Costs are per semester and per student, travel times are one way.

Please contact the busing office at busing@iskl.edu.my for information about bus services in your area.

Bus Fee Payments

ISKL uses a third-party contractor for bus services and does not retain any portion of the fees. All fees are for two-way trips in Malaysian Ringgit (RM); one-way transport is 75% of the two-way cost. Partial payments and refunds follow the ISKL Fee Schedule. Semester fees must be paid in advance, and invoices are issued by the ISKL Finance Office. Fees are non-refundable once the service has been used for at least one day. ISKL may adjust fees during the academic year if government fuel surcharges increase.

Routes and Pick-Up/Drop-Off Locations

Pick-up and drop-off points are planned as close to residences as safely possible, considering bus access, traffic, and safe stopping or turning areas. Stops may be at individual homes or building guardhouses. Contact the busing office for route and service area information. Routes are kept under one hour in normal traffic. Additional details are in the school transport agreement and busing website. Routes apply only to the current school year, as future routes depend on new families and locations.

Bus Schedule
