INSTRUCTIONS/REQUIREMENTS: For School Districts/Joint Agreements

All School Districts/Joint Agreements must complete this form (Note: joint agreement supplementary/statistical schedules may not be applicable)
This form complies with Part 100 (Requirements for Accounting, Budgeting, Financial Reporting, and Auditing).
23. Illinois Administrative Code 100, Subtitle A, Chapter I, Subchapter C (Part 100)

1. **Round all amounts to the nearest dollar.** Do not enter cents. (Exception: 9 Month ADA on PCTC OEPP Tab)

2. **All errors must be explained in the Itemization tab.**
   Any errors left unresolved by the Audit Checklist/Balancing Schedule will result in rejection.

3. **Be sure to break all links in AFR** before submitting to ISBE. If links are not broken, amounts entered have changed when opening the AFR.

4. **Submit AFR Electronically**
   - The Annual Financial Reports (AFR) must be submitted directly through the School District Financial Reports system in IWAS by the auditor (not from the school district) on or before October 15. Please see AFR Instructions for complete submission procedures.
     IWAS
   - AFR supporting documentation must be embedded as Microsoft Word (.doc) or Adobe (*.pdf) and inserted within tab "Opinions & Notes".
     These documents include: The Audit, Management letter, Opinion letters, Compliance letters, Financial notes, etc.
     For embedding instructions see "Opinions & Notes" tab of this form.
     Note: In Windows 7 and above, files can be saved in Adobe Acrobat (.pdf) and embedded even if you do not have the software.*

5. **Submit Paper Copy of AFR with Signatures**
   a) The auditor must send an offiical paper copy of the AFR form (cover through page 9 at minimum) to the School District with the auditor signature.

   b) Upon receipt, the School District signs and retains one copy for their records. The School District provides the township treasurer (if applicable) and the Regional Superintendent's office with a copy no later than October 15, annually.
      Note: Township Treasurers and Regional Superintendents may prefer a complete paper copy in lieu of an electronic file. Please comply with their requests as necessary.
      - Yellow Book, CPE, and Peer Review requirements must be met if the Auditor issues an opinion stating "Governmental Auditing Standards" were utilized.
        Federal Single Audit 2 CFR 200.500

6. **Qualifications of Auditing Firm**
   - School district/joint agreement entities must verify the qualifications of the auditing firm by requesting the most current peer review report and the corresponding acceptance letter from the approved peer review program, for the current peer review period.
   - A school district/joint agreement who engages with an auditing firm who is not licensed and qualified will be required to complete a new audit by a qualified auditing firm at the school district's/joint agreement's expense.

ALL OBJECTS EXCLUDE CAPITAL OUTLAY. With the exception of line 11, enter the disbursements/expenditures included within the following functions charged directly to and reimbursed from federal grant programs. Also, include all amounts paid to or for other employees within each function that work with specific federal grant programs in the same capacity as those charged to and reimbursed from the same federal grant programs. For example, if a district received funding for a Title I clerk, all other salaries for Title I clerks performing like duties in that function must be included. Include any benefits and/or purchased services paid on or to persons whose salaries are classified as direct costs in the function listed.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

1. ***The contract must be coded to one of the combinations listed on the icon below.***
2. ***The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).***
3. ***Only list contracts that were paid over $50,000 for the fiscal year.***

Use the resources to the right to determine if the contract should be listed below.

2	***Instructions: If the Annual Financial Report (AFR) reflects that a Deficit Reduction Plan is required as calculated below, then the school district is to complete the Deficit Reduction Plan in the annual budget and submit the plan to Illinois State Board of Education (ISBE) within 30 days after accepting the audit report. This may require the FY2026 annual budget to be amended to include a Deficit Reduction Plan and narrative.***					
3	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell F11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.					
4	- *If the FY 2026 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.*

Independent Auditor's Report

To the Board of Education
Roselle School District 12
Roselle, IL

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying basic financial statements of Roselle School District 12 (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion section of our report, the accompanying financial statements do not present fairly, the financial position of Roselle School District 12 as of June 30, 2025, or the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of Roselle School District 12 as of June 30, 2025, and respective changes in regulatory basis financial position, and budgetary results for the year then ended in accordance with the financial reporting provisions of prescribed by the Illinois State Board of Education.

Basis for Opinions

Matter Giving Rise to Adverse Opinions on U.S. Generally Accepted Accounting Principles

The basic financial statements are prepared by Roselle School District 12, on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the requirements of the Illinois State Board of Education. The effects on the basic financial statements of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States, although not reasonably determinable, are presumed to be material.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Roselle School District 12 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions prescribed by the Illinois State Board of Education described in Note 1 and for determining that the financial reporting provisions prescribed by the Illinois State Board of Education is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roselle School District 12's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards,* we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Roselle School District 12's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Roselle School District 12's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Schedules as listed in the table of contents on AFR pages 25-35, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the AFR Cover, AFR pages 2-4 and Statistical Section and Other AFR pages 36-47 as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Roselle School District 12's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

WIPFLI

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Education
Roselle School District 12
Roselle, IL

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Roselle School District 12, as of and for the year ended June 30, 2025 and the related notes to the financial statements, which collectively comprise the Roselle School District 12's basic financial statements, and have issued our report thereon dated January 16, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Roselle School District 12's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Roselle School District 12's internal control. Accordingly, we do not express an opinion on the effectiveness of Roselle School District 12's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is reasonable possibility that a material misstatement of Roselle School District 12's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Roselle School District 12's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Roselle School District 12's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Roselle School District 12's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Note 1: Summary of Significant Accounting Policies

Roselle School District 12 (the "District") is governed by an elected Board of Education. The accounting policies of the District conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is described below.

The financial statements include:

- A Management's Discussion and Analysis (MD&A) providing an analysis of the District's overall financial position and results of operations.
- Financial statements prepared using the full-accrual basis of accounting for all the District's activities.
- Fund financial statements that focus on major funds.

Reporting Entity

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. The decision to include or exclude a potential component unit in the reporting entity is made by applying the criteria established by the Governmental Accounting Standards Board (GASB). The definition of a component unit is a legally separate organization for which the District is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The District is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the District. The District also may be financially accountable if an organization is fiscally dependent on the District, regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government or (3) a jointly appointed board. There are no component units, as defined by GASB, which are included in the District's reporting entity. Even though there are local governmental agencies, such as municipalities, libraries and park districts within the geographic area served by the District, these agencies have been excluded from the report because they are legally separate and the District is not financially accountable for them.

The District is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

Fund Accounting

The accounts of the District are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Note 1: Summary of Significant Accounting Policies (Continued)

The following summarizes the fund types used by the District:

Governmental funds include the following fund types:

General Fund - The General Fund, which consists of the legally mandated Educational Account, Operations and Maintenance Account, Tort Immunity Account and Working Cash Account, is used to account for revenues and expenditures, which are used in providing education in the District. It is used to account for all financial resources except those accounted for in other funds.

Educational Account – This account is used for most of the instructional and administrative aspects of the District's operations as well as accounting for the costs of providing school lunch services to students. The revenue consists primarily of local property taxes, state government aid, student registration fees, and investment income.

Operations and Maintenance Account – This account is used for expenditures made for the operation, repair and maintenance of District property. Revenue in this fund consists primarily of local property taxes.

Working Cash Account – This account is used for financial resources held by the District to be used as loans for working capital requirements to any other fund for which taxes are levied. The Working Cash Account was established and has been used to respond to fluctuations in cash flows resulting from unpredictable property tax collections. The earnings of the fund are allowed to be transferred to another fund under Illinois Compiled Statutes. The principal of the fund, accumulated from bond issues, can be used as a source from which the District borrows money to support temporary deficiencies in other funds, or may be partially or fully transferred to the General Fund's Educational Account, upon Board approval.

Special Revenue Funds - Special revenue funds account for the proceeds of specific revenue sources (other than those related to debt service or capital projects) that are legally restricted to expenditures for specified purposes. The District's special revenue funds are the Transportation Fund and the Municipal Retirement/Social Security Fund.

Transportation Fund – This fund accounts for the revenue and expenditures relating to student transportation to and from school. Revenue is derived primarily from local property taxes and state reimbursement grants.

Municipal Retirement/Social Security Fund – This fund accounts for the District's portion of the pension contributions to the Illinois Municipal Retirement Fund for noncertified employees and social security contributions for applicable certified and noncertified employees. Revenue to finance the contributions is derived primarily from local property taxes.

Note 1: Summary of Significant Accounting Policies (Continued)

Debt Service Funds - Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest. Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years should also be reported in debt service funds.

Debt Service Fund - The Debt Service Fund accounts for the accumulation of resources for, and the payment of general long-term debt principal, interest, and related costs. Since there are no legal requirements on bond indentures, which mandate that a separate fund be established for each bond issue, the District maintains one debt service fund for all bond issues.

Capital Projects Funds - Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Capital Projects Fund – The Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of all other major capital facilities.

The District reports the following funds as major governmental funds:

General Fund

Debt Service Fund (elected as major)

Capital Projects Fund (elected as major)

Basis of Presentation

Government-Wide Financial Statements

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. The District's operating activities are all considered "governmental activities", that is, activities normally supported by taxes and intergovernmental revenues. The District has no operating activities that would be considered "business-type activities".

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as general revenues instead.

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Separate financial statements are provided for all governmental funds and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental funds are used to account for the District's general governmental activities. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they are both "measurable and available." "Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after year-end. Revenues collected after 60 days are recorded as unavailable revenue. Expenditures are recorded when the related fund liability is incurred. However, unmatured principal and interest on general long-term debt is recognized when due; and certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes, certain state and federal aid, and interest on investments are susceptible to accrual. Other receipts become measurable and available when cash is received by the District and are recognized as revenue at that time. Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant and accordingly, when such funds are received they are recorded as unearned revenues until earned.

In accordance with GASB Statement No. 24, on-behalf payments (payments made by a third party for the benefit of the District, such as payments made by the state to the Teachers' Retirement System of the State of Illinois (TRS)) have been recognized in the government-wide financial statements.

Unearned Revenue and Deferred Outflows/Inflows of Resources

Deferred inflows of resources and unearned revenue arise when assets are recognized before revenue recognition criteria have been satisfied. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred inflows of resources. Property taxes for which there is an enforceable legal claim as of June 30, 2025, but which were levied to finance fiscal year 2026 operations, have been recorded as deferred inflows of resources. Grants and entitlements received before the eligibility requirements are met are recorded as unearned revenue.

Note 1: Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocation of costs, such as depreciation and amortization are not recognized in governmental funds.

Deposits and Investments

Under Illinois law, the District is restricted to investing funds in specific types of investment instruments. The following generally represents the types of instruments allowable by state law:

- Securities issued or guaranteed by the United States.
- Interest and non-interest bearing accounts of financial institutions insured by the Federal Deposit Insurance Corporation.
- Short-term obligations (less than 180 days) of U.S. corporations with assets over $500,000,000 rated in the three highest classifications by at least two rating agencies.
- Insured accounts of an Illinois credit union chartered under United States or Illinois law.
- Money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same types of obligations.
- Illinois Funds. (A state sponsored investment pool.)
- Repurchase agreements that meet instrument transaction requirements of Illinois law.

Note 1: Summary of Significant Accounting Policies (Continued)

Property Tax Revenues

The District must file its tax levy resolution by the last Tuesday in December of each year. The District's 2024 levy resolution was approved during the December 17, 2024 Board of Education meeting. The District's property tax is levied each year on all taxable real property located in the District, and it becomes a lien on the property on January 1 of that year. The owner of real property on January 1 in any year is liable for taxes of that year. The District's annual property tax levy is subject to two statutory limitations: Individual fund rate ceilings and the Property Tax Extension Limitation Act (PTELA).

The PTELA limitation is applied in the aggregate to the total levy (excluding certain levies for the repayment of debt or other voter referenda provisions). PTELA limits the increase in total taxes billed to the lesser of 5% or the new percentage increase in the Consumer Price Index (CPI) for the preceding year. The amount can be exceeded to the extent there is "new growth" in the District's tax base. The new growth consists of new construction, annexations and tax increment finance district property becoming eligible for taxation.

Property taxes are collected by the County Collector/Treasurer, who remits to the District its share of collections. Taxes levied in one year become due and payable in two equal installments the following year: the first due on June 1 and the second due on September 1 for property located in DuPage County and March 1 and August 1 for Cook County. Property taxes are normally collected by the District within 60 days of the respective installment dates. Due to the allocation method used, individual fund rates for Cook County may exceed the statutory limits; however, the combined extension is limited to the statutory rate limits extended on the combined equalized assessed valuation.

The 2025 property tax levy is recognized as a receivable in fiscal year 2025. The District considers that the first and second installments of the 2025 levy is to be used to finance operations in fiscal year 2025 and has deferred the corresponding receivable and collections.

Personal Property Replacement Taxes

Personal property replacement taxes are first allocated to the Municipal Retirement/Social Security Fund, and the balance is then allocated to the remaining funds at the discretion of the District.

Capital Assets

Capital assets, which include land, buildings, buildings improvements, vehicles, equipment, and construction in progress are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $2,000 for furniture and equipment and $20,000 for buildings and improvements and an estimated life of two years or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets (Continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized. Depreciation of capital assets is provided using the straight-line method over the following estimated useful lives:

	Years
Buildings	40 years
Land improvements	20 years
Equipment and vehicles	5-15 years

Compensated Absences

Employees who work a twelve-month year are entitled to be compensated for vacation time. Noncertified employees must use their accrued vacation time by June 30 of the year after it was earned. Administrative employees may carry over unused vacation days for use through September 1 of the subsequent agreement year, at which no more time than five (5) of these unused vacation days may be carried over for the duration of the subsequent agreement year. The entire liability for unused compensated absences is reported in the government-wide financial statements.

For governmental funds, the current portion of the compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the fund from which the employees who have accumulated vacation leave are paid.

All certified employees receive a specified number of sick days per year depending on their years of service, in accordance with the agreement between the Board of Education and the Education Association. Unused sick leave days accumulate with no limit on the maximum number of days that may be accrued. Upon retirement, if certain conditions are met, the employee may be compensated for unused sick days.

For teachers who submitted notice of intent to retire prior to July 1, 2016, the District will pay the teacher $25 per day for the accrued, unused in-District sick days not used for TRS service credit. This payment will be post-retirement and not included in TRS-creditable earnings.

For teachers who submitted notice of intent to retire after July 1, 2016, within sixty (60) days after a teacher's retirement date or by September 1, whichever is later, the District will pay the teacher a lump sum payment in the amount determined by the "Post-Retirement Payout Formula". In no case will this gross sum payment exceed the total amount of the retirement incentive described above. This payment will be post-retirement and not included in TRS-creditable earnings.

Also upon retirement, a certified employee may apply up to 340 days of unused sick leave towards service credit for TRS.

Due to the nature of the policies on sick leave, and the fact that any liability is contingent upon future events and cannot be reasonably estimated, no liability is provided in the financial statements for accumulated sick leave.

Note 1: Summary of Significant Accounting Policies (Continued)

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are reported as prepaid items in both the government-wide and fund financial statements. Prepaid items are accounted for using the consumption method. They are recognized as an expenditure as they are used.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

For government-wide reporting, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components; net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows of resources and deferred outflows of resources attributable to capital assets and related debts.

At June 30, 2025, the District had the following net investment in capital assets:

Capital assets, net of accumulated depreciation	$ 10,589,345
Unamortized premium	(157,103)
Outstanding balances of debt attributable to capital assets	(8,961,351)
Net investment in capital assets	$ 1,470,891

Restricted net position consists of restricted assets and deferred outflows of resources reduced by the liabilities and deferred inflows of resources related to those assets and deferred outflows of resources, with restriction constraints placed on their use either by external groups, such as creditors, grantors, contributors, or laws and regulations of other governments, or law through constitutional provisions or enabling legislation.

Note 1: Summary of Significant Accounting Policies (Continued)

Net Position (Continued)

Unrestricted net position is the net amount of the assets, deferred outflows of resources, and deferred inflows of resources that does not meet the definition of the two preceding categories.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Pensions

For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF), together "the Plans," and additions to/deductions from the Plans' fiduciary net positions have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits ("OPEB") Obligations

For purposes of measuring the net OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to OPEB, and to OPEB expense, information about the plans' net positions and additions to/deductions from the plans' net positions has been determined on the same basis as they are reported by the plan. For this purpose, OPEB payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Comparative Data

Comparative totals for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the District's financial position and operations.

Eliminations and Reclassifications

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance Classifications

According to governmental accounting standards, fund balances are to be classified into five major classifications; nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance.

Non-spendable: The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

Restricted: The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity, including restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Fund balances of special revenue funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories:

State and federal grants

Proceeds from state and federal grants and the related expenditures have been included in the General Fund and various special revenue funds. At June 30, 2025, expenditures exceeded revenue from state and federal grants, resulting in no restricted balances.

Capital projects funds

Expenditures and the related revenues received are accounted for in the Capital Projects Fund and Fire Prevention and Safety Fund. All equity within these funds is restricted for the associated capital expenditures within these funds.

Committed: The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the school board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

Assigned: The assigned fund balance classification refers to the amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned: The unassigned fund balance classification is the residual classification for amounts in the general operating funds for amounts that have not been restricted, committed, or assigned to specific purposes within the general operating funds.

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance Classifications (Continued)

Unless specifically identified, expenditures disbursed act to reduce restricted fund balances first, then committed fund balances, next assigned fund balances, and finally act to reduce unassigned fund balances. Expenditures disbursed for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Leases

Lessee: The District is a lessee for leases of equipment. The District recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The District recognizes lease liabilities with an initial, individual value of $5,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Note 2: Deposit and Investments

Custodial Credit Risk – Deposits

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

At June 30, 2025, the carrying amount of the District's deposits and investments which include both cash and certificates of deposit totaled $15,889,270 and the bank balances totaled $16,054,231. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of June 30, 2025, $99,902 was uncollateralized.

As of June 30, 2025, the District had the following fair values and investment maturities:

		Investment Maturities (in Years)				
	Fair Value	Less than 1	1 - 5	6 - 10	Percent of Portfolio	Applicable Agency Rating
Illinois School District Liquid Asset Fund Plus (ISDLAF+)	$ 2,015,278	$ 2,015,278	$ -	$ -	100.0 %	N/A
Total investments	$ 2,015,278	$ 2,015,278	$ -	$ -	100.0 %	

The Illinois School District Liquid Asset Fund Plus (ISDLAF+) is an investment pool created and regulated by the Illinois General Assembly. The fair value of the District's investment in ISDLAF+ has been determined using the net asset value (NAV) per share (or its equivalent) of the investments. The NAV of the Liquid Class and MAX Class are determined as of the close of business on each Illinois banking day. The Multi-Class Series invests in high-quality short-term debt instruments (money market instruments), and shares may be redeemed on any Illinois banking day. The Term Series invest in high-quality debt instruments, which are generally money market instruments but may include instruments with a maturity over one year, and shares may be redeemed with seven days' advance notice. There were no known restrictions on redemption of the District's investments as of June 30, 2025.

Interest Rate Risk. The District's investment policy seeks to ensure the preservation of capital in the District's overall portfolio. Return on investment is of secondary importance to safety of principal and liquidity. The policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, the policy requires the District investment portfolio to be sufficiently liquid to enable the District to meet all operating requirements as they come due. A portion of the portfolio is required to be invested in readily available funds to ensure appropriate liquidity.

Credit Risk. The District's investments are rated, as shown above, by the applicable rating agency.

Note 2: Cash and Investments (Continued)

Concentration of Credit Risk. The District places no limit on the amount the District may invest with any one issuer. More than 5 percent of the District's investments are concentrated in specific individual investments. The above table indicates the percentage of each investment to the total investments of the District.

Custodial Credit Risk. With respect to investments, custodial credit risk is the risk that, in the event of failure of the counterparty, the government will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. The District's investment policy limits the exposure to investment custodial credit risk by requiring that all investments be secured by private insurance or collateral.

Foreign Currency Risk. The District held no foreign investments during the fiscal year.

Separate cash and investment accounts are not maintained for all District funds; instead, the individual funds maintain their invested and uninvested balances in the common account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank accounts will incur overdrafts (deficits) in the account. The overdrafts result from expenditures that have been approved by the Board of Education.

Note 3: Capital Assets

Governmental activities capital asset balances and activity for the year ended June 30, 2025, were as follows:

Note 4: Long-Term Debt (Continued)

Long-term debt at June 30, 2025 is comprised of the following:

General Obligation Bonds

June 3, 2015, Taxable General Obligation Limited Tax Bonds, Series 2015 in the original amount of $3,855,000, due in installments varying from $270,000 to $685,000 through 2028, interest rates from 3.00% to 4.10% per annum.

May 3, 2022, Taxable General Obligation Limited Tax Bonds, Series 2022 in the original amount of $1,020,000, due in installments varying from $5,000 to $445,000 through 2031, interest rates from 2.48% to 2.59%.

Annual debt service requirements to maturity for general obligation bonds are as follows for governmental type activities:

Fiscal Year	Principal	Interest	Total
2026	$ 660,000	$ 88,494	$ 748,494
2027	695,000	63,545	758,545

Totals	$ 2,610,000	$ 221,999	$ 2,831,999

The District is subject to the Illinois School Code, which limits the amount of certain indebtedness to 6.9% of the most recent available equalized assessed valuation of the District. As of June 30, 2025, the statutory debt limit for the District was $26,023,346, providing a debt margin of $17,237,611 after taking into account amounts available in the Debt Service Fund.

December 4, 2017, Debt Certificates in the original amount of $8,720,000, due in installments varying from $320,000 to $615,000 through 2037, interest rate from 2.70% to 4.00% per annum.

Note 4: Long-Term Debt (Continued)

At June 30, 2025, the annual debt service requirements to maturity for debt certificates were as follows for governmental activities:

Fiscal Year	Principal	Interest	Total
2026	$ 420,000	$ 216,488	$ 636,488

					$ 161,351	$ 67,472

As of June 30, 2025, the future annual debt service requirements on the outstanding leases are as follows:

Fiscal Year	Principal	Interest	Total
2026	$ 67,472	$ 8,228	$ 75,700
2027	45,769	4,803	50,572
2028	48,110	2,461	50,571
Totals	$ 161,351	$ 15,492	$ 176,843

As of June 30, 2025, $333,615 of capital assets with accumulated amortization of $172,264 had been purchased through these agreements.

Note 5: Employee Retirement Systems

The retirement plans of the District include the Teachers' Retirement System of the State of IL (TRS) and the IL Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. Each retirement system is discussed below.

a. Teachers' Retirement System of the State of Illinois (TRS)

Plan Description

The District participates in the TRS. TRS is a cost-sharing, multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at https://www.trsil.org/financial/acfrs/fy2024; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Note 5: Employee Retirement Systems (Continued)

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2024, was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-behalf contributions to TRS. The State of Illinois makes employer pension contributions on-behalf of the District. For the year ended June 30, 2025, State of IL contributions recognized by the District were based on the State's proportionate share of the pension expense associated with the District, and the District recognized revenue and expenditures of $2,785,539 in pension contributions from the state of Illinois.

2.2 formula contributions. The District contributes 0.58% of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2025 were $33,791, and are deferred because they were paid after the June 30, 2025 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

Note 5: Employee Retirement Systems (Continued)

For the year ended June 30, 2025, the employer pension contribution was 10.34% of salaries paid from federal and special trust funds. For the year ended June 30, 2025, no salaries were paid from the federal and special trust funds and no employer contributions were paid.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2025, the District made no payments to TRS for employer contributions in excess of 6%, and did not make any payment for sick leave days granted in excess of the normal allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District follows below:

District's proportionate share of the net pension liability	$ 451,698
State's proportionate share of the net pension liability associated with the District	37,681,939
Total	$ 38,133,637

The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2025. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2025, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2025, the employer's proportion was 0.0005%, which was the same as its proportion measured as of June 30, 2023.

Note 5: Employee Retirement Systems (Continued)

For the year ended June 30, 2025, the employer recognized pension expense of $3,014,896 and revenue of $3,014,896 for support provided by the state. At June 30, 2025, the District had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 1,699	$ 1,172
Changes in assumptions	5,984	-
Net difference between projected and actual earnings in pension plan investments	-	3,878
Changes in proportion and differences between District contributions and proportionate share of contributions	2,037	33,279
Total deferred amounts to be recognized in pension expense in future periods	9,720	38,329
District's contributions subsequent to the measurement date	33,791	-
Totals	$ 43,511	$ 38,329

$33,791 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in these reporting years:

Year Ending June 30	Net Deferred Outflows (Inflows) of Resources
2026	$ (16,719)
2027	(5,893)
2028	(5,381)
2029	(686)
2030	70
Total	$ (28,609)

Note 5: Employee Retirement Systems (Continued)

Actuarial Assumptions

The total pension liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	varies by amount of service credit
Investment rate of return	7.00% net of pension plan investment expense, including inflation

In the June 30, 2024 actuarial valuation, mortality rates were based on the PubT-2010 Table with appropriate adjustments for the TRS experience. The rates are based on a fully-generational basis using projection table 2024 Adjusted Scale MP-2021. In the June 30, 2023 actuarial valuation, mortality rates were also based on the PubT-2010 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2020.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	37.0 %	7.55 %
Private Equity	15.0 %	10.28 %
Public Income	18.0 %	5.81 %
Private Credit	8.0 %	9.20 %
Real Assets	18.0 %	7.01 %
Diversifying Strategies	4.0 %	5.18 %
Total	100.0 %	

Note 5: Employee Retirement Systems (Continued)

Discount Rate

At June 30, 2025, the discount rate used to measure the total pension liability was 7.0%, which was the same as the June 30, 2023 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2025 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:)

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability	$ 557,860	$ 451,698	$ 363,695

Detailed information about the TRS's fiduciary net position as of June 30, 2025 is available in the separately issued TRS Annual Comprehensive Financial Report.

b. Illinois Municipal Retirement Fund (IMRF)

Plan Description and Benefits

Plan description – The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The employer's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Note 5: Employee Retirement Systems (Continued)

Benefits provided - IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by the Benefit Terms - At the December 31, 2025 valuation date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	72
Inactive employees entitled to but not yet receiving benefits	41
Active employees	16
Total	129

Contributions - As set by statute, the employer's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer's annual contribution rate for calendar year 2025 was 12.55%. For the fiscal year ended June 30, 2025, the employer contributed $80,624 to the plan. The employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note 5: Employee Retirement Systems (Continued)

Net Pension Liability - The employer's Net Pension Liability was measured as of December 31, 2025, and the total pension liability used to calculate the Net Pension Liability was determined by an annual actuarial valuation as of that date.

Actuarial assumptions – The following are the methods and assumptions used to determine total pension liability at December 31, 2025:

Actuarial cost method	Entry Age Normal
Asset valuation method	Market Value of Assets
Inflation	2.25%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2025:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equities	33.5 %	4.35 %
International equities	18.0 %	5.40 %
Fixed income	24.5 %	5.20 %
Real estate	10.5 %	6.40 %
Alternatives	12.5 %	4.85 - 6.25 %
Cash	1.0 %	3.60 %
Total	100.0 %

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and

1. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 4.08%, and the resulting single discount rate is 7.25%.

Sensitivity of the District**'s proportionate share of the net pension liability to changes in the discount rate** - The following presents the plan's net pension liability, calculated using the single discount rate of 7.25 percent, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1% lower or 1% higher:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension liability	$ 968,809	$ 450,792	$ 9,837

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - For year ended June 30, 2025, the District recognized pension income of $223,622. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	$ 138,550	$ -
Total deferred amounts to be recognized in pension expense in future periods	138,550	-

Total	$ 181,215	$ -

Note 5: Employee Retirement Systems (Continued)

$42,665 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	Net Deferred Outflows (Inflows) of Resources
2026	$ 66,959
2027	180,375
2028	(74,470)

Note 6: Other Postemployment Benefits

a. Teacher Health Insurance Security (THIS)

Plan Description. The District participates in the THIS (also known as the Teacher Retirement Insurance Program, "TRIP"). The THIS is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. TRIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees of participating school districts throughout the State of Illinois, excluding the Chicago Public School System. TRIP health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities to TRIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the Teachers' Retirement System (TRS).

Note 6: Other Postemployment Benefits (Continued)

The audit report is available on the office of the Auditor General website at www.auditor.illinois.gov, which includes the financial statements of the Department of Central Management Services. Questions regarding the financial statements can be addressed to the Department of Central Management Services at 401 South Spring, Springfield, Illinois 62706. A copy of the actuarial valuation report will be made available by the Commission on Government Forecasting and Accountability on its website at http://cgfa.ilga.gov.

Plan Membership

In order to be eligible, retirees of public school must have been certified educators or administrators during their time of employment. Eligibility to participate in the plan is currently limited to former full-time employees, or if not a full- time employee, an individual that is in a permanent and continuous basis position in which services are expected to be rendered for at least on school term, and their dependents.

Benefits Provided

The State Employees Group Insurance Act of 1971 ("SEGIA", 5 ILC 375/6.5) establishes the eligibility and benefits provisions of the plan.

Contributions

The SEGIA requires that all active contributors to the TRS, who are not employees of a department, make contributions to the plan at a rate of 0.90% of salary and for every employer of a teacher to contribute an amount equal to 0.67% of each teacher's salary. Additionally, the SEGIA requires the State to match the employees' contribution on-behalf of the employer. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the THIS, an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year.

The SEGIA requires that the Department's Director determine the rates and premiums of annuitants and dependent beneficiaries and establish the cost-sharing parameters, as well as funding. Member premiums are set by this statute, which provides for a subsidy of either 50% or 75%, depending upon member benefit choices. Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

On-behalf contributions to THIS. The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were 0.90% of pay during the year ended June 30, 2025. In the government-wide financial statements, the State of Illinois contributions also include a proportional allocation of the State's OPEB expense (based on the portion of the District's share of the expense compared to all School Districts in aggregate). For the year ended June 30, 2025, the District recognized revenue and expenses of $681,520 in the governmental activities based on the economic resources measurement focus and revenues and expenditures in the amount of $52,434 in the General Fund based on the current financial resources measurement focus for the State of Illinois contributions on behalf of the District.

Note 6: Other Postemployment Benefits (Continued)

Employer contributions to THIS Fund. The District also makes contributions to THIS Fund. The District THIS Fund contribution was 0.67% during the year ended June 30, 2025. For the year ended June 30, 2025, the District paid $39,034 to the THIS Fund, which was 100 percent of the required contribution.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, the District's reported a liability for its proportionate share of the net OPEB liability. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

	2025
District's proportionate share of the net OPEB liability	$ 1,501,079
State's proportionate share of the net OPEB liability associated with the District	2,038,533
Total	$ 3,539,612

The net OPEB liability was measured as of June 30, 2025, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2023 and rolled forward to June 30, 2025. The District's proportion of the net OPEB liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2025, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2025, the District's proportion was 0.018976%, which was a decrease of 0.000990% from its proportion measured as of June 30, 2023.

At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 41,421	$ 632,672
Changes in assumptions	45,367	2,156,919
Net difference between projected and actual earnings in OPEB plan investments	-	815
Changes in proportion and differences between District contributions and proportionate share of contributions	348,912	539,461
Total deferred amounts to be recognized in OPEB expense in future periods	435,700	3,329,867
District's contributions subsequent to the measurement date	39,034	-
Totals	$ 474,734	$ 3,329,867

Note 6: Other Postemployment Benefits (Continued)

$39,034 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Net Deferred Outflows (Inflows) of Resources
2026	$ (584,554)
2027	(565,718)
2028	(558,450)
2029	(514,374)
2030	(397,142)
Thereafter	(273,929)
Total	$ (2,894,167)

Actuarial Valuation Method

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of future salary at entry age. The normal cost at the member's attained age equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial accrued liability equals the present value of benefits at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

Actuarial Assumptions.

The total OPEB liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	Depends on service and ranges from 8.50% at 1 year of service to 3.50% at 20 or more years of service.
Investment rate of return	2.75%, net of OPEB plan investment expense, including inflation, for all plan years
Healthcare cost trend rates	Trend for fiscal year 2025 based on expected increases on actual premium increases. For non-Medicare costs, trend rates start at 8.00% for plan year 2026 and decrease gradually to an ultimate rate of 4.25% in 2041. For MAPD costs, trend rates are based on actual premium increases for 2025, 15.00% in 2026 to 2030 and 7.00% in 2031, declining gradually to an ultimate rate of 4.25% in 2041.

Note 6: Other Postemployment Benefits (Continued)

Mortality rates for retirement and beneficiary annuitants were based on PubT-2010 Retiree Mortality Table, adjusted for TRS experience. For disabled annuitants mortality rates were based on the PubNS-2010 Non-SafetyDisabled Retiree table. Mortality rates for pre-retirement were based on PubT-2010 Retiree Mortality Table. All tables reflect future mortality improvements using Projection Scale MP-2020.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period July 1, 2017 through June 30, 2020.

Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since the THIS is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.86% as of June 30, 2023, and 3.97% as of June 30, 2025. The increase in the single discount rate from 3.86% to 3.97% caused the total OPEB liability to decrease by approximately $95 million from 2023 to 2025.

Sensitivity of the Employer's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 3.97%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.97%) or 1-percentage-point higher (4.97%) than the current rate:

	1% Decrease 2.97%	Current Discount Rate 3.97%	1% Increase 4.97%
District's proportionate share of the net OPEB liability	$ 1,675,205	$ 1,501,079	$ 1,347,582

The following presents the District's proportionate share of the net OPEB liability would be if it were calculated using the healthcare cost trend rate, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

b. Retiree Health Plan

Plan Description:

The District administers a single-employer defined benefit healthcare plan (the "Retiree Health Plan"). The plan provides healthcare insurance for eligible retirees and their dependents through the District's group health insurance plan, which covers both active and retired members. Benefit provisions are established by state law and through negotiations between the District and the unions representing District employees, which are renegotiated each bargaining period. As of June 30, 2025, all retirees are eligible for benefits pre-and post-Medicare. The plan does not issue a stand-alone financial report.

Eligibility

Employees must satisfy the eligibility requirements of the Illinois Municipal Retirement Fund.

Regular Plan Tier 1 (Enrolled in IMRF prior to January 1, 2011)
- At least 55 years old and at least 8 years of credited service (reduced pension)
- At least 60 years old and at least 8 years of credited service (full pension)

Regular Plan Tier 2 (Enrolled in IMRF on or After January 1, 2011)
- At least 62 years old and at least 10 years of credited service (reduced pension)
- At least 67 years old and at least 10 years of credited service (full pension)

Employees Covered by Benefit Terms

As of June 30, 2025, the following employees were covered by the benefit terms:

Active	11
Inactive currently receiving benefit payments	-
Total	11

Contributions

Contribution requirements are established through contractual agreements and may only be amended through negotiations with the Board. IMRF retirees that elect to continue their health care coverage are responsible for paying the full monthly premium.

Net OPEB Liability

The District's Net OPEB Liability was measured as of June 30, 2025. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2023.

Actuarial Assumptions

The following are the methods and assumptions used to determine the total OPEB liability at June 30, 2025:

Valuation date	July 1, 2023
Measurement date	June 30, 2025
Actuarial cost method	Entry age normal
Discount rate	4.81%
Inflation rate	3.00%

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2025, the District recognized OPEB income of $2,257. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Difference between expected and actual experience	$ -	$ 10,155
Changes in assumptions	753	-
Totals	$ 753	$ 10,155

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	Net Deferred Outflows (Inflows) of Resources
2026	$ (4,661)
2027	(1,607)
2028	(1,568)
2029	(1,547)

Deferred inflows of resources	3,329,867	10,155	3,340,022

Note 7: Risk Management

The District has purchased insurance coverage through risk pools (see notes 8, 9, and 10). Risks covered include general liability, workers compensation and other. Premiums have been displayed as expenditures in the appropriate funds. No material decreases in insurance coverages have occurred nor have any insurance claims in excess of insurance coverages been paid or reported during the last four fiscal years.

Note 8: Illinois County Risk Management Trust (ICRMT)

The District is a member of ICRMT, which has been formed to reduce local governments' workers' compensation costs. ICRMT is controlled by a Board of Directors which is composed of representatives designated by each county member of the pool. The day-to-day operations of ICRMT are managed by Insurance Program Managers Group, LLC (IPMG). Each member has a financial responsibility for annual membership contributions, which are calculated to provide for administrative expenses, specific and aggregate excess insurance coverage, and the funding of a portion of anticipated losses and loss adjustment expenses which will be borne directly by the membership. The losses and loss adjustment expenses to be borne by the membership are those which must be incurred prior to the attachment of excess insurance coverage. Complete financial statements for ICRMT can be obtained from the District.

Note 9: Suburban School Cooperative Insurance Pool (SSCIP)

The District is a member of SSCIP, a voluntary cooperative consisting of Illinois public school districts and joint agreements. SSCIP's purpose is to manage and fund first-party property losses and third-party liability claims of its members. Each member district has a financial responsibility to make annual contributions based on property values, student enrollment, personnel employed, past loss history, and vehicles owned.

Complete financial statements of SSCIP are available from its accountant at 2850 Golf Road, Rolling Meadows, IL 60008.

Note 10: Risk Pool - Educational Benefit Cooperative (EBC)

The District is a member of EBC, which was formed in 1984 as a voluntary cooperative agency of Illinois Public School Districts and Joint Agreements. The purpose of EBC is to administer some or all of the employee benefit programs offered by the member districts to their employees and employees' dependents. EBC administers the payment of claims that arise under the benefit programs offered by each member district. Additionally, EBC offers to its members, group life insurance coverage obtained through an outside insurance company. Monthly medical and dental contributions are estimated by the plan's administrator in advance of each membership year based upon each district's plan of coverage, estimated enrollment, estimated claim costs and service fees.

Complete financial statements for EBC can be obtained from its treasurer at 2850 Golf Road, Rolling Meadows, IL, 60008.

Note 11: Joint Venture - North DuPage Special Education Cooperative (NDSEC)

The District and seven other districts within DuPage County have entered into a joint agreement to provide special education programs and services to the students enrolled. Each member district has a financial responsibility for special assessments as established by the policy board.

Complete financial statements for NDSEC can be obtained from its treasurer at 132 E. Pine Avenue, Roselle, IL 60172.

Note 12: State and Federal Aid Contingencies

The District has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

Note 13: Interfund Transfers

The District made transfers as follows during the year ending June 30, 2025:

Transfer From	Transfer To	Amount
General Fund - Educational Account	Debt Service Fund	$ 739,038
General Fund - Operations and Maintenance	Capital Projects Fund	350,000
