Each seed will be randomly drawn. Each race will be re-drawn.

**Cost:** Teams will be billed through the CCC league.  
Spectators using the Pineland Farms trails for skiing or snowshoeing should buy a pass at The Market if they don't already have one. If you are only spectating on foot near the stadium you don't need a pass.

**Team Scoring:** Top 4 finishers score team points. Top 6 finishers displace.

**Glide Wax Rule:** Only waxes from this list are allowed. For kick wax, any wax that is non-flouro is allowed.

**Classic Technique Control:** Tracks will be set on the course where classic techniques should be used. On corners where there is no track, turning techniques are allowed (can't push off the inside ski). Any official team coach is considered qualified to act as a controller and can report violations.

**Classic Track Setting:** The classic tracks will be set the night before to give them plenty of time to set-up. This means they will be in place for the skate race.

**Please tell your skiers not to ski over the tracks in the morning races.**

**Bibs:** Bibs for both the skate and classic races will be available when you arrive, near the Pineland trail map sign. Please do not hand out the classic bibs until after the skate race, so that the skier does not confuse which one to use.

**Results:** Results will be emailed to each coach.

Live timing will be online at: <https://www.webscorer.com/nonstopnordic>  
A QR code will be posted to have quick access to the live timing webpage.

**Awards:** Ribbons will be awarded to the top 10 finishers in each race. The top 2 teams (combined boys and girls scores) will be recognized; candy prizes for the top teams.
