Re: RFP 1948-P, Addendum 1

The following changes and/or additions shall be made to the original Request for Proposal (RFP), Provide Algebra, Functions and Data Analysis (AFDA) Resources/Programs for Secondary Schools

1. Is supplemental software included in this RFP? **No**
2. For Section I, is there a section A? **In Section 1, there is a letter A**
3. Are electronic signatures acceptable? **Yes**
4. Are physical workbooks required? **No**
5. Can you please clarify the location and desired format for the Standards and Curriculum Framework?

- On page 4 (B.12), it says this is attachment 4
- One page 5, part B, in one sentence is says the directions in Attachment 3, and then in the next sentence is says Attachment 4
- Attachment 3 appears, on page 16, to be what we need

Can you please confirm that in places where it references correlation as Attachment 4, it is referring to attachment 3, and not different set of instructions? **Yes, this is correct**
