

Human Resources

New Volunteer Applicants

Thank you for your interest in becoming a Union County Public Schools (UCPS) Volunteer. Your willingness to serve enriches the lives of students and provides additional support to our staff. The district uses Fulcrum, a web-based volunteer system, to process criminal records checks and to manage new and existing volunteers.

Our volunteer system provides a profile for each volunteer. Volunteers provide information in the initial application process that makes up the profile, and the volunteer system will give access to your profile once you are approved to volunteer with UCPS. UCPS encourages volunteers to sign in and update their profiles as information changes.

To register as a new volunteer, follow the steps below:

- Visit the volunteer system page at www.ucpsvolunteers.com. On the **UCPS Volunteer Registration Login** page, click “New Volunteer? Click Here to Register”.
- Complete the volunteer application and click “Submit” at the bottom of the page.
- You should receive an automated email from the volunteer system within 5-10 minutes informing you that your application has been submitted and asking you to click a link to confirm your email. Request assistance if you do not receive an email within 24 hours. Please do not try to log on or sign up again until you have received assistance. Once you receive the email, click the link to confirm your registration.

Your information is automatically sent for a background check upon completion and submission of the volunteer application. Once the background check is complete, you will be approved or denied, and the system will send an automated email with your status.

All questions and requests for assistance should be directed to James Kennedy, either by telephone at 704-296-5833 or by email at james.kennedy@ucps.k12.nc.us

Union County Public Schools will maintain strict, professional confidentiality regarding the Volunteer Management System and has taken steps to maintain the highest level of security.
