Peter Weaver
Superintendent of Schools

Ned Pratt
Director of Student Support Services

Kristie LaPlante
Business Administrator

Superintendent Report
February 17, 2026

- We have had two snow days this school year (so far!), and our tentative **last day of school** is Monday, June 8, 2026. We are working on the FY 27 draft calendar. Our goal is to discuss it with you at the March 17th school board meeting.
- I am pleased to report that 95% of our teaching staff have completed their professional development requirements for **recertification**. We also have three teachers that will be completing their “end of plan” within the alternative certification track.
- We posted our WLC **Principal** position on January 21st, and we currently have three applications. I am working with Katie Gosselin on a timeline and next steps.
- **HB 751 Open Enrollment bill** update – The NH Senate amended HB 751 adding open-enrollment language, and the HB was sent to the House for a concurrence vote. At this time, there is no public record available indicating that the House either concurred or tabled HB 751. The bill is still active and waiting for House action. Briefly, if approved by the House and approved by the Governor, the bill would impact us by:
 - Requiring that we establish an open enrollment policy that permits students to transfer to SAU 63 from another district and permits our students to apply to any school or district in NH. We would be able to establish capacity ceilings at each school and grade
 - We would only be able to deny a transfer application if the student was expelled (previous school district), has a documented history of significant disciplinary issues and/or history of chronic absenteeism, or if we have reached our available capacity
 - We would not be able to reject or accept a student based on pupil needs, areas of academic focus, aptitude, or academic & athletic achievement
 - We would be responsible to pay 100% of our District’s average per pupil cost (as determined by NHED) for students transferring to other school districts
 - HB 751 would repeal the current open enrollment law
