

HS Schedule Work Group 2026

3:30-5 p.m., February 10, 2026
District Office Room 202/203

Notes

Members present:

Mike Copland, Kate Manthey, Heather Steele, Marty Atkins, Bennet Vis, Angie Desler, Sonia Cole, Dana Smith, Jason Bergman, Nick Hayes, Bethany Barrett, Joe Wooding, Sam Haley, Brett Latham, Liz Burrus, Ronni Weston, Ben Goodwin, Laurel Peak, Dawn Oehlerich, Katie Jones, Ari Feeney, Steve Settum

Welcome:

Marty and Mike welcomed the group and shared notes from other meetings.

Finalize CCABC Seven Period Schedule Options:

- a. The group discussed plans for advisory and high school and beyond planning (HSBP). Topics included:
 - Logistics for completing HSBP with one advisory per week.
 - Logistics for LINK crew mentoring connections for ninth grade students.
 - Logistics for club meetings. One possibility is after school on early dismissal days.
 - Which lessons are needed to do / nice to do for HSBP. Heather Steele will take a look at this. Heather and Marty will draft a HSBP schedule.
 - Continued conversation about whether Advisory can continue to be credit bearing. Mike and Marty will continue to assess this.
 - We will develop a suggested common assembly schedule to be used on C days (typically Fridays)
- b. Finalize recommendation for how to split lunch
 - The group discussed equitable divisions for lunchtime on the block days that meet seat time requirements. People who are smart will figure that out.

BEA and district bargaining and next steps

Mike and Kate reported on preliminary conversations with BEA. The BEA is on board with the concept of the new schedule. Early dismissal minutes and planning time will likely require change of contract language, which would require a ratification vote. This group's voice will be important to share the process with members. Kate thanked the group for engaging with folks back at their schools.

Process: this group will generate a recommendation for the superintendent, which, when approved, will then go to the bargaining table to be ratified by the bargaining unit. Clarity of teacher-directed time on early dismissal days and possibility of flex time for coaches and advisers (etc.) is important.

Check in about scheduled Feb. 12 meeting

Mike asked whether to keep the Thursday, Feb. 12 meeting. The group consensus was to keep the meeting to review, edit and or finalize the recommendation and to hear Options feedback on the continued draft schedules.

Consensus items from this meeting:

- Advisory: There will be one advisory per week on Wednesdays.
- High School and Beyond Planning: HSBP lessons will be completed during advisory.
