NEW SCHOOL ROME

A LEVELS

- **A-Levels**: the Gold Standard of the British education system for 75 years, internationally recognised and valid for access to all universities, including Italian universities. We are the only school in Rome offering the full range of academic A Levels.
- **Personalised pathway**: students choose 3–4 subjects, studied in depth to build a focused academic profile aligned with their goals.
- **In-depth learning**: compared to other curricula, A Levels prioritise specialisation, developing critical thinking, independence and problem-solving skills.
- **Strong university preparation**: A Levels are widely regarded as excellent preparation for higher academic study. Universities require 3 strong A Levels for entry onto all undergraduate degree courses.
- **Skills for the future**: A Levels develop transferable skills highly valued by universities and employers.

NEW SCHOOL ROME

PRIMARY SCHOOL

- **Learning that engages.** We believe in learning through experience. From complex problem-solving to Outdoor Education on our green campus, we connect the classroom to the real world. Daily contact with nature fosters focus, balance, and environmental awareness.
- **Small Classes, personal impact.** We have about 16 pupils per class, we guarantee the personalised attention necessary for true academic and emotional growth. We prioritise wellbeing and emotional security, helping children build the resilience and social skills they need for the future.
- **International education rooted in Rome.** Inspired by Rome's rich heritage, our Primary School prepares students for an international pathway while grounding them in a strong sense of community. Here, children learn how to think, how to relate, and how to grow.

NEW SCHOOL ROME

A HOLISTIC NURSERY

- "Little Explorers," is a **nature-based Early Years setting** for children aged 3 to 5 that centers its educational focus on a deep human connection to the natural world.
- Its unique provision combines **weekly woodland excursions** and a **forest school fire pit** with a Reggio-inspired indoor classroom specifically designed to foster independence and creativity.
- While following the British EYFS Statutory Framework, the school maintains small class sizes to ensure **personalized attention** and a strong "family community" feeling. Furthermore, the curriculum emphasizes **holistic development** through child-led projects and a **"family-style" lunch** that focuses on healthy eating, conversation, and table etiquette.

NEW SCHOOL ROME

FOOD PROJECT AND CANTEEN

- **Careful attention to special dietary requirements**, supervised by a nutritionist.
- **Fresh meals cooked daily** on site in our own kitchen by our chef.
- **Healthy, safe and high-quality food** using organic, seasonal ingredients from controlled, antibiotic-free supply chains.
- **Special menu every Friday**, rotating between:
  - Grilled Menu – Anglo-Saxon Tradition: A simple and wholesome menu inspired by Anglo-Saxon tradition, highlighting high-quality organic ingredients and light, natural grilling methods that support everyday wellbeing.
  - Colourful Menu: A balanced and vibrant menu designed to encourage healthy eating habits, helping children discover and enjoy a variety of foods and nutrients through colourful, appealing dishes.
  - Green, low environmental impact menu.
  - International menu (celebration of traditional food from another country).

NEW SCHOOL ROME

SPORT

At The New School Rome, the **sports programme plays a key role** in students' overall development, promoting healthy habits, positive values and a balanced approach to learning and wellbeing.

"Sport is not just about physical development, but about building confidence, resilience and teamwork — skills that support students both in and out of the classroom."

-Nicola Williams, Sports Coach
