

# PHS Programs Overview 2026-2027

# Pacific High School

## MISSION

Pacific High School provides meaningful, relevant, and rigorous opportunities to ensure all students graduate prepared to think, act, and communicate successfully in college, career, and life.

## VISION

Pacific High School is an exceptional school, committed to preparing all students to be socially responsible lifelong learners who adapt and thrive in the community.

## 5 C'S

It is our schoolwide goal that all learners are:

- Effective Communicators
- Complex Thinkers
- Community Participants
- Collaborative Workers
- College and Career Ready Students

## PIRATE CODE

Responsibility  
Ownership

Integrity  
Respect

# PHS Pirate Code

## RESPONSIBILITY

- Attend class daily and on time
- Strive toward academic excellence
- Seek support to meet goals
- Are prepared daily with a charged Chromebook & supplies

## INTEGRITY

- Are honest and tell the truth
- Produce original academic work (don't cheat)
- Act morally, even when no one is looking

## OWNERSHIP

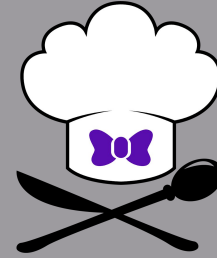

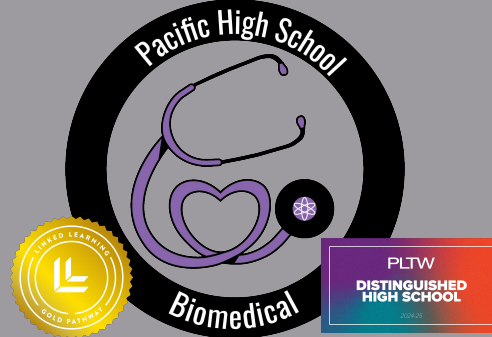

- Accept the consequences of their choices
- Admit when they are wrong and work to make it right
- Take care of their school environment

## RESPECT

- Accept there are different standards for behavior & language in different settings
- Are considerate of others in their dress, language, & actions
- Use empathy and consider the impact of their actions on others
- Agree and disagree peacefully

### ABOUT OUR PATHWAY

PLTW Biomedical Sciences uses the APB Approach (activity, project, problem-based) to engage students in thinking critically, synthesizing comprehensively, and exploring collaboratively. In this series of courses, students gain mastery of important science standards, medical professionalism and systematic concepts, while building transportable skills that include problem-solving, critical and creative thinking, collaboration, communication, and ethical reasoning and mindset. The APB approach includes student-centered learning, the teacher as facilitator, real-world application, meaningful feedback and assessment, and a scaffold of learning experiences across curriculums to teach students how to solve problems and create innovative solutions.

### CERTIFICATIONS

- Pharmacy Technology Certificates of Achievement for HIPAA and OSHA
- Precision Exams (Medical Forensics, Medical Anatomy & Physiology, Medical Assistance & Lab Fundamentals, Soft Skills)
- CPR/First Aid/AED & Hands-Only CPR
- Phlebotomy Certification

Jenna Baumann  
jenna.baumann@sbcusd.k12.ca.us  
909-388-6419 xt 375

### ABOUT OUR PATHWAY

The Hospitality Pathway teaches students the fundamentals of the hospitality industry. It teaches them sanitation skills, safety skills, basic culinary skills and baking skills. Skills developed in this pathway are critical thinking, problem solving, teamwork, communication, positive work ethic and other important skills that can be expanded on to hold a career in the food industry and many others. Students have the opportunity to learn management skills while working hands-on in the classroom coffee shop. Students learn valuable customer service skills to work within any industry within an inclusive learning environment.

# Yearbook

- Learn to work as a team
- Build and strengthen communication skills
- Prior yearbook experience helpful or photography experience.
- High level of reading/writing skills is preferred

# Theater

- **Theater 1** is an introductory course for students to become familiar with being on stage, working with partners to create scenes, and performing in front of an audience. It is a foundational course for exploring more of what theatre and performing arts are and how they impact our lives.
- **Theater 2** is a course that enables students to further explore and develop the theatrical skills they are most interested in, including technical theatre, design, directing, film, and more advanced performance techniques.
