

Anticipated Opening: Full-Time STEAM Teacher, Probationary

The Haldane Central School District is seeking an innovative, visionary secondary STEAM Teacher to join our talented learning community for the start of the 2026-2027 school. The successful candidate will collaborate closely with district and building leaders, instructional staff, and students to create engaging, authentic learning experiences that integrate science, technology, engineering, arts, and mathematics while promoting creativity, problem-solving, and real-world application. **Appropriate certification in Career and Technical Education or STEAM Education subject areas preferred. (Technology Education, Mechanical Technology, Machine Tool Shop, etc.)**

In the fall of 2024, the Haldane Community approved an extensive [capital referendum project](#), which includes the creation of two STEAM Innovations labs - one at our Middle School and the other at our High School. These state-of-the-art rooms will be the foundation of our STEAM program.

This is a unique opportunity for either a veteran educator or a new teacher eager to help shape a forward-thinking, interdisciplinary program from the ground up.

Key Responsibilities

- Design and implement a vertically aligned Grades 6–12 STEAM curriculum
- Develop interdisciplinary, project-based learning experiences aligned to NYS Learning Standards
- Collaborate with teachers across content areas to integrate STEAM principles into instruction
- Facilitate hands-on, inquiry-based learning using design thinking and engineering practices
- Support inclusive and culturally responsive instructional practices
- Participate in ongoing curriculum development, professional learning, and program evaluation
- Help establish classroom spaces, materials, and systems that support innovation and collaboration

Why Haldane?

- Opportunity to play a foundational role in building a district-wide STEAM program
- Supportive leadership committed to innovation and instructional excellence
- Collaborative culture that values creativity, professional voice, and continuous improvement
- Access to professional learning, resources, and opportunities for leadership

Haldane is a small, close-knit school community whose campus is nestled atop the village of Cold Spring. The campus environment, coupled with small class sizes, creates a strong sense of connection among Haldane's faculty, staff, students, their families, and the surrounding community. The Haldane CSD values inclusivity and welcomes applicants from diverse backgrounds.
