

**Hendry County School District**

**February 12, 2026  
Network Infrastructure Equipment**

**ALL BIDS FOR THE ABOVE-REFERENCED SOLICITATION  
ARE HEREBY REJECTED**

Notice is hereby given that the Hendry County School District has elected to reject all bids received in response to the above-referenced solicitation. While bids were received electronically by the closing date of February 11, 2026, the District confirms that no bids were opened, reviewed, or evaluated.

The District is taking this action pursuant to District's Policy Manual §6320, *Competitive Solicitation Requirements for Commodities and Contractual Services Other Than Construction Contracting at C. and §6325(B)(1)e.* (Dec. 12, 2023). The decision is based on the following determinations:

The District determined that the established closing time did not provide bidders with sufficient time to incorporate critical additional addendums into their final responses. To ensure the District's ability to receive proper documentation and maintain the full accuracy and integrity of the evaluation process, a revised solicitation is required. Re-issuing the solicitation ensures the maintenance of an equitable competitive environment, allowing all participants to bid with all technical updates fully included into their proposals.

The District intends to issue a new solicitation for Network Infrastructure Equipment shortly. This new solicitation will incorporate all necessary documentation and addendums required for a complete project scope.

Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, failure to post the bond or other security required by law within the time allowed for filing a bond, or failure to follow any other requirements in the bid protest procedures established by the District shall constitute a waiver of all protest rights and proceedings under chapter 120, Florida Statutes.
