How to Handle Worry

Worries can sometimes feel big and overwhelming. Teach your child that it's okay to feel worried and that there are ways to handle it. They can talk to a trusted adult, draw a picture of their worry, or use a "worry stone."

Try This: Help your child find a small rock or object to be their "worry stone." When they feel worried, they can hold it and imagine their worries going into the stone.

October, 2024

Dear Parent / Guardian,

As part of our commitment to your child's online safety, we want to let you know about an important update. Freeman School District has partnered with Qustodio, the world's leading provider of online safety solutions.

As devices play an increasing role in children's education it is crucial that we put safeguards in place. Your child already benefits from internet filtering technology which blocks inappropriate web content on their school-owned Chromebook. This is also mandated by US legislation.

Freeman School District is going one step further. We are granting every parent a free Qustodio Parental App account. Qustodio will give you important insights into your child's online activity on their school Chromebook. You can use it to review and manage activities on other devices in your home too.

With Qustodio, you'll be able to:

- Manage your child's screen time
- Supervise your child's online activity
- Access expert advice via [Freeman School Districts Online Safety Hub](#)

Qustodio is a valuable partner that prioritizes privacy, safety and rights of students and parents worldwide.

Activate Your Free Account

On the following page, you will find simple instructions to register your account. Please be sure to use the same email address we have on file for you when registering to connect to your child's device.

We are excited to work with you and Qustodio to help our students develop healthy and safe online habits. Please visit [Freeman School District's Online Safety Hub](#) for more information about Qustodio, access to expert advice and additional resources.

Information on SMS text messaging and Short Codes: SMS stands for Short Message Service and is commonly referred to as a "text message". Most cell phones support this type of text messaging. Our notification provider, SchoolMessenger, uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as "short code" texting. This method is fast, secure and highly reliable because it is strictly regulated by the wireless carriers and only allows access to approved providers.

If you've ever sent a text vote for a TV show to a number like 46999, you have used short code texting.
