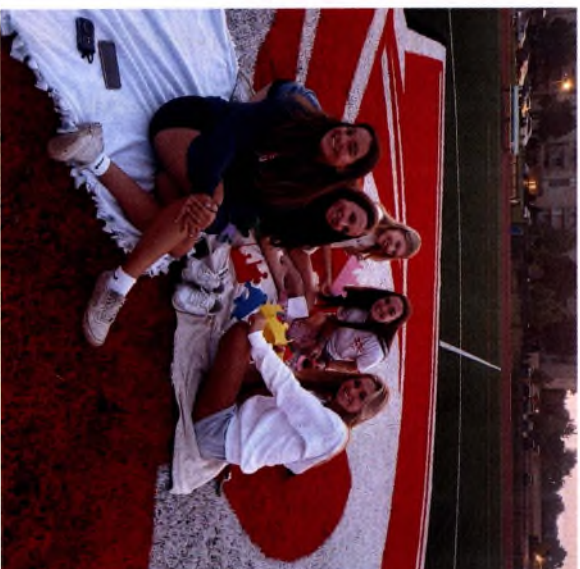

"It (Senior Sunrise) was pretty sweet! I didn't really see people over break, so coming to the realization that this was the last year I'd see a lot of them was crazy. I think it was cool to see how much we've grown up since freshman year."
- Clarissa Chen

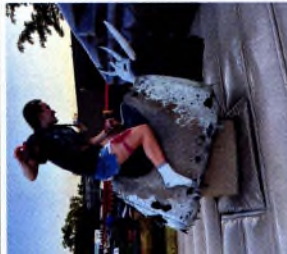

"It seemed like the best way we could've started our last year of high school. We've always had a very tight-knit class, so it seemed fitting to watch the sunrise together. In Ecclesiastes, Solomon talks about the endless rising and setting of the sun to describe the vapor that is life. Ultimately, high school is just part of this vapor, but I hope this year we were able to cherish our time together in Timothy's awesome community."
- David LaBarbera

MOVE TO THE MUSIC

This year the sophomore class loved dancing, music, and scientific phenomena!

3. Eclipse and Back to School BBQ

2. Spring Musical

1. Homecoming

Advice *for incoming sophomores*

ACTUALLY read the books

Even though sophomore year doesn't seem important **IT STILL MATTERS**

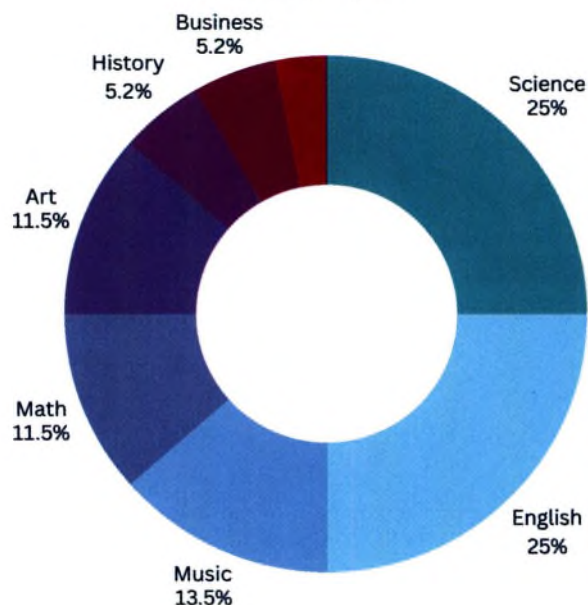

If you haven't already **GET INVOLVED**. Do Octoberfest, try out for the musical, join a club, go to at least one of the dances. Even if you're not sure, just try it, you'll end up making so many memories.

Make sure to **CHALLENGE YOURSELF** sophomore year, and try in school. School isn't as hard as you think if you put the hours in. Try not to overthink friendships or stress over the little things. Live in the moment because high school goes by really fast, take in each day.

Favorite Subjects

What was the sophomore classes favorite subjects this year?

3 Desert Island Essentials according to sophomores...

-Ice Cream, Cake, or some combo of the two

-Satellite phone, freeze dried food, a water purifier

-Water, Food, Jesus

-Snacks, another person and a solar powered dune buggy

-Rainbow Six Siege, Food, Water

GRADE

Juniors Maggie Crichton and Tea Rieger say that the best part about being a junior is...

"Being able to help the underclassmen with things she wishes she could have had help with," and "the increasing independence and choice of classes." They advised incoming juniors not to "overwork themselves," have a "healthy relationship with God," and "prioritize their time and commitments."

Advice

for incoming juniors

would say just **ENJOY IT**, don't be so hard on yourself. Stay involved with what you love doing the most.

EARN HOW to be by yourself, if you can't be present by yourself how can you be present with others? Also you're gonna develop a lot from within (personality/morals)

STAY ON TOP of your work if not do a lot of your work ahead. Then just try and get your college stuff ready for the end of the year.

DON'T GET OVERWHELMED over college prep. Use this year to get closer to God and when you see Him more closely you'll find His plan for your life. Also, get ahead over spring break and Christmas you won't regret it!

LET'S

Fall
Sports

"Volleyball this year was so amazing! All of the girls on the team were so fun and contributed so much energy into each practice and game, which made the season even better. The most exciting game we had was when we beat York at home. According to Mr. Roelofs this was the first time we have beaten York, and this team definitely deserved it. Each girl put so much work into every practice and game and we were able to accomplish so much because of it. Even though we did not finish the season how we wanted to, this team gave me so many close relationships and fun memories that I will never forget."

- Senior, Hope Huizenga

1. Volleyball for the Win!

This year, our girls have had an amazing season winning Regionals and going to Sectionals.

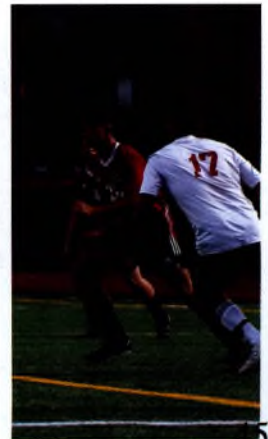

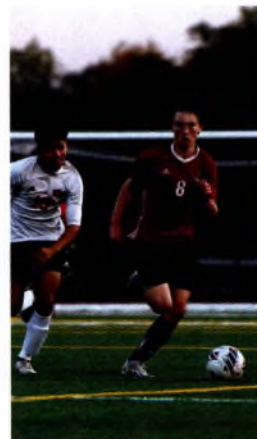

2. Cross Country Cross Country went to Sectionals and State this year. Many beat their personal records, most notably Tyce Plaisier and Bella Hackert.

Serving in the DR: A Look Back with Zach Huin

Arriving in the village, sophomore Zach Huiner experienced sensory overload. Everyone was happy to see him and the 1 crew, but something seemed different about them. They did n seem to have as much wealth and material possessions as the 1 crew, yet they were so happy. Why? Zach was eager to answ this question and serve these people in the proces

The people Zach encountered were citizens of the Dominica Republic, a country with poverty stricken regions. Zach and th TC team were determined to assist these people and learn abo their way of life in the proces

Among many others, Zach decided to embark on a renew servi trip outside of the country. Zach and the crew helped the peop there in countless ways. This included taking care of children ar assisting people in various tasks around the area. However, completing these tasks wasn't the most important outcome. Zac

states that it was "eye-opening to see how much joy ar contentment the people had despite their poor living conditions. Their experience in the DR highlighted the Christian truth th material possessions and wealth shouldn't be the primary driv of happiness

In the end, Zach found the answer to his question. The people f met were accustomed to their way of life, so they had no reaso to be discontent. At the end of the day, God has blessed everyon in different ways, and Zach saw this trip as a call to be grateful fo everything God has given to him on this earth. While reminiscin on this trip, Zach says that the whole team "grew so much in fait through this experience

"Going to New York was an overall exciting experience. It was a full immersion into cultures from all around the world. We got to work mostly with West African immigrants. I prayed with shop owners, families, and homeless people on the street. This experience showed me that although we are all different, we are all working to build up one common Godly kingdom!" - Sophomore, Jen Carreon

Renew Service Trips

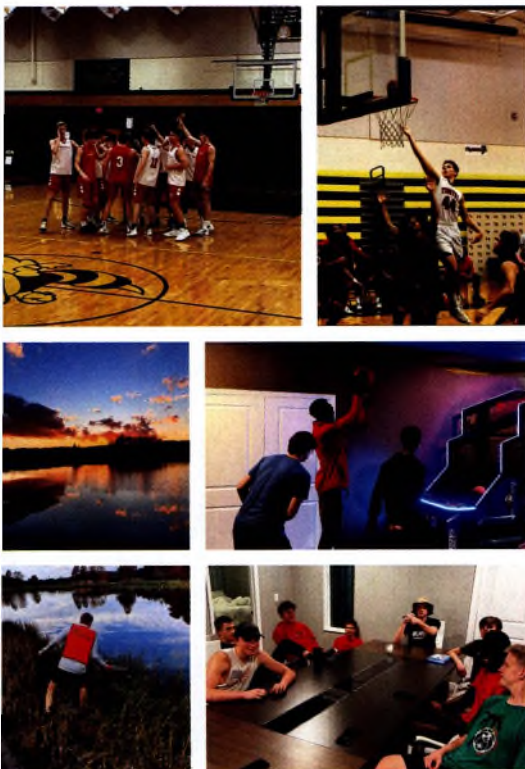

From TCS News, Jan 16 2024, Amy Bode:

Over 400 kids, spread out across four different neighborhood sites in Tegucigalpa, Honduras, eagerly waited for the bus of Timothy students to arrive.

The neighborhood kids are all part of Point Ministries, whose mission is to take the gospel of Jesus Christ to the most vulnerable children of Tegucigalpa and their families providing gospel-centered facilities focused on physical needs, spiritual growth, educational support, and social connection. As part of their Renew trip, our Timothy students were running a Vacation Bible School.

Honduras

"I served in Orlando on the Varsity Boy's Basketball trip. We served by going to the wetlands nearby and picking up trash. There were some trash-ways into the wetlands, and it was pretty scary going in the water, knowing there were crocodiles in it. However, it made the whole experience even better. The rest of the Renew Trip was really fun, we played in a tournament, and even though we didn't necessarily get the results we wanted, we still had fun. At the house we stayed in, we all hung out with each other and really grew closer to each other." - Sophomore, Marc Gamble

From Babies to Seniors

*Can you guess who
they are?*

**WE
MADE
IT**

The title 'WE MADE IT' is written in large, bold, red capital letters. Hand-drawn in black ink are several annotations: an oval containing the text 'Lots of Love from your families' with an arrow pointing to the 'W'; three horizontal arrows pointing from the 'W' to the words 'Let's Celebrate', 'Let's Look Forward', and 'Let's Sing your Praises'; a large, looping scribble over the word 'MADE'; and a curved arrow pointing from the word 'IT' to an oval containing the text 'Seniors No More'.

"Let's Call
it a Year!"
