Re: Notification of Advanced Coursework

Dear Students, Parents and Guardians,

At Herricks we take great pride in providing students with opportunities to challenge themselves at all levels, including taking advanced courses, to ensure their success. Our Herricks Compact represents the district's steadfast commitment to delivering a transformative educational experience that prepares students for success within our community and beyond. At the heart of our institution lie the principles of trust, integrity, respect, making a difference, creativity, and teamwork. The Herricks Compact is our pledge to our students, staff, and community.

The Herricks Middle School and Herricks High School course guides serve as valuable tools to help you design a personalized academic experience that aligns with your interests, goals, and aspirations.

Please review the course guides to find the wide range of courses including a gifted program, advanced and accelerated courses at the middle school, and Regents, Honors, AP, and dual enrollment courses at the high school. A full description of these courses, including prerequisites and course expectations, can be found in:

- [Middle School Program of Studies](#)
- [High School Course Selection Guide](#)

We are committed to ensuring that all students have the resources and support necessary to succeed. Students and parents are encouraged to consult with school counselors to determine the best course selections based on individual strengths and academic goals.

For more information, please visit our website at <https://www.herricks.org>.
Questions related to your child's participation in specific coursework may be referred to:

- Middle School Counseling Office: 516-305-8657
- High School Counseling Office: 516-305-8757

We encourage all students to consider the benefits of exploring opportunities that align with their academic and personal goals.

Sincerely,

K. Elizabeth Guercin
Assistant Superintendent
for Curriculum & Instruction
