

JANUARY 2026

BEAR BULLETIN

FROM THE DESK OF MR. DIXON

To our Bridgeland Parents & Guardians:

It's hard to believe we've already crossed the **halfway mark of the school year!** The spring semester is always an exciting time on campus - packed with celebrations, milestones, and opportunities for our Bears to shine. It's also a great reset point for students as they refocus and gear up for a strong finish.

For our underclassmen, this is the perfect moment to boost grades and start planning for next year's courses. **For our seniors**, a touch of "senioritis" may start to creep in as the reality of life after graduation begins to feel more real - but don't worry, we're here to support them every step of the way.

We're committed to helping all our Bears finish the year with pride and purpose. I can't wait to see you at games, banquets, performances, celebrations, and—before we know it—graduation. **Thank you** for your continued partnership and support as we work together to provide the very best learning environment for our students.

Together, we will Win The Day!
Mr. Dixon

PARENT & GUARDIAN COMMUNICATION

Dear Bear Parents and Guardians,

We kindly request your assistance in ensuring the success of our district wide Chromebook Device Check. January 28 students will be shutting down their Chromebooks, restarting them, and logging in to ensure that all necessary updates are installed and to verify the functionality of their devices. Please ensure your student brings their device to school. Your support is greatly appreciated.

CHROMEBOOK CHECK IS JANUARY 28TH. STUDENTS MUST BRING THEIR CHROMEBOOK TO SCHOOL TO ENSURE IT IS UP TO DATE FOR UPCOMING ASSESSMENTS.

7

Key Considerations for Dual Credit Courses

01

ACADEMIC RIGOR

Dual credit classes are real college courses, often with higher expectations, faster pacing, and more independent work than high school classes.

03

DEADLINES

Students and families should pay close attention to all important deadlines—including registration, payment, and course-related deadlines. Lone Star College communicates official deadline information directly to the student's LSC email account. Because of this, students should make it a habit to check their LSC email frequently to avoid missing critical updates.

05

RESPONSIBILITY MATTERS

Dual credit courses require students to stay organized, meet deadlines, and manage their own learning. Being responsible helps ensure success now and in college.

07

LONG-TERM ACADEMIC GOALS

Some degrees or competitive programs prefer AP over dual credit, or vice versa, so students should align choices with future aspirations.

02

MATURITY AND READINESS

Students need strong study skills, self-discipline, and time management since dual credit teachers typically expect college-level responsibility.

04

WORKLOAD BALANCE

Taking on dual credit while juggling extracurriculars, part-time jobs, or health challenges can lead to burnout if not carefully managed.

06

TRANSFERABILITY

Not all colleges accept dual credit courses, or they may only transfer as electives rather than major requirement. Always check with prospective colleges.
