"LET'S GO BRONCOS"

STUDENT QUOTABLES...

"Do better when you know better" - T. Matthews Senior

"Who am I to judge when I myself walk as a imperfect man". - Kierre Grice, Senior

"But you, bevoed, build yourself up on your most holy faith" - Brian Valencia, Sophomore

FALL ENDS AND WINTER SPORTS SEASON BEGINS WITH GRIT

The winter sports season is officially underway at Jefferson Township Junior/Senior High School, and while the road hasn't been without challenges, our student-athletes are showing resilience, determination, and heart.

The basketball program is off to a rocky start, but coaches report steady development as players continue to learn, adjust, and grow together as a team. With each game, students are gaining valuable experience, building chemistry, and demonstrating sportsmanship that reflects the values of Jefferson Township.

Meanwhile, the bowling team has started the season on a strong note—quite literally—with a "good roll" right out of the gate. Student bowlers are finding their rhythm early, setting a positive tone for the season ahead.

Community support makes a difference. Families and residents are encouraged to attend games and matches when possible and cheer on our Broncos as they continue to grow throughout the season.

FAMILIES INVITED TO SHARE THEIR VOICE THROUGH DISTRICT SURVEYS & COMMITTEES

Jefferson Township Local School District values parent and community input, and families are encouraged to take an active role in shaping the future of the district.

Parents can:

- Participate in district surveys available through the district website
- Share ideas, feedback, and suggestions to help guide decision-making
- Volunteer to serve on the District Parent Committee, providing an opportunity to collaborate with district leadership and other families

Your voice matters. Whether through a quick survey response or active committee involvement, community engagement helps ensure Jefferson Township continues to meet the needs of its students and families.

PARENTS... WE WANT YOU INVOLVED!

As we move into the winter months, Jefferson Township Local School District remains committed to creating opportunities for families to be involved.

Use our website to share your suggestions.

[Thank you for your continued support.](#)

STUDENTS EXPLORE CREATIVITY AND CULTURE AT THE DAYTON ART INSTITUTE

Students recently had the opportunity to participate in a county-sponsored field trip to the Dayton Art Institute, where learning extended far beyond the classroom walls.

During the visit, students explored a wide range of exhibits, gaining exposure to fine art, history, and cultural expression. The experience encouraged critical thinking, creativity, and discussion, while also allowing students to connect academic concepts to real-world experiences.

Field trips like this play an important role in broadening perspectives and inspiring curiosity, and the district is grateful for the partnerships that make these opportunities possible.
