# Staff Welcome

Our primary mission is to support adults in achieving their educational and career aspirations. We offer comprehensive programs designed to help students earn their high school diploma or equivalency, providing a solid foundation for further education or entry into the workforce.

In response to the growing demand in the healthcare sector, we have expanded our offerings to include specialized training programs. Our Pharmacy Technician program equips students with the necessary skills to excel in various pharmacy settings, preparing them for the Pharmacy Technician Certification Board (PTCB) exam. Additionally, our Medical Billing & Coding course provides in-depth knowledge of coding systems and billing processes, preparing students for certifications such as the Certified Billing & Coding Specialist (CBCS).

At Oroville Adult Education, we are dedicated to serving the diverse needs of our vibrant community. Our programs are designed to be inclusive and supportive, ensuring that every student has the opportunity to succeed. Whether you're looking to complete your high school education, transition into a new career, advance in your current field, or participate in enrichment courses, we are here to support you every step of the way.

Warm regards,  
OAE Staff

**Offering excellence  
and choice in education.**

# Data Navigator's Note

Returning to school as an adult takes guts. It's not just about books or tests — it's about courage, sacrifice, and believing that your goals are still worth chasing. At Oroville Adult Education, we see you. We know you're balancing jobs, families, and life, all while trying to build a better future. That's why we're here — not just to guide you through the process, but to walk beside you every step of the way. Whether you're working toward your HiSET, diploma, or a new career, remember this: you belong here, and your success is possible. Let this be the season you say yes to yourself.

## Hybrid Grad Program

Oroville Adult Education Center provides students with a unique hybrid program that blends traditional credit-based coursework with the High School Equivalency Test (HiSET). Through this program, students can use their HiSET scores to earn credits toward a high school diploma. The number of credits awarded depends on a student's performance on the test. The HiSET assesses proficiency in five key subjects: social studies, reading, writing, science, and math. While the exam presents a challenge, many students have been able to accelerate their progress toward graduation by choosing this path.

## English and Citizenship Classes

Monday - Friday 8:00am - 3:30pm
