GENERAL CONDITIONS

Bidder: To ensure responsiveness and acceptance of bid, please follow these instructions *as applicable*. (The use of the words: bidder, proposer, vendor, contractor, and supplier for the context of this solicitation all have the same meaning for the company/firm submitting a bid or a request for proposal.) (As used herein, the term "Boards" refers to each school board that is participating in the NCACBG).

- 1. Bidder Responsibility:** It shall be incumbent upon each bidder to understand the provisions of this bid document and, when necessary, obtain clarifications prior to the time and date set for the bid opening. Failure to obtain a clarification will be no excuse or justification for non-compliance with the provisions set forth herein. All questions/clarifications shall be made to Tandy Blackwell via email at tandy.blackwell@acs-k12.org no later than five working days prior to the bid submission deadline.
- 2. Bid Submission:** You must submit an original and four (4) exact copies of all required documents in your bid package. *Your bid must be signed by an authorized officer of the company.* Broker's signatures are not allowed.
- 3. Bid Opening:** Sealed bids must be received in the Athens City Central Office by the bid opening time and date specified in this invitation to bid unless changed by addendum. The clock in the Central Office shall determine the time of receipt. All bids delivered after the specified time will not be considered and will be returned to the bidder. Fax or telephone bids will not be accepted. At the bid opening, no discussion will be entered into with any vendor as to the quality or provisions of the specifications, and no award will be made, either stated or implied. Bid openings will be conducted open to the public. The openings will serve ONLY to open and read the bottom line prices for the appropriate categories of each bid. The bid price for each line item may also be read.
- 4. Preparation of Bid:** Bid shall contain a manual signature of an authorized representative in the space provided. Bidder should label the bid envelope with the submittal address as indicated in this bid package. In addition, include the date and time of the bid opening and the bid number. All prices and notations must be printed in ink or typewritten. No erasures permitted. Errors may be crossed out and corrections printed in ink or typewritten adjacent, and must be initiated in ink by the person authorized to sign the bid.
- 5. Submittal of Bid:** *The entire invitation to bid documents should be completed and returned as requested.* Modifications and corrections received after the closing time specified will not be considered. It is the bidder's responsibility to examine any drawings, specifications, and instructions, and ensure that the bidder's submission is correct.
- 6. Bid Unit Price:** Each item is to be priced separately by offering the bid unit price as per designation in the specification. In the event that the unit designation required by the specification is different than the standard package offered by a bidder, that bidder shall convert the quantities to conform with the bid unit set forth in the specifications, i.e., convert 6/#10 to 4/1 gallon. Failure to make the conversions may be cause for rejection.
- 7. Firm Bid Price:** Each item will be bid separately (line item) or by groups (bottom line) *as indicated on the Product Identification Bid Sheet(s)*. Price shall be applicable to bid unit.
- 8. Prices and Delivery:** Firm prices shall be quoted, typed, or printed in ink, to include all packing, handling, shipping, and delivery charges FOB (free on board) Board of Education in each school district in the North Central AL Coop. Unless otherwise specified, bid prices will be firm and remain in effect for a minimum period of 120 days after the date of the opening. The Boards reserves the right to make an award to the next lowest responsible bidder if prices are not firm. The bid will show the number of days to place a commodity in the Boards designated location under normal conditions. If the bidder cannot meet the stated delivery, alternate delivery schedule may become a factor in the award. The Boards have the right to extend delivery if reasons appear valid.
- 9. Escalation/De-Escalation Clause:** All prices shall be firm for 30 days from the bid date. All price offers are to be fully inclusive of all expenses, including travel, materials, and all fees, unless explicitly disclosed otherwise on the Form of

Price Proposal and must remain firm for the initial contract year. Any increase or decrease in price must be sent in writing to the school districts as soon as the information is available. "Act of God" pricing shall be based on the USDA Market Price Report and shall not extend over 4 weeks without additional documentation.

10. Renewal Compliance: Bid renewals should not reflect any price changes, but if they do, all price changes must fall within the limits of the Consumer Price Index (CPI), Agricultural Market Services (AMS), and other necessary indexes. Documentation of said indexes will be maintained for any bid renewals. Price changes may be considered annually at the time of renewal and must be approved by the Boards in advance. Boards may elect to re-bid the contract in whole or in part rather than incur price escalation for a renewal period. All terms and conditions of the original contract will apply to any renewal of this contract unless the parties agree upon a written modification.

11. Additional Items: The NCACBG reserves the right to add new product items to the bid document that may become available during the contract time period as deemed necessary. This addition may be deemed necessary due to lack of availability through other vendors, new products available on the market, local product sourcing, and product needs due to unexpected circumstances outside our control, etc.

12. Installation: Where installation is required, the successful bidder shall be responsible for placing and installing the product in the required location(s). Authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. The successful bidder shall protect the site from damage and shall repair damages or injury caused during installation by the vendor, its employees or agents. If any alteration, dismantling, excavation, etc., is required to achieve installation, the vendor shall promptly restore the structure or site to its original condition. The successful bidder shall perform installation work so as to cause the least inconvenience and interference with the Boards and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order.

13. Taxes and Trade Discounts: Prices quoted shall be delivered prices, exclusive of all federal or state excise, sales, and manufacturer's taxes. The Boards of Education in each school district in the North Central AL Coop is tax exempt by law, Code of Alabama, Title 40, Sec. 23, Sub. Sec. 4. Trade discounts should be deducted from the unit price and net price should be shown on bid.

14. Acceptance and Rejection: Inspection and testing, if any, and acceptance will be at the destination unless otherwise provided, but all materials and workmanship shall be subject to inspection and test at all times and places, and where practicable. Title to risk or loss or damage to all items shall be the responsibility of the supplier until acceptance by the Boards unless loss or damage results from negligence by the Boards. During manufacture, the right is reserved to reject articles that contain defective material and workmanship. Rejected material shall be removed by and at the expense of the bidder promptly after notification of rejection. Final inspection and acceptance or rejection of material or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the Boards thereof for such materials or supplies as not in accordance with the specifications. In the event necessity requires the use of materials or supplies not conforming to the specification, payment may be made with a proper reduction in price.

15. Brand Name Reference: Unless specified "no substitute," any catalog brand name or manufacturer's reference used in the ITB is descriptive only, not restrictive, and used to indicate the type and quality desired. If bidding on other than referenced specifications, the item must be pre-approved. If the item is pre-approved, the bid must show the manufacturer, brand or trade name, and other descriptions, and should include the manufacturer's illustrations and complete description of the product offered. The Boards reserves the right to determine whether a substitute offered is equivalent to and meets the standards of the item specified, and the Boards may require the bidder to supply additional descriptive material, samples, or demonstrations. The bidder guarantees that the product offered will meet or exceed

the referenced product and or specifications identified in the ITB. If the bidder takes no exception to the specifications, bidder will be required to furnish the product exactly as specified in the solicitation.

16. **Samples:** Samples or demonstrators, when requested, must be furnished free of expense to the Boards. Samples not destroyed during reasonable examination will become the property of the Boards unless bidder states otherwise. Each sample should be marked with the bidder's name address, bid number and item number.

17. **Interpretation:** Any questions concerning specifications and conditions shall be directed to the director, and the Director's response and interpretation shall control.

18. **Disputes:** In case of any doubt or differences of opinion as to the items to be furnished under a contract resulting from this bid, the decision of the Director shall be final and binding on both parties.

19. **Time of Performance:** The number of calendar days in which delivery will be made after receipt of order shall be stated in the bid.

20. **Acceptance of Bid/Award:** The Boards' award will be made in accordance with §§ 16-13B-1, et seq. of the *Cod of Alabama*. The Boards reserves the right to accept or reject all or any part of a bid or any and all bids, to waive any informality, general condition, special condition, or minor specification deviation when considered to be in its best interest, and to award the bid that best serves the interest of the Boards. The bid will be awarded to lowest responsive and responsible bidder taking into consideration the qualities of the commodities proposed to be supplied, their conformity with specifications, the purposes for which required, the terms of delivery, transportation charges, and dates of delivery. The Boards may also consider the bidder's past service history, quality of goods/commodities, past performance, and the bidder's experience and longevity.

Awards will be based on the line item pricing or bottom line groupings *as specifically noted*. All documents and terms contained herein are considered part of the binding contract and shall control and not be modified by any document submitted by a successful bidder. It is understood and agreed that the Boards shall have 120 days for bid acceptance.

21. **Default:** Backorders default in promised delivery or failure to meet specifications, authorize the Boards to cancel this contract to the defaulting bidder. The bidder must give written notice to the Boards of the reason and the expected delivery date.

22. **Cancellation:** Either party may cancel any contract or item award for cause by giving 30 days written notice of intent to cancel. Cause for the Boards to cancel shall include, but not be limited to, cost exceeding current market prices for comparable purchases; request for increase in prices during the contract period; or failure to perform to contract conditions. The bidder will be required to honor all purchase orders that were prepared and dated prior to the date of expiration or cancellation if received by the bidder within a period of 30 days following the date of expiration or cancellation. Cancellation by the Boards does not relieve the bidder of any liability arising out of a default or nonperformance. If a contract is canceled due to a request for an increase in price(s) or failure to perform, that vendor shall be removed from the Bidders List, but this does not relieve that vendor from liability for a period of 24 months. Cause for the vendor to cancel shall include, but is not limited to, the item(s) being discontinued/unavailable from the manufacturer.

23. **Addenda:** An addendum may be issued as an addition or supplement or clarification to the bid document. Only written addenda are part of the bid packet and should be considered.

24. **Alternate Bids:** Unless specifically requested and pre-approved, alternate bids will not be considered. A non-pre-approved alternate is considered a bid that does not comply with the minimum provisions requested by the bid.

25. **Error in Bid:** In case of an error in the price extensions, the base bid/bid unit will govern. No altered or amended bid will be accepted after the specified time and date set for the bid submission.

26. **Insurance and Indemnification:** The bidder agrees to indemnify and hold harmless the Boards, its officers, agents, and employees from and against any and all claims and liabilities (including expenses) for injury or death of persons or damage to any property which may result, in whole or in part, from any act or omission on the part of the bidder, its agents, employees, or representatives, or arise from any bidder furnished goods or services, except to the extent that

such damage is due solely and directly to the negligence of the Boards. The bidder will carry comprehensive general liability insurance, including contractual and product liability coverage, with minimum limits acceptable to the Boards. The bidder will, at the request of the Boards, supply certificates evidencing such coverage.

27. **Risk of Loss:** The bidder assumes the following risks: (1) all risks of loss or damage to all goods, work in process, material, and equipment until the delivery thereof as herein provided; (2) all risks of loss or damage to third persons and their property until delivery of all goods as herein provided; (3) all risks of loss or damage to any property received by the bidder or held by the bidder or its suppliers for the account of the Boards, until such property has been delivered to the Boards; (4) all risks of loss or damage to any of the goods or part thereof rejected by the Boards, from the time of shipment thereof to bidder until redelivery thereof to the Boards.

28. **Debris Removal:** All debris must be removed after installation and/or performance of service of said equipment and/or service.

29. **Non-Discrimination:** The Boards provides equal opportunity for all businesses and does not discriminate against any vendor regardless of race, color, creed, sex, national origin, or disability in consideration for an award.

The bidder further warrants all items for a period of one year, unless otherwise stated, from the date of acceptance of the items delivered and installed or work completed. All repairs, replacements, or adjustments during the warranty period shall be at the bidder's sole expense.

34. **Hazardous and Toxic Substances:** Bidder must comply with all applicable federal, state, county, and city laws ordinances and regulations relating to hazardous and toxic substances, including such laws, ordinances, and regulations pertaining to information about hazardous and toxic substances, and as amended from time to time. The Bidder shall include a "Material Safety data Sheet" if required.

35. **Patents:** Bidder guarantees that the sale and/or use of goods will not infringe upon any U.S. or foreign patent. Bidder will at his/her own expense, indemnify, protect, and save harmless, the Boards and its employees on any claims arising out of the purchase of goods or services.

36. **Annual Appropriation:** The Board's performance and obligation to pay under this contract are contingent upon an annual appropriation.

37. **Domestic Products:** In public works projects, the contractor agrees to use in the execution of the contract materials, supplies, and products manufactured, mined, processed, or otherwise produced in the United States or its territories, if the same are available at reasonable and competitive prices and are not contrary to any sole source specification.

38. **Certification Pursuant to Act No. 2006-557:** Alabama law (Section 41-4-116, Code of Alabama 1975) provides that every bid submitted and contract executed shall contain a certification that the vendor, contractor, and all of its affiliates that make sales for delivery into Alabama or leases for use in Alabama are registered, collecting, and remitting Alabama state and local sales, use, and/or lease tax on all taxable sales and leases into Alabama. During the performance of the contract, the business entity or employer shall participate in the E-Verify program and shall verify every employee that is required to be verified according to the applicable federal rules and regulations. The contractor's E-Verify Memorandum of Understanding must be included with the bid. If you do not believe these requirements are applicable to your entity, include an explanation justifying such exemption. An entity can obtain the E-Verify Memorandum of Understanding upon completion in the E-Verify enrollment process located at the federal web site www.uscis.gov/everify. Instructions for Certification

1. By signing and submitting this form, the prospective primary tier participant is providing the certification set out on the form in accordance with these instructions.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out on this form. The certification or explanation will be considered in connection with the department or agency's determination of whether to enter into this transaction. However, the failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department determined to enter into a transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause.

6. The prospective primary participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this form that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determined the eligibility of its principals. Each participant may but is not required to, check the Non-Procurement List.
9. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person, in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
