When a person experiences summer in the OES community, whether kid or adult, they leave our programming and walk into the next school year more confident in their skills socially, emotionally, physically, and intellectually—ready to thrive.

Summer at OES works to provide equitable access to families in the Portland Metro community for inquiry and play-based summer enrichment programming that cultivates a sense of adventure and the building of a rich, creative community on and off the Oregon Episcopal School campus.

We facilitate space for our student campers to capture joy and freedom as they take on healthy risks, make new friends, and explore who they are as valued individuals.

OUR CORE VALUES

Fun: We work to cultivate each other's curiosity and encourage healthy risks through joyful play and fun.

Respect: We nurture our mental, emotional, and social well-being through healthy respectful relationships and dialogue with each other.

Wonder: We expand our compassion for others and the natural world through engagement with a broad intersection of peers, community engagement, and project-based inquiry camp classes and experiences.

We are proud that we are able to open our Summer at OES Program to the public as well as offer financial assistance to many of our campers. Our offerings are an extension of both our school's quality of Experiential Education, Mission, and Commitment to Justice. These commitments are key to the foundation of our programming and we welcome every student camper and their family to come to our campus and experience Summer at OES.

DAILY SCHEDULES

Pre-K Daily Schedule

7:45 a.m.	Flexible drop off begins (Drop off anytime before 5 p.m. Pick up anytime before 5 p.m.)
7:45-8:40 a.m.	Check in and drop off, outdoor play time
8:45 a.m.	Camp class activities and exploration
9:15 a.m.	Snack
11-11:45	Lunch
11:45 a.m.-1 p.m.	Outdoor play and class activities
1 p.m.	Rest time
2 p.m.	Snack & station explore
2:45-4 p.m.	Play and activities
4-5 p.m.	5 p.m. pickup (no extended rec program)

K-5 Daily Schedule

7:45 a.m.	Flexible drop off begins (Drop off anytime before 5 p.m. Pick up anytime before 5 p.m.)
7:45-8:40 a.m.	Check in and drop off
8:45 a.m.	Camp begins
11-11:45 a.m.	K & Grade 1 Lunch
11:45 a.m.-12:30 p.m.	Grades 2-11 Lunch
After lunch-2:30 p.m.	Camp Class
2:30-3:45 p.m.	Enrichment or Workshops
4-5 p.m.	Grade level afternoon wonder workshops
5-6 p.m.	Extended rec program until close ($50 per week)

Middle School Schedule

Will vary by workshop, class, or trip.

REGISTERING FOR CAMP

Summer at OES has moved the registration to be run through CampBrain. Please note that returning families will have to create a new account and fill out new information for this season. In the future, autofill will be available for you to utilize. Thank you.

Please note that your cart with your registrations is in a column on the right hand of the screen for you to review. Each item in your cart will hold while you continue your registration as long as you are active on the current page. For each page, as long as you are active, you have 60 minutes to complete the page. If you leave it idle, your registration will time out.

Click **HERE** for Summer at OES Camp Brain Registration page

1. Create username and password.
2. Login.
3. Move forward from the registration instructions welcome page, click: Continue to People.
4. When you land on the people page:
   - Click add person and complete person short form.
   - Repeat for each child you plan to register.
5. Select all children that you are planning to register for sessions by clicking the check box next to their name(s).
6. At the bottom right corner click: Continue to Sessions
7. Click on the camp genre you want to register for during the week you want to register for. You can filter by date, grade, etc. as is helpful for you.
8. The drop down will show you the classes available for this genre/week.
   - Choose the class you want to register for and add to cart.
9. Choose extended care if you need it for this week and add it to cart.
10. Continue on to the next session you want to register for and repeat steps.
    - Do this for each of your children if you are registering more than one child.
11. After completing all session choices, click: Continue to Forms.
12. Complete all forms as required for your account.
13. When you have completed all forms for each child or children you are registering click: Continue to Review.
14. Review your cart. Adjust as needed.
15. Complete payment options (payment plan or pay in full by the beginning of the week of camp you register for).
16. End on your confirmation page.

Explorers: PRE-K

Dear Pre-K families,

Summer is a time filled with outdoor exploring, fruits and veggies from the garden, cold water on a hot day, and so many other experiences that children will remember for a lifetime. It is also a time of transition and can be stressful, new, and confusing to many families.

We want all Pre-K explorers at OES summer camp to make memories and feel confident and prepared for the school year that follows the summer. We structure our activities and discoveries around child led inquiries to build confidence and independence. Through play and open explorations campers will be challenged to hone new fine and gross motor skills and sharpen their social emotional tools.

Corinne and Jordan have a plethora of experience working with children in different educational environments. They both have backgrounds in elementary education, special education, social emotional learning, and trauma informed care.

Together, Corinne and Jordan create a dynamic and supportive camp experience where children feel safe, inspired, and excited to learn, while also preparing your campers for their entry into Pre-K in the fall. We look forward to meeting every single one of you, and watching your campers grow this summer!

Corinne Foley and Jordan Kosmecki

Explorers: PRE-K

Explorers summer programs are designed with incoming and current pre-k students in mind.

Building on our philosophy that we can respect our students to lead the way even from an early age, our educators pair imagination, wonder-inducing experiences, fun child-centered activities, and play for safe, engaging, and memorable experiences all summer long. Pre-K students have their own class spaces, rest spaces, playground, and designated educators and assistants for the entire summer.

Our camps are grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student-led exploration and discovery.

Pre K: A single group of up to 15 for students in, or going into, Pre-K. Campers must be 3 by January 1, 2026 and fully potty trained by the start of their camp week. No rising kindergarteners please.

Freshly prepared lunch and healthy snacks available every day.

Our ratio for this age group is 4 adults to 15 students.

This year our Pre-K program is running in two 3-week cohorts.

3-week camp: $1,755

COHORT 1 • Weeks 1-3

WEEK 1: JUNE 22-26

SPACE IS THE PLACE

This week we will go back to the land of the dinosaurs! Campers will learn about prehistoric dinosaurs big and small! Campers will have the opportunity to make mini volcanoes erupt, dig for fossils, and more!

WEEK 2: JUNE 29- JULY 3

WE'RE GOING ON A SAFARI

Campers will explore their talents and all the awesome and amazing things they can do! They will be encouraged to let their talents shine in a variety of different ways such as dancing, painting, drawing, acting and more! We hope to put on a talent show for parents and loved ones at the end of the week!

WEEK 3: JULY 7-11

MAD MAD SCIENCE

This week we will dive into a week of ocean adventure at our Under the Sea camp! Campers will explore the wonders of the deep blue through hands on art projects, imaginative play, songs, stories, and activities inspired by sea creatures. Each day will bring new discoveries as we learn, play, and create together.

COHORT 2 • Weeks 4-6

WEEK 4: JULY 13-17

WE ARE THE DINOSAURS

This week we will go back to the land of the dinosaurs! Campers will learn about prehistoric dinosaurs big and small! Campers will have the opportunity to make mini volcanoes erupt, dig for fossils, and more!

WEEK 5: JULY 20-24

OES GOT TALENT

Campers will explore their talents and all the awesome and amazing things they can do! They will be encouraged to let their talents shine in a variety of different ways such as dancing, painting, drawing, acting and more! We hope to put on a talent show for parents and loved ones at the end of the week!

WEEK 6: JULY 27-31

UNDER THE SEA

This week we will dive into a week of ocean adventure at our Under the Sea camp! Campers will explore the wonders of the deep blue through hands on art projects, imaginative play, songs, stories, and activities inspired by sea creatures. Each day will bring new discoveries as we learn, play, and create together.

Seekers: K & Grade 1

Our seeker students seek and find things they absolutely love to do. Summer is all about having the time to seek out who we are. We're proud to provide well rounded programs for our young campers to discover the wonder of the season through Art, STEM, Movement/Athletics, and time well spent in Nature and Outdoors.

Classes spend two-thirds of the day in their educator developed class structure and the last one-third exploring enrichment activities. These classes are intended for rising kindergarten and first graders.

Freshly prepared lunch and healthy snacks available every day.

WEEK 1: JUNE 22–26

Camp hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

NATURE & NEIGHBORHOOD ENGINEERS

This week we're excited to be young engineers. By donning our thinking caps and problem-solving through playful exploration and creative building. Campers will design and test bridges, discover how plants and trees grow strong and stand tall, and explore nature-inspired engineering. Through fun experiments and simple challenges, students will learn how things work by asking questions, trying ideas, and building together. The week ends with exciting creations like making and flying their very own helicopter! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

WONDERFUL WORLD OF DANCING FAIRIES

Step into the wonderful world of dancing fairies camp! Here dancers will explore classic fairy tales, new movements, and explore OES's beautiful campus, culminating with a final dance performance piece during the Friday Showcase. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $585

PACK YOUR BAGS!

Pack your bags and get ready for an exciting adventure around the world—without ever leaving the OES campus! In this imaginative camp, campers will "travel" to a new destination each day, creating their own suitcase, passport, and boarding pass along the way. Through hands-on crafts, art projects, games, music, and movement, children will explore different cultures in a playful, age-appropriate way that sparks curiosity and creativity. This camp is perfect for young travelers who love to imagine, create, and discover. Buckle up—our world tour is about to begin! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

FAIRY GARDEN EXPLORERS

Step into the garden and see what we can find! In this camp, we will explore the beautiful OES campus with a whimsical mindset. Campers' imagination and curiosity will guide our exploration of garden ecosystems as we learn what plants, critters, and even fairy friends need to build a home. Through art projects, outdoor investigations, and storytelling, campers will build fairy gardens of their own!

Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

2 WEEK COHORT: IMAGINE THAT! WEEK 1

Join us on a two week adventure as we will lean into our imaginations to explore fairy tales, legends, and the world of make beleive! From constructed castles to making magic potions, we will tell magical stories, and think outside the box. This camp is perfect for campers who love to dress up, design, and bring their whimsical creativity to life! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $1170 for 2-week camp

Seekers: K & Grade 1

WEEK 2: JUNE 29–JULY 3

Camp hours: 7:45 a.m.–5 p.m.
Extended Care available: 5–6 p.m. for $50/week

JURASSIC GOO LAB

Travel back in time to the Jurassic Goo Lab, where young scientists and artists explore the squishy, stretchy, and slimy world of prehistoric "goo"! Campers will create dinosaur-inspired slimes and sensory mixtures while experimenting with colors, textures, and add-ins like glitter, foam beads, and natural materials. Each day features hands-on goo experiments, creative design challenges, and dinosaur-themed slime projects. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

YOUNG NATURAISTS

Budding explorers and nature lovers will dig into the wonders of the outdoors in Young Naturalists camp. Each day campers will discover more of what OES's expansive grounds have to offer. Learning about local plants, pollinators, and small creatures with whom we share the space. Campers will try crafting sun catchers, small animal worlds, and create observation journals to record their findings during our explorations of campus, the composting process, and make grass seed caterpillars. Join Young Naturalists for a week of outdoor admiration! Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

MARINE SCIENCE

Oceans cover the majority of our planet, and yet they are such a mystery! What weird and wonderful creatures live there, what are its zones, why is the water salty, and just how deep do they go? How can we do our part to protect and conserve this special habitat? Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

PACK YOUR BAGS!

Cost: $585

2 WEEK COHORT: IMAGINE THAT! WEEK 2

See description on previous page.

Seekers: K & Grade 1

WEEK 3: JULY 6–10

Camp hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

BACKYARD EXPLORERS: A PACIFIC NORTHWEST NATURE CAMP

This outdoor adventure camp invites students to become nature explorers as they investigate the world right outside their classroom doors. Campers will roam OES outdoor spaces through guided nature walks, discovery games, and wilderness-inspired art and building projects. Using scavenger hunts, wildlife observations, and hands-on exploration, students will ask questions, make discoveries, and connect with the unique colors, plants, and animals of the Pacific Northwest. Each day sparks curiosity, creativity, and a deeper love for our natural world. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

WHY WE MOVE?

In this vibrant camp, children will discover why we dance, groove, and move? Through guided improvisation, rhythm awareness games, and expressive movement activities campers will explore dance as: storytelling, emotion, and exploration. From Ballet to Flamenco and Bata to Hip-Hop, they will study how cultures use movement to connect and communicate. Creative exploration like animal movement studies and prop exploration will also help dancers to find joy and curiosity with every step. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $585

DINO CAMP

We all become junior paleontologists this week as we investigate how dinosaurs teach us about the past. Explore volcanoes, real fossils, what makes a carnivore or an herbivore, just how big was the biggest dinosaur, and where did they all go? Campers will build relationships and confidence as we work together to inquire, discover, and connect our ideas to the natural world through art, science, games, and more! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

WHAT IF... WE TRY IT?

What happens if we mix this? Will it sink... or float? What if we build it even taller? At this hands-on science camp, campers dive into big questions through playful experiments, creative building, and lots of "let's try it and see!" moments. With simple materials and big imaginations, campers will make predictions, test their ideas, and discover how real scientists think. This camp is all about curiosity, confidence, and having fun with science—because science isn't just facts and formulas, it's exploring, experimenting, and seeing what happens next! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

2 WEEK COHORT: CREATURES OF THE LAND AND SEA WEEK 1

From the massive to the miniscule, we will spend a week diving below the surface of the waves to study the creatures of the deep, and then another week exploring the mammals and insects that share the earth with us. From spectacular habitats to individual adaptations, we will explore what makes each creature unique! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $1170 for 2-week camp

Seekers: K & Grade 1

WEEK 4: JULY 13–17

Camp hours: 7:45 a.m.–5 p.m.
Extended Care available: 5-6 p.m. for $50/week

HAPPY HABITATS

As the seasons change, our woods and wetlands invite us to explore! In this camp, campers will spend time outdoors discovering native animals and the special features that help them grow, survive, and thrive. Campers will also learn about native plants and how they work together with animals in nature. Through hands-on exploration, children will discover animal life cycles, behaviors, and adaptations that help animals find food, stay safe, and live in their habitats. They'll observe how plants provide food, shelter, and homes for wildlife, and how animals help plants by spreading seeds and pollinating flowers. Nature walks, stories, close-up discoveries, and creative art projects will show campers how plants and animals grow, change, and adapt with the seasons. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

FANTASY

Dragons, fairies, mermaids, griffins- this week you can be anything! Art, dress up, skits, props, and music will help bring your student's imagination to life. Become a witch or wizard and brew up a potion, then follow your map to a pirate's buried treasure! Students will collaborate to plan and execute an expedition to the woods in search of the famed OES garden gnomes. Join us for a fun, creative camp where young performers explore acting, movement, voice and storytelling. Campers will build self confidence and teamwork skills through games, rehearsals and hands-on theater actifvities. At the end of week two our camp wraps up by giving a short performance which will allow campers a chance to celebrate everything they've learned! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

YOUNG SCIENTISTS

In this camp we step into the shoes of scientists and explore the wonders of the world! Each day, we start with real-world inspiration as campers take on the roles of scientists like zoologists and astronauts to solve the day's mysteries.Our campers will ask big questions as they launch into a day of discovery featuring hands-on experiments, creative play and engaging investigations. Our young scientists will ask "why" and "how" as they mix, build, draw and create using a wide variety of materials in their investigations. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

WINTER AROUND THE WORLD

During Winter Around the World campers will travel through the world via cold-weather traditions. We will explore holidays including Hanukkah, Christmas, Kwanzaa, Winter Solstice, and Las Posadas. Through stories, songs, and crafts inspired by global celebrations; we will discover the many ways that people bring joy into their lives during the winter months. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

2 WEEK COHORT: CREATURES OF THE LAND AND SEA WEEK 2

See description on previous page.

Seekers: K & Grade 1

WEEK 5: JULY 20–24

Camp hours: 7:45 a.m.–5 p.m.
Extended Care available: 5–6 p.m. for $50/week

CRITTER WONDERS

Critter Wonders Camp is a place to learn about the outdoors, explore, and make memories! We invite young adventurers to become nature explorers, discovering the animals, plants, and habitats all around them. Campers will track animals, watch birds and pollinators, explore ponds and wetlands, and learn about local amphibians, mammals, and birds, all through hands-on observation and exploration. Each full day includes a mix of activities designed to spark curiosity and fun: small group opening and closing circles, skits, and storytelling. Children will hike and explore with peers, enjoy snacks along the trail, create open-ended nature-inspired art and crafts, and participate in silly games, team-building activities, and casual conversations to build community. Through outdoor adventures, creative projects, and playful learning, campers will discover how plants and animals live, grow, and adapt while making friends and memories in the great outdoors!
Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

LET'S MAKE A SHOW!

Calling all performers! This camp is a place for you to shine! In 'Let's Make a Show' week campers will combine dance, acting, and music to contribute to a multi-age group theater performance. Young performers will play theater and improv games, act out various scenes, and explore dance within the genre of musical theater. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

BUG SQUAD

Calling all curious campers! Dive into the world of entemology and discover the wonders of a bug's life. Campers will explore insect habitats, life cycles, and adaptations as we connect our ideas to the natural world. Join us to flip some logs, build a bug hotel, examine aquatic insects and more as we learn about the important relationship between humans and insects. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

BUILDING BUDDIES

Building Buddies invites young learners to explore, create, and build together! During this week-long camp, campers experiment with simple machines and structures like ramps, wheels, levers, and pulleys. Through playful, hands-on projects, students develop teamwork, problem-solving skills, and confidence as builders and thinkers. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

STORY EXPLORERS

Step into a world where stories come to life! In this creative laboratory, young readers explore the magic of storytelling through imagination and hands-on making. Inspired by a treasure trove of books, we'll dive deep into story elements experimenting with Readers Theater, puppetry and creative and collaborative writing. This is a week of playful exploration where every voice is lifted, every character has a home and story ignites an adventure. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

Seekers: K & Grade 1

WEEK 6: JULY 27–31

Camp hours: 7:45 a.m.–5 p.m.
Extended Care available: 5–6 p.m. for $50/week

NATURE WONDERLAB

Get ready for a nature adventure! Join us as we explore the wildlife around OES and become nature detectives. We'll search for clues animals leave behind, like tracks, feathers, and other signs of life, and take a close-up look at amazing items from our naturalist's backpack. These hands-on discoveries may include skulls, pelts, owl pellets, and even animal scat! This camp helps young children build curiosity, observation skills, and a love for the outdoors through guided exploration, play and learn about the natural world together. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

CRITTER CLUB

From the depths of the oceans to the wilds of Africa, to the animals we keep as pets or see living on campus, amazing and intriguing critters are everywhere! Join us as we use art, science, games and more to discover, inquire, and connect our ideas to the natural world. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585

BUILDING OUR WORLD

This exciting STEM-focused summer camp invites students to become young builders, designers, and problem-solvers! Campers will work together to imagine and create small-scale scenes, using hands-on materials to design buildings, roads, parks, and community spaces. Through guided collaboration and creative play, students will explore early engineering concepts, and simple design thinking. Campers will learn how to share ideas, plan together, and bring their visions to life as a team. With plenty of opportunities for building, experimenting, and storytelling, this camp encourages curiosity, cooperation, and confidence—while making learning fun! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

ARTVENTURES ABROAD

Join us for a creative journey in ARTventures Abroad! This week we will explore inspired art traditions from every corner of the world, enjoying the materials and methods that make them so special! Whether folding Japanese origami or layering an Italian fresco, our young Artventurers dive deep into the world's traditions. Each day's destination is a sensory-rich exploration where art becomes the gateway to understanding people and their culture. Get ready to be fully immersed and see the world through the eyes of an ARTventurer! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

BE MY BEAR: TEDDY BEAR PICNIC

Join us for a week of cozy, creative fun at Be My Bear: Teddy Bear Picnic! This is a camp all about imagination and friendship. Campers will design and hand-sew small stuffies, then help plan and live out a small tea party for them to enjoy with their cuddly creations. Be My Bear is truly a camp to live out with a beloved stuffed animal friend! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585

Seekers Afternoon Enrichments

To expand our K-1 students summer experiences, healthy risk taking, and easy inquiry classes rotate through one station a day from 3-4 p.m. Please find descriptions of our specials below.

THE LAB
Students will find their way through the wonders of beginning engineering, hands on chemistry, states of matter and more in this experientially focused afternoon activity that brings the scientist out in everyone.

MAKERSPACE
At the heart of every question is an answer. Inquiry is a foundational learning principal of OES and here in Makerspace students will have open exploration to developmentally appropriate stations the drive inquiry, creativity, leadership, teamwork, and autonomy skills. The key is - they just think they're having fun!

ARTS & CRAFTS
Students openly explore textiles, air dry clay, painting, and paper through project examples or their own artistic imagination and flare.

NATURE EXPLORATION
With 59 acres to explore, including two learning gardens, a tree grove, wetlands, and open field areas students will have the opportunity to look up, down, underneath, and all around in outdoor education activities. Like other afternoon environments, nature exploration is student driven and station based, allowing for a whole range of interests to be met in the beauty of the outdoors.

FUN FRIDAY
Every Friday our campus opens to families for in class celebrations, performances on stage, and assemblies filled with students sharing. Times and locations will be shared weekly.

Discoverers 1: Grade 2 & 3

Whether your camper is ready to discover a whole new world of wonder through brand new experiences or is ready to discover how much more there is to know about their favorite thing our Discover 1 program brings opportunities for everyone who is a rising second or third grader. Developmentally focused and inquiry-based, these student-centered programs allow kids to find out how fun Art, STEM, Movement/Athletics, or Nature/Outdoors are while building imperative respect for one another in inclusive group settings.

On campus classes spend two-thirds of the day in their class structure and the last one-third exploring enrichment activities (unless you are registered for a class with a field trip). These classes are intended for rising second and third graders.

Freshly prepared lunch and healthy snacks available every day.

WEEK 1: JUNE 22–26

CAMP BIRD BATTLERS & POLLINATOR QUEST: "GOTTA FIND THEM ALL—IN THE WILD!"

This outdoor summer camp turns birding and pollinator science into an exciting real-world adventure inspired by games like Pokémon Go. Campers become "Junior Nature Trainers," exploring meadows, gardens, and forest edges to find and observe native Oregon birds and pollinators. Instead of catching creatures, kids learn to identify them, discover their special "powers" (like pollination or seed spreading), learn what they eat, and where they live. Through guided exploration, games, crafts, and hands-on science, children build observation skills, curiosity, and respect for wildlife while moving their bodies, working together, and having a whole lot of fun outdoors. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

RUN, JUMP, THROW

Run, Jump, Throw Track & Field Camp is a fun and active way for young athletes to move, play, and build confidence while getting higher, faster, and stronger. Campers will be introduced to a variety of track and field events such as sprints, relays, jumps, and throws, all on the newly constructed OES track facilities. Each day includes age-appropriate drills, games, and activities that help campers learn proper techniques in an encouraging environment. Campers receive a journal to track their progress, chance to design a singlet and craft a medal. They will also learn about the history of track and field and discover some of the sport's greatest athletes. The week wraps up with a mini track meet on Friday, giving every camper the chance to participate in each event, set personal records, and cheer on friends and teammates. This camp emphasizes fun, safety, teamwork, and effort, helping campers feel proud of trying new skills and supporting one another along the way. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 1: Grade 2 & 3

WEEK 1: JUNE 22–26 *CONTINUED*

YOUNG EXPLORERS: SCIENCE IN THE WILD

This outdoor adventure STEM campm focuses on hands on STEM challenges and activities, exciting young minds to the world around them. Exploring STEM and the outdoors through classroom activities and the 50+ OES acre campus, students will understand different aspects of STEM and growing they love for science and nature! Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

JOIN THE CIRCUS!

Experience the excitement of Circus Camp, where participants explore clowning, acrobatics, and creative circus arts in a supportive and engaging environment. Using a variety of circus equipment—including stilts, balance boards, juggling props, and poi—campers will develop motor skills, coordination, and body awareness. Partner balancing and group activities encourage teamwork, trust, and creative expression. Our program is designed to build confidence, inspire personal growth, and provide a fun, safe space where participants can discover new abilities and enjoy the magic of circus arts. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

JUNIOR ENGINEERS

Junior Engineers Camp is a hands-on adventure where imagination meets innovation! Campers will explore engineering concepts through hands-on projects as they design and construct schools, houses, bridges, cars, and more. With teamwork, creativity, and problem-solving at the core, campers will turn ideas into working designs while learning how engineers shape the world around us! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 1: Grade 2 & 3

WEEK 2: JUNE 29–JULY 3

NATURE DETECTIVES

Join us as we explore the wildlife around OES and become true Nature Detectives! Campers will investigate the hidden world of animals by searching for clues they leave behind—tracks in the dirt, feathers on the ground, chewed seeds, and other signs of life. Using observation skills just like real scientists, campers will learn how to read these clues to uncover who's been visiting our forests, fields, and streams. Each day, campers will get a close-up look inside our naturalist's backpack, filled with fascinating real-world discoveries. Hands-on investigations may include examining animal skulls, pelts, owl pellets, and even animal scat (don't worry—safely handled!). Through games, guided hikes, nature journaling, and creative projects, campers will sharpen their detective skills while building curiosity and respect for the natural world. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m.
for $50/week

INVENT, EXPLORE, DISCOVER!

This STEM Discovery Camp is a hands-on, high-energy experience designed for curious 2nd and 3rd graders who love to build, explore, and experiment. Campers will dive into fun science investigations, creative engineering challenges, and exciting problem-solving activities each day. Throughout the week, we'll take learning outdoors with nature-based experiments, motion challenges, and interactive STEM games in the fresh air. Kids will strengthen teamwork, critical thinking, and creativity — all while having an unforgettable summer adventure in science and discovery. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m.
for $50/week

STORYBOOK ART

Join Storybook Art Camp for a fun week of read-alouds and crafts! Each day, we will read 1-2 picture books, as a camp. The books themselves will then inspire our art projects! We will discover and practice different art styles & themes, and of course have lots of fun! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m.
for $50/week

SERVE IT UP TENNIS!

Campers will be introduced to tennis through fun, engaging movement and skill-building activities designed to meet players at all levels. Campers will practice basic tennis skills such as swinging, serving, rallying, footwork, and simple strategy while building coordination, confidence, and sportsmanship. Classes include creative games, friendly rallies, and cooperative challenges that encourage teamwork, active play, and new friendships. It's a great way for students to stay active, learn a new sport, and enjoy a fun-filled summer on the court. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m.
for $50/week

JOIN THE CIRCUS

Experience the excitement of Circus Camp, where participants explore clowning, acrobatics, and creative circus arts in a supportive and engaging environment. Using a variety of circus equipment—including stilts, balance boards, juggling props, and poi—campers will develop motor skills, coordination, and body awareness. Partner balancing and group activities encourage teamwork, trust, and creative expression. Our program is designed to build confidence, inspire personal growth, and provide a fun, safe space where participants can discover new abilities and enjoy the magic of circus arts. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m.
for $50/week

Discoverers 1: Grade 2 & 3

WEEK 3: JULY 6–10

CAMP WILD CRITTERS

As the seasons change, our woods and wetlands invite us to explore! In Camp Wild Critters, campers become nature detectives, discovering native animals and plants and the amazing features that help them grow, survive, and thrive. Through hands-on outdoor exploration, children will learn about animal life cycles, behaviors, and adaptations that help animals find food, stay safe, and live in their habitats. Campers will also explore native plants and how they work together with animals—providing food, shelter, and homes, while animals help plants by spreading seeds and pollinating flowers. Nature walks, storytelling, close-up discoveries, and creative art projects help campers understand how plants and animals grow, change, and adapt with the seasons. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

RUN, JUMP, THROW

Run, Jump, Throw Track & Field Camp is a fun and active way for young athletes to move, play, and build confidence while getting higher, faster, and stronger. Campers will be introduced to a variety of track and field events such as sprints, relays, jumps, and throws, all on the newly constructed OES track facilities. Each day includes age-appropriate drills, games, and activities that help campers learn proper techniques in an encouraging environment. Campers receive a journal to track their progress, chance to design a singlet and craft a medal. They will also learn about the history of track and field and discover some of the sport's greatest athletes. The week wraps up with a mini track meet on Friday, giving every camper the chance to participate in each event, set personal records, and cheer on friends and teammates. This camp emphasizes fun, safety, teamwork, and effort, helping campers feel proud of trying new skills and supporting one another along the way. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

WILD WONDERS & STUDIO SPIRITS: AN ARTIST-EXPLORER ADVENTURE

Calling all 2nd and 3rd graders for a week of outdoor discovery and hands-on art. We'll be heading into the forest to find inspiration for our studio projects, focusing on the fascinating world of local animals and insects. Our days are split between the trail and the craft table: you'll hunt for forest textures to create detailed insect rubbings, weave with natural materials, and build "skeletal" wire-and-tissue sculptures of the creatures we find. We'll even explore the science of flight by building custom kites and get our hands messy sculpting clay animals inspired by our local wetlands. It's a busy week of observing, building, and creating—perfect for kids who love to explore the wild side of art..
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

ENTREPRENEURS OF THE FUTURE

Let's create together! This week, campers will design a product with recycled and repurposed materials. Campers will then construct a small business by creating, advertising, and selling their product. This course will challenge campers to explore their creativity, collaborate with others, and learn the skills needed to start a small business. Over the course of this week, campers will gain an appreication for their own ingenuity and will be inspired by others through guided innovation, teamwork, and play-based inquiry. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

2 WEEK COHORT: PICK A SCENE, PICK A SONG, EVERYBODY "PLAY" ALONG!

WEEK 1

Join us for a fun, creative camp where young performers explore acting, movement, voice and storytelling. Campers will build self confidence and teamwork skills through games, rehearsals and hands-on theater actifvities. At the end of week two our camp wraps up by giving a short performance which will allow campers a chance to celebrate everything they've learned!. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $1,170 for 2-week camp
Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 1: Grade 2 & 3

WEEK 4: JULY 13–17

BENEATH OREGON SKIES
Beneath Oregon Skies invites campers to explore a different Oregon destination each day through guided hikes and outdoor adventures. From forested trails to rushing waterfalls and peaceful rivers, this camp is perfect for kids ready to explore the great outdoors. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $750 | Hours: 7:45 a.m.–5 p.m.

Additional costs cover transportation fees.
Extended Care available: 5–6 p.m. for $50/week

WILD & WACKY ART MAKERS
In this imaginative art camp, students will dive into creative experimentation and bold self-expression. Campers will explore color, texture, and form by painting with unexpected tools, building sculptures from recycled and found materials, and trying mixed-media techniques. They'll draw inspiration from famous artists and art styles, then put their own twist on those ideas through storytelling, nature-based art, and collaborative projects. From messy masterpieces to thoughtful designs, this camp celebrates creativity, curiosity, and artistic risk-taking. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585 | Hours: 7:45 a.m.–5 p.m.
Extended Care available: 5–6 p.m. for $50/week

SERVE IT UP TENNIS!
Students in grades 2–5 will be introduced to tennis through fun, engaging movement and skill-building activities designed to meet players at all levels. Campers will practice basic tennis skills such as swinging, serving, rallying, footwork, and simple strategy while building coordination, confidence, and sportsmanship. Classes include creative games, friendly rallies, and cooperative challenges that encourage teamwork, active play, and new friendships. It's a great way for students to stay active, learn a new sport, and enjoy a fun-filled summer on the court. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $585 | Hours: 7:45 a.m.–5 p.m.
Extended Care available: 5–6 p.m. for $50/week

BUILD IT!
In this hands-on STEM camp, young engineers roll up their sleeves and start building! Campers explore the basics of engineering and design through fun, age-appropriate challenges—like constructing bridges, towers, vehicles, and simple machines. Using everyday materials, and kid-friendly tools, students learn how to plan, test, improve, and rebuild their ideas. Along the way, campers practice teamwork, creative problem-solving, and critical thinking while discovering that mistakes are just part of the engineering process. Each day brings a new building challenge that encourages curiosity, confidence, and big imagination. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585 | Hours: 7:45 a.m.–5 p.m.
Extended Care available: 5–6 p.m. for $50/week

2 WEEK COHORT: PICK A SCENE, PICK A SONG, EVERYBODY "PLAY" ALONG! WEEK 2
See description on previous page.

Discoverers 1: Grade 2 & 3

WEEK 5: JULY 20–24

BENEATH OREGON SKIES

Beneath Oregon Skies invites campers to explore a different Oregon destination each day through guided hikes and outdoor adventures. From forested trails to rushing waterfalls and peaceful rivers, this camp is perfect for kids ready to explore the great outdoors. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $750 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

THE IMAGINATION STUDIO

The Imagination Studio: Where ideas come to life! Step into a studio where creativity leads the way. Campers will explore a range of visual art materials and techniques throughout the week, including painting, drawing, sculpting, and building. Each day offers a new creative focus, providing clear direction while still allowing space for personal ideas and imaginative design. With guidance and encouragement from instructors, campers will plan, create, and refine original artworks, learning to trust their ideas in a supportive studio environment. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

THE THEATER! THE THEATER!

Our Theatre Camp is a fun, high-energy experience where young performers get to explore the magic of the stage! This camp focuses on building confidence through acting, movement, voice, and creative play. Campers will learn basic performance skills, work together in fun theatre games, and practice bringing characters and stories to life. The week ends with a short performance where students can proudly show off what they've learned in a supportive, encouraging environment. No prior experience needed—just imagination, enthusiasm, and a love for having fun! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

INDOOR ROCK CLIMBING

In Rock Climbing, students will join professional rock climbing instructors from our community partner, Synergo, and every day to learn climbing safety and fundamentals through curated topics, skills, body awareness and usage. Over the course of the week students will work in their group utilizing our two climbing walls and one bouldering wall, building their teamwork, confidence, and character while having fun. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

SLIME ENTREPRENEURS

Welcome to Slime Entrepreneurs, where creativity meets student-centered business fun! Campers will become slime scientists and young entrepreneurs as they design, create, and customize their own slimes using different colors, textures, scents, and add-ins. Along the way, they'll pick names for their slime creations, design labels and packaging, set prices, and as a final project, pitch their products. This hands-on camp blends visual arts, sensory play, and basic entrepreneurship skills. Campers will leave with their slime creations and a taste of what it's like to run their own mini slime business! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Field Trip Off Campus

Discoverers 1: Grade 2 & 3

WEEK 6: JULY 27–31

LET'S MAKE A MUSEUM!

Let's make a museum together! Join us in a week of art exploration where campers will get to try out a variety of ways to make art from painting to sculpture. Each day we'll step into the shoes of a different famous artist, learn about their techniques, then create our own original works of art. Our classroom will gradually transform into a curated gallery, and by the end of the week, campers will proudly present their creations in a museum-style exhibit where they can walk through and celebrate their art on display! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

INDOOR ROCK CLIMBING

In Rock Climbing, students will join professional rock climbing instructors from our community partner, Synergo, and every day to learn climbing safety and fundamentals through curated topics, skills, body awareness and usage. Over the course of the week students will work in their group utilizing our two climbing walls and one bouldering wall, building their teamwork, confidence, and character while having fun. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

GOGGLES: CHECK!

Goggles, Check sparks curiosity through hands-on experiments and daily discoveries. Campers explore chemistry, physics, and more while learning how real scientists ask questions, test ideas, and learn from results—all while having tons of fun. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

PORTLAND PATHS & PLACES

Spend a week using Portland as a learning landscape through off-campus experiences. We will explore local parks, trails, and neighborhoods while practicing navigation, observation, and basic outdoor skills. Activities emphasize curiosity, movement, and how people, nature, and places connect across the city. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $750 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

MISSION: STEM POSSIBLE

This camp is all about exploring, experimenting, and building through playful, hands-on activities. With lots of discovery, imagination, and excitement, campers will learn by doing and have a blast while exploring the world of STEM. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 1 Afternoon Enrichments

To expand our 2-3 students summer experiences, healthy risk taking, and easy inquiry classes rotate through one special a day from 2:30-4 p.m. Please find descriptions of our specials below.

THE LAB
Students will find their way through the wonders of beginning engineering, hands on chemistry, states of matter and more in this experientially focused afternoon activity.

MAKERSPACE
At the heart of every question is an answer. Inquiry is a foundational learning principal of OES and here in Makerspace students will have open exploration to developmentally appropriate stations the drive inquiry, creativity, leadership, teamwork, and autonomy skills. The key is - they just think they're having fun!

ART STUDIO
Students openly studio art through textiles, paper craft, a variety of painting mediums, clay and ceramics, and mixed media. While examples of art practices will be shared, students are encouraged to explore their own techniques and processes during this 90 minutes.

NATURE EXPLORERS
With 59 acres to explore, including two learning gardens, a tree grove, wetlands, and open field areas students will have the opportunity to look up, down, underneath, and all around in outdoor education activities. Like other afternoon environments, nature exploration is student driven and station based, allowing for a whole range of interests to be met in the beauty of the outdoors.

FUN FRIDAY
Every Friday our campus opens to families for in class celebrations, performances on stage, and assemblies filled with students sharing. Times and locations will be shared weekly.

Discoverers 2: Grade 4 & 5

Whether your camper is ready to discover a whole new world of wonder through brand new experiences or is ready to discover how much more there is to know about their favorite thing our Discoverers 2 program brings opportunities for everyone. These formalized classes across are particularly created for rising fourth and fifth graders. Developmentally focused and inquiry-based, these student-centered programs allow kids to find out how fun Art, STEM, Movement/Athletics, or Nature/ Outdoors are while scaffolding skills and imperative respect for one another in inclusive group settings.

In this 4th/5th program students will register for a workshop for their afternoons to create a dream summer program day. Please read more about those on the workshops page found at the end of these weekly offering pages.

Classes spend two-thirds of the day in their individualized class structure and the last one-third will have the opportunity to co-mingle with other classes through educator facilitated activities that build inquiry and social skills. These classes are intended for rising fourth and fifth graders.

Freshly prepared lunch and healthy snacks available every day.

WEEK 1: JUNE 22–26

SERVE IT UP TENNIS!

Students will be introduced to tennis through fun, engaging movement and skill-building activities designed to meet players at all levels. Campers will practice basic tennis skills such as swinging, serving, rallying, footwork, and simple strategy while building coordination, confidence, and sportsmanship. Classes include creative games, friendly rallies, and cooperative challenges that encourage teamwork, active play, and new friendships. It's a great way for students to stay active, learn a new sport, and enjoy a fun-filled summer on the court. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

CITY BUILDERS: QUADRANT QUANDARY

Welcome to City Builders, where the only limits are your imaginations, and our supplies of cardboard and hot glue. In this camp, we'll be designing a city from the ground up. After splitting into groups, we'll each take a quadrant to develop. Just like in Portland, these ares will develop their own unique identities. Maybe your area is under water? Maybe it's filled with kittens? However, the city government is seeking ways to develop our infrastructure. The groups will compete in exciting build challenges to provide the best idea possible, and receive prestige. No matter who wins, we all succeed, so come help us build the best city ever in City Builders. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

THE GREAT FAIRY GARDEN ADVENTURE

Step into a world of wonder as campers wander through gardens, gathering twigs, petals, stones, and moss to create magical fairy houses tucked into nature's hidden corners. With imagination as their guide, children will explore, build, and play in a whimsical outdoor world where tiny doors, secret paths, and fairy magic come to life. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.

Cost: $685 | Hours: 7:45 a.m.-5 p.m.
Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 2: Grade 4 & 5

WEEK 2: JUNE 29–JULY 3

YOU'RE IN YOUR ELEMENT!

This week-long art camp invites young artists to explore the foundational elements of art, including color, line, shape, texture, and more! Campers will explore a variety of materials and mediums, discover inspiring artists, and follow their curiosity as they create art. This camp will offer a mix of technique and open-ended exploration. This camp encourages imagination, confidence, and a deeper love of making art. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $685 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available:
5-6 p.m. for $50/week

RUN, JUMP, THROW

Run, Jump, Throw Track & Field Camp is a fun and active way for young athletes to move, play, and build confidence while getting higher, faster, and stronger. Campers will be introduced to a variety of track and field events such as sprints, relays, jumps, and throws, all on the newly constructed OES track facilities. Each day includes age-appropriate drills, games, and activities that help campers learn proper techniques in an encouraging environment. Campers receive a journal to track their progress, chance to design a singlet and craft a medal. They will also learn about the history of track and field and discover some of the sport's greatest athletes. The week wraps up with a mini track meet on Friday, giving every camper the chance to participate in each event, set personal records, and cheer on friends and teammates. This camp emphasizes fun, safety, teamwork, and effort, helping campers feel proud of trying new skills and supporting one another along the way. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

DUNGEONS AND DRAGONS: ONWARD AND UPWARD

Come test your might in our world of swords, sorcery, and sheer dumb luck. In Dungeons and Dragons, we will create characters, build worlds, go on adventures, destroy those worlds, regret our choices, find a bunch of treasure, and live like royals. Welcome to our world of pure imagination, where the only missing ingredient in our recipe of success is you. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

"I SPY" ADVENTURE

Campers will turn into curious explorers as they head outdoors to search, spot, and collect inspiration for their very own I Spy books. Through playful adventures in nature, they'll sharpen their observation skills while capturing the magic of discovery on every page. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.

Cost: $685 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available:
5-6 p.m. for $50/week

INDOOR ROCK CLIMBING

In Rock Climbing, students will join professional rock climbing instructors from our community partner, Synergo, and every day to learn climbing safety and fundamentals through curated topics, skills, body awareness and usage. Over the course of the week students will work in their group utilizing our two climbing walls and one bouldering wall, building their teamwork, confidence, and character while having fun. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Field Trip Off Campus

Discoverers 2: Grade 4 & 5

WEEK 3: JULY 6–10

TRAIL TREKKERS HIKING

Trail Trekkers is an outdoor adventure camp designed for 4th and 5th graders who are ready to explore the world one step at a time. Campers will enjoy guided hikes, nature discovery activities, trail games, and team challenges that build confidence, curiosity, and a love for the outdoors. Along the way, they'll learn how to observe wildlife, recognize natural landmarks, and work together on the trail. This camp is all about fresh air, friendship, and unforgettable summer adventures in nature. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $750 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available:
5-6 p.m. for $50/week

BEYOND THE FRAME: AN IMMERSIVE ARTIST EXPERIENCE

What does it actually feel like to stand in the shoes of a world-renowned artist? This week, we're moving beyond the frame to explore the lives and techniques of modern icons. We'll dive into a different creative world each day, drawing inspiration from a rotating gallery of masters—from the energetic street art of Keith Haring to the immersive, patterned worlds of Yayoi Kusama and the bold, textured portraiture of Mickalene Thomas. This isn't just a studio class; it's an immersive experience. Using music, movement, and a mix of dynamic materials, we will explore how these creators used their unique voices to make an impact. The journey includes a field trip to the Portland Art Museum to see the real deal in person and discover even more artists who have shaped the world of visual and performing arts. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $685 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available:
5-6 p.m. for $50/week

SERVE IT UP TENNIS!

Students will be introduced to tennis through fun, engaging movement and skill-building activities designed to meet players at all levels. Campers will practice basic tennis skills such as swinging, serving, rallying, footwork, and simple strategy while building coordination, confidence, and sportsmanship. Classes include creative games, friendly rallies, and cooperative challenges that encourage teamwork, active play, and new friendships. It's a great way for students to stay active, learn a new sport, and enjoy a fun-filled summer on the court. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

MADLIB STORIES

Words are fun to play with. Change a verb, and suddenly "my cat is on the house" turns into "my cat rules the house." In this camp, we'll be playing with words. Can we use different roots to create things that have never been? Can we create silly stories that work with whatever we throw at them? Could we even create story sections that we can mix and match? Imagine a world where Jack goes up the beanstalk, blows the giant's house down, and then defeats Voldemort at Hogwarts. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 2: Grade 4 & 5

WEEK 4: JULY 13–17

FIELD SCIENTISTS & OUTDOOR ENGINEERS

This STEM & Outdoor Adventure Camp invites 4th and 5th graders to explore, build, and discover through hands-on challenges in the great outdoors. Campers will take part in creative problem-solving activities, team engineering projects, and interactive science investigations that bring learning to life. Each day blends movement, exploration, and innovation, encouraging kids to think critically while staying active. It's the perfect mix of curiosity, teamwork, and summer adventure. Our camp is rooted in a commitment to sustainability, fostering a deep respect for the natural world and a sense of shared responsibility for its care. By modeling thoughtful use of resources and encouraging stewardship, we aim to empower children to see themselves as connected to, and responsible for, the health of the environments they explore, both during camp and beyond.

Cost: $750 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

LETS PLAY!

Let's Play! This weeklong camp for 4th and 5th grade students is all about movement, teamwork, and fun. Campers will experience a wide variety of sports and games designed to keep them active and engaged throughout the week. Activities will include pickleball, pillo polo, scooter games, soccer, frisbee golf, basketball and many more. In addition, campers will have the opportunity to use their creativity by designing and playing their own games with the group. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

2 WEEK COHORT: MATH MINDSET: WEEK 1

Does your child love puzzles and big open ended math problems and patterns? The Math Mindset Summer Camp is a camp where we do math AND explore productive math habits and interactions through really cool open-ended math problems. What do I mean by math habits? What I mean is habits that real mathematicians use in their everyday work. Some examples are: looking for patterns, using different representations of the math (stories, visuals, equations) and connecting them to other representations, thinking about how math works (structure) and paying attention to one's own thinking. Using these habits gives us particular access to the math concepts beyond the procedures we use and allows us to generalize and make sense of these ideas. We will be focused on using the habits of mind in order to think about how we deepen our understanding of math because we are growing different aspects in our brain. This camp is open to any child moving into 4th and 5th grade who is excited to play with mathematical concepts and grow their math habits and ways of working. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.

Cost: $1,170 for 2-week camp
Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

Discoverers 2: Grade 4 & 5

WEEK 5: JULY 20–24

MISSION: STEM POSSIBLE

Get ready to think bigger, build, and explore! This camp invites curious minds to dive into hands-on experiments, creative engineering projects, and exciting challenges that spark problem-solving and teamwork. Campers will explore how things work, test their idea, and design in a fun, supportive environment that encourages creativity and confidence. Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

BASKETBALL

This coed basketball camp for 4th and 5th grade students offers campers the opportunity to build their overall skills and understanding of the game. Each day, campers will participate in a variety of age-appropriate drills, games, and scrimmages focused on developing fundamental basketball skills, teamwork, and confidence on the court. Whether your child is new to basketball or already plays regularly, this camp provides a fun and supportive environment to grow as a player while enjoying time with peers. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

PADDLESPORTS ADVENTURE WITH ENRG KAYAKING

This five-day introductory camp fosters water confidence and self-discovery through kayaking, canoeing, stand-up paddleboarding, and whitewater rafting; No prior experience is required. Our challenge-by-choice curriculum focuses on developing swimming comfort, cultivating a passion for the outdoors, and gaining independence while navigating the Willamette and Clackamas Rivers. Provided by a partnership between eNRG Kayaking and OES experiential education instructors. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.
Cost: $1,100 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

2 WEEK COHORT: PERFORMING ARTS: PICK A SCENE, PICK A SONG, EVERYBODY "PLAY" ALONG WEEK 1

Join us for a fun, creative camp where young performers get to explore acting, movement, voice and storytelling. Week one will introduce campers to acting, movement, voice and storytelling. Young thespians will build self confidence and teamwork skills though games,rehearsals and hands-on theater activities. During week two we will practice the skills we learned in week one, while expanding to include the exploration of creating set designs, costumes, makeup skills and lighting. Our weeks wrap up by giving a short performance which will allow campers a chance to celebrate everything they've learned! Our camp is grounded in the belief that knowledge expands through playful inquiry, where we cultivate the life of the mind, respect for others, and the whole student by connecting questions with joyful student led exploration and discovery.
Cost: $1,170 for 2-week camp
Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

2 WEEK COHORT: MATH MINDSET: WEEK 2

See description on previous page.

Discoverers 2: Grade 4 & 5

WEEK 6: JULY 27–31

TRAIL TREKKERS HIKING

Trail Trekkers is an outdoor adventure camp designed for 4th and 5th graders who are ready to explore the world one step at a time. Campers will enjoy guided hikes, nature discovery activities, trail games, and team challenges that build confidence, curiosity, and a love for the outdoors. Along the way, they'll learn how to observe wildlife, recognize natural landmarks, and work together on the trail. This camp is all about fresh air, friendship, and unforgettable summer adventures in nature. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $750 | Hours: 7:45 a.m.-5 p.m.
Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

RADICAL ROLLERCOASTERS

Come spend the week in the OES design center exploring the science, technology, engineering, and math behind the best ride at the amusement park - the rollercoaster! Utilizing the design thinking process students will work in teams and expand their skills of team ideation, expand into prototypes using upcycled materials, and then of course test their creations. The group will end the week taking a trip to Portland's own amusement park, Oaks Park, to reflect on their creations, process, and connect to a real world experience.

Cost: $685 | Hours: 7:45 a.m.-5 p.m.
Additional costs cover transportation fees.
Extended Care available: 5-6 p.m. for $50/week

THE FLOOR IS LAVA

Throughout the week, campers will participate in a variety of PE-style games designed to keep them active, engaged, and having fun. One of the main activities is Mission Impossible, a cooperative game in which campers must work together to complete a course without touching the floor—because the floor is lava! Campers will also have the chance to collaborate and design their own Mission Impossible courses. Traditional games using scooters, balls, and tag-style activities will round out the daily schedule. The camp focuses on teamwork, movement, creativity, and having tons of fun in a supportive, high-energy environment. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $585 | Hours: 7:45 a.m.-5 p.m.
Extended Care available: 5-6 p.m. for $50/week

2 WEEK COHORT: PERFORMING ARTS: PICK A SCENE, PICK A SONG, EVERYBODY "PLAY" ALONG WEEK 2

See description on previous page.

Middle and High School Trips & Workshops

Our middle school programs are designed specifically with the campers growing desire for freedom, risk taking, and spending time with current and new friends. Each trip or workshop creates an opportunity for students to expand their courage, try new things, share skills, and relax into a summer of fun. **Please ensure to review the times of each camp as end times and extended rec availability will vary.**

Freshly prepared lunch and healthy snacks available every day.

WEEK 1: JUNE 22-26

PADDLESPORTS ADVENTURE WITH ENRG KAYAKING

This five-day introductory camp fosters water confidence and self-discovery through kayaking, canoeing, stand-up paddleboarding, and whitewater rafting; No prior experience is required. Our challenge-by-choice curriculum focuses on developing swimming comfort, cultivating a passion for the outdoors, and gaining independence while navigating the Willamette and Clackamas Rivers. Provided by a partnership between eNRG Kayaking and OES experiential education instructors. Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $1,100 | Hours: 7:45 a.m.-5 p.m.

Additional costs cover transportation fees.

Extended Care available: 5-6 p.m. for $50/week

2 WEEK COHORT: MIRRORBOX THEATER CAMP WEEK 1

Mirrorbox Theatre Camp is a two-week immersive experience where students explore acting and technical theatre before choosing a track and co-creating an original, fully staged production. Actors focus on characterization, voice, identity-based artistry, and physical storytelling. Techies explore script analysis, design concepts, set building, lighting, sound, and cueing using tools like QLab. Along the way, team-building exercises and reflective journaling help students grow creatively and personally. Integrated stage combat and choreography instruction incorporate ensemble trust, confidence, and storytelling through movement. The program culminates in a fully staged, original production—co-created, designed and performed by the students, building confidence, skills, and pride that come from making theatre together.

As a new program to the Summer at OES community 35 sign ups are needed to run this two week cohort.

Cost: $1,170 for 2-week camp
Hours: 7:45 a.m.-4 p.m.
No extended care is available for this program.
Camp for rising 7th-9th graders

Middle and High School Trips & Workshops

WEEK 2: JUNE 29–JULY 3

HIGH ADVENTURE CHALLENGE COURSE AND MORE

Explore the OES high ropes course, low challenges, and team activities and games. Learn skills, grow your confidence, make new friends, and have fun outdoors.

Cost: $750 | Hours: 7:45 a.m.–4 p.m.

Additional costs cover transportation fees.
Extended Care available:
4–6 p.m. for $100/week

PADDLESPORTS ADVENTURE WITH ENRG KAYAKING

This five-day introductory camp fosters water confidence and self-discovery through kayaking, canoeing, stand-up paddleboarding, and whitewater rafting; No prior experience is required. Our challenge-by-choice curriculum focuses on developing swimming comfort, cultivating a passion for the outdoors, and gaining independence while navigating the Willamette and Clackamas Rivers. 2 WEEK COHORT: RECREATIONAL SOCCER WEEK 1

Take your soccer skills to the next level in this fun, fast-paced camp! The focus is on mastering 1v1 situations—dribbling past defenders, creating space, and finishing with confidence. Players will work on clever moves, quick turns, and smart decision-making while testing themselves in real game situations. The camp is packed with lots of small-sided games, including 4v4 matches, mini-tournaments, and World Cup-style competitions. Every session is designed so players are always moving, always involved, and always having fun while improving their skills. If you love taking on defenders, scoring goals, and playing tons of games with friends, this camp is perfect. Get ready to challenge yourself, grow your confidence, and most importantly, have a blast dominating the 1v1! Our camp is rooted in a commitment to the development of resilient, confident individuals by supporting the health and wellness for all students.

Cost: $1,170 for 2-week camp
Hours: 7:45 a.m.–4 p.m.
Extended Care available:
4–6 p.m. for $100/week

2 WEEK COHORT: MIRRORBOX THEATER CAMP WEEK 2

See description on previous page.

WEEK 3: JULY 6–10

HIGH ADVENTURE CHALLENGE COURSE AND MORE

Explore the OES high ropes course, low challenges, and team activities and games. Learn skills, grow your confidence, make new friends, and have fun outdoors.

Cost: $700 | Hours: 7:45 a.m.–4 p.m.

Additional costs cover transportation fees.
Extended Care available:
4–6 p.m. for $100/week

PADDLESPORTS ADVENTURE WITH ENRG KAYAKING
