

RFP 2026-07-26

Title: Student Information System (SIS)

Issue Date: Monday, February 16, 2026

Submission Deadline: Thursday, March 05, 2026

Time: 10:00 a.m. (Central Standard Time)

Office at 601-973-8582 for assistance. Questions regarding proposal specifications are to be addressed to the Project Administrator listed in the proposal.

2026-07-26 Student Information System (SIS)

The Board of Trustees of the Jackson Public School District (hereafter referred to as "JPSD") is soliciting sealed, written formal Requests for Proposals (RFP) from qualified vendors (hereafter referred to as "Vendor") for the purchase of furniture, equipment, supplies, materials, labor or services as outlined in the following specifications. Sealed RFP shall be received by JPSD, in the Business Office of the Jackson Public Schools, 662 South President Street, Jackson, Mississippi, until the time specified on the RFP Opening Schedule (front page of the formal RFP document), at which time all RFP shall be publicly opened and read aloud. Neither dating of the RFP form nor placing the RFP in the mail by this date shall meet legal requirements; the formal RFP document must be **received in the Business Office** of the Jackson Public School District on or before the date and time stated.

JPSD reserves the right to reject any and all RFPs received and to waive any and all informalities. Vendors are encouraged to very carefully read all sections of this RFP document prior to submitting an RFP proposal. Any agreement generated due to an award may be terminated by the District without cause upon one week's prior notice to vendor.

The vendor must provide a current copy of their company's Certificate of Insurance with Workers Compensation and General Liability Coverage. Jackson Public School District requires coverage for not less \$1,000,000.00 dollars. JPSD must be listed as an insurer under the coverage provided. It is imperative that this insurance is maintained throughout the duration of the contract. This coverage must be submitted and kept on file with JPSD.

It is the basic philosophy of JPSD to extend to all responsible Vendors equal consideration and the assurance of unbiased judgment in determining whether their product or service meets specifications and the educational needs of the school district. JPSD shall fairly evaluate all formal RFP proposals submitted and base all decisions on the "lowest and best" RFP concept, purchasing only those products and/or services which meet the specifications as written. All decisions rendered shall strive to achieve the greatest value from every tax dollar expended. JPSD shall make no discrimination based on race, color, creed, religion, or national origin, in either the product evaluation process or in transacting business with Vendors or Vendor representatives.

The advertising and publishing of this RFP has met all legal requirements (Mississippi Code of 1972, Annotated, §31-7-13), hence the requirement to offer public notice of the intent of JPSD to solicit RFPs via this RFP document has been satisfied.

This document is to serve as an invitation to all qualified vendors to extend to JPSD an offer for the sale of all products and/or services specified herein. It is the purpose of this RFP document to clearly define "open" and "competitive" product or service rfp specifications. All items on this RFP are to be **as specified or JPSD approved equal**.

Addendum: Vendor shall acknowledge the receipt of all addendums which were issued during the course of this RFP. If specified in the text of the addendum, in addition to acknowledging receipt of the addenda below, the addenda may require additional information required for the RFP (e.g., pricing), in which case the Add RFP Addendum shall not only be acknowledged below but shall be completed and attached to the RFP at the time the RFP proposal is submitted. Receipt of the following Addendum issued during the course of this formal RFP is hereby acknowledged:

It is acknowledged that this rfp proposal consists of the following sections: **PROPOSAL FORM, INSTRUCTIONS AND CONDITIONS, SPECIFICATIONS** and any **ADDENDUM** (if applicable). The Addendum chart is located on page 33.

Net Prices

In all cases, prices quoted are to be net including all applicable discounts. A separate price shall be offered for each item and not in combination with other items (unless the grouping of items is otherwise allowed as defined in the specifications). Unit price shall prevail in case of a conflict between unit and total price (extension); written price shall

prevail in case of a conflict between written and enumerated pricing. Vendors are instructed to **round off all unit pricing and extensions to the nearest whole cent, i.e., round the pricing to two places to the right of the decimal point only**. JPSD will only accept pricing, which is stated in this manner. All items for which pricing is submitted which is other than two places to the right of the decimal shall be accepted; however, all digits beyond a whole cent (more than two places to the right of the decimal) shall be ignored in the RFP analysis process and the unit price indicated on the purchase order shall be to the nearest whole cent for each item involved.

Payment and Invoicing

Unless otherwise indicated in the detailed specifications of this RFP document, JPSD shall make remittance in a **single lump sum** payment **following satisfactory delivery of all items** listed on the purchase order or following satisfactory performance (final inspection) of all services as specified in the contract. JPSD remits by "completed purchase order" only; remittance shall not be made upon receipt of partial shipments or performance, or the receipt of invoice for same, but only after all items included on the purchase order or contained in the contract are delivered and/or satisfied.

It is mutually understood that invoices submitted against Multi-Year or Open Purchase Orders, remittances are processed based on the contracted scheduled agreement prior to the purchase order being generated. Only **Multi-Year and Open Purchase Orders** have multiple invoices received for remittance for payment. Professional Services, materials and other such services; invoices are submitted for payment in intervals following satisfactory delivery of ALL services and /or performance of ALL services indicated in the contracted agreement between said vendor and JPSD for that time period, following inspection if applicable. Any freight/shipping cost that may be incurred for tangible items, such as books, pamphlets, handouts, materials needed for presentations, etc. must be included in the total price proposal price submitted if and applicable.

Performance Penalty

The Vendor is subject to a 10% penalty on this agreement for the **2025-2026** school year if the academic objectives of this agreement are not satisfied. The District will withhold 10% of the total contract for final payment to be made after the academic objectives are satisfied.

Default and Delays

Upon failure of the Vendor to deliver all of the items ordered or to render service, within the time set or allowed, the successful Vendor shall be considered in default, in which case JPSD reserves the right to terminate the purchase order or contract and to purchase similar supplies, services, or furniture and equipment, on the open market or secure the manufacture, delivery, and installation thereof by contract or otherwise. The Vendor shall be charged with any cost occasioned by JPSD whether the said cost is the same as originally accepted or any excess cost.

Damage to School Property

Any damage or loss to JPSD property as a result of any action by the Vendor in the delivery, execution or performance of any item or service stated in these specifications shall be repaired or replaced with the satisfaction of designated JPSD personnel, at the Vendor's cost, within a reasonable time.

Guarantee

Each Vendor, by presenting a rfp under these specifications, binds himself to make it positive that all goods are fully up to the standards set by the specifications. Should it be discovered within a reasonable period of time from the date of purchase order or contract that such goods or services are not up to standard, JPSD shall have the right to have such goods or services replaced by others conforming to the standard requirements and the entire expense be borne by the Vendor. The Vendor shall agree to guarantee and warrant all equipment provided as a result of this RFP for a period equal to the stated guaranty/warranty in the specifications. All such warranties shall provide coverage as indicated in the specifications.

Acceptance and Award of RFP Proposals

The Vendor's RFP proposal, once submitted and accepted as a valid RFP by JPSD, shall be deemed by both parties to constitute a legal and binding offer on the part of the Vendor to sell to JPSD as per the terms of the RFP specifications, all products and/or services contained therein. RFP proposals are subject to acceptance by JPSD at any time within forty-five (45) calendar days following the RFP opening date. Consequently, all price quotations shall be effective for a minimum of forty-five (45) calendar days and a maximum period as indicated in the specifications. All RFPs must be valid for the effective dates stated in the specification, if applicable.

The award of contract shall be made to the Vendor responsible whose RFP, conforming to the specifications, is deemed to be the most advantageous to JPSD, price and all other factors considered. The Vendor acknowledges the right of JPSD to reject the RFP, in part or in total, if the Vendor fails to submit the data required in the specifications, or if the rfp is in any way incomplete or irregular. Under no circumstances may a Vendor deliver, install, or perform any service as specified in these specifications without written authorization from JPSD (i.e., a duly issued purchase order or signed contract). All RFPs shall be approved by the Board of Trustees prior to the final award.

The Vendor shall be issued a purchase order document, which shall be deemed acceptance of the RFP proposal offer made by the Vendor, for all items and/or services approved by the Board of Trustees and awarded as a result of this RFP. However, if in the opinion of JPSD, a contract document is required to authorize the award of the RFP, Vendor agrees to sign and execute all such contract documents as required in the written specifications. NOTE: If Vendor policy requires that JPSD sign Vendor contract documents, a sample of all such documents shall be included with the RFP proposal and shall become a part of the Vendor's RFP proposal.

All awards are based on the availability of funding. In the event of a reduction of funds, this award can be rescinded at any time.

Hard Copy Instructions for Submission

- Responses, once completed, should be placed in an opaque, sealed envelope.
- On the outside of the envelope, list the Company's name/address, RFP number, title, opening date and addressee information as they appear in the RFP proposal so that the response may be accurately delivered and registered upon receipt. A designated official who is a legal representative of the Company must list the required signatures that were noted prior to submitting sealed proposal.
- Failure to comply with the above submittal instructions will cause proposals not to be registered or cataloged to the appropriate file or received timely. The original documents must be displayed in front of all copies submitted by interested parties.
- Please submit Original RFP Documents in the Format Outlined along with Two (2) Copies and any Documentation submitted with the Proposal when Mailed or Hand Delivered.

Please submit the proposal when mailed or hand delivered to

**Jackson Public School District
Business Office
Attn: Michele Mays/Tequia Odom
662 S. President Street
Jackson, MS 39201**

- Any proposal not received by the stated deadline/time will not be considered and/or opened. The proposal will be returned to the Vendor at the Vendor's expense.
- The District accepts no liability for late submissions due to the actions of the United States Postal Service, Federal Express, United Parcel Service, or any other delivery methods.

Page (22): Cover page is to be placed on the front of the vendors submitted proposal. In the event this page is not displayed when the opening of proposal occurs; it will not be acknowledged or allowed to be presented or evaluated. Place this page on the very front of the submitted documents. This is required on all submitted proposals whether mailed, hand delivery or electronically Uploaded. The submitted proposal must be signed by an authorized official to bind the offeror to the proposed provisions.

All the other required forms to include in the proposal are listed starting at Page (15).

Proposals received after the due date and time will NOT be considered. Incomplete proposals will not be accepted in the evaluation process and will not be returned for revisions. No faxed or emailed copies will be accepted. The Proposal Cover Page is located on page (22) of this document

Performance Dates:

- 1st Advertise: 16 February 2026 (Clarion)
- 2nd Advertise: 23 February 2026 (Clarion)
- Pre-bid Conference: 24 February 2026 (ZOOM)
- Final Date for Questions: 26 February 2026
- Answers to Questions: 02 March 2026
- Bid Opening Day: 05 March 2026 by 10:00 A.M.
- Vendors may be notified of Board Review and Potential Award after the Bid Date
-

Questions: All questions must be submitted in writing to delesh@jackson.k12.ms.us. All questions and answers will be posted online on:

Jackson Public School District
Request for Proposals - Student Information System (SIS)

The Jackson Public School District (JPSD), located in Jackson, Mississippi, is the third largest and only urban school district in the state of Mississippi. The District has six high schools, seven middle schools, twenty-two elementary schools, and four special schools serving approximately 17,000 students in grades Pre-K through 12. There are approximately 1,700 certified staff and 1,400 non-certified staff members.

The Jackson Public School District (District) is seeking a Student Information System (SIS) that is robust, flexible, scalable, secure, and offers the district the ability to use SIS data as the authoritative data source for all District systems that touch students and teachers, such as transportation systems, child nutrition systems, learning management systems, assessment systems, and school to home communications systems. The District desires a system that provides improved efficiencies for data management, mitigates data quality issues, and provides an integrated workflow for documents and tasks to improve the operation of the District and the educational experience for all students, parents, and employees.

The District reserves the right to make a recommendation of a solution that is deemed in the best interest of the District, which may not necessarily be made on the basis on the lowest overall cost.

Proposal Elements

Proposed Timeline of Events

Requirements

The SIS must generate reports as required by the Mississippi Department of Education, Office of the State Auditor, Department of Human Services, Department of Finance and Administration, or any other state law, policy, agency or standard currently known by the District. The SIS must be able to regularly submit files to the Mississippi Student Information System (MSIS) and be an approved vendor by the Mississippi Department of Education.

The SIS must be able to connect to other systems and applications used by the District using an API or similar technologies that provide a bi-directional data exchange with the SIS without relying on flat-file nightly data exchanges between systems. This capability should be available for all systems identified in this proposal as well as new applications that may be acquired by the District.

- The SIS vendor must outline in their response all available methods to sync data between the SIS and our current applications as well as procedures for adding data exchanges with additional applications.

- Additional costs for integrating new or different applications into the SIS should be added to the budget proposal, if required.

The list below contains several of the District’s current applications that require a connection to student data. This list is not comprehensive. An application on this list may not have an API or other similar capabilities; however, the District requests responses to include the SIS’ options to connect to each of the applications.

Program Requirements

A comprehensive Student Information System (SIS) is an enterprise platform designed to manage the full student lifecycle, ensure regulatory compliance, and support instructional and operational decision-making. At a minimum, it includes the following essential components:

1. Student Demographics & Enrollment

- Student profiles (ID, contact info, guardians, emergency contacts)
- Enrollment, transfers, withdrawals, and re-enrollment
- Residency and eligibility tracking
- Program participation (SPED, 504, ELL, Gifted, Title I, etc.)

2. Scheduling & Course Management

- Master schedule creation
- Course catalog and sections
- Teacher assignments
- Student schedules
- Seat counts and load balancing

3. Attendance Management

- Daily and period attendance
- Absence and tardy codes
- Excuse workflows and documentation
- Truancy tracking and reporting
- Integration with state attendance rules

4. Grading, Assessment & Academic Records

- Multiple grading models (letter, numeric, standards-based, competency-based)
- Assignment and category weighting
- Report cards and progress reports
- Transcripts (middle and high school)
- GPA calculations (weighted/unweighted)
- Assessment results (local, benchmark, state where applicable)

5. Special Programs & Student Services

- Special Education (IEPs, compliance timelines)
- Section 504 plans
- English Learners (screening, services, monitoring)
- Intervention tracking (RTI/MTSS)
- Gifted and advanced programs

6. Discipline & Behavior Management

- Incident reporting and referrals
- Behavior codes and consequences
- Suspension/expulsion tracking
- Positive behavior interventions (PBIS)
- Compliance with state reporting requirements

7. Health & Medical Records

- Immunizations and health screenings
- Allergies and medical alerts
- Medication administration records
- Compliance with state health mandates

8. Family & Student Portals

- Real-time access to grades, attendance, and schedules
- Messaging and notifications
- Forms, permissions, and acknowledgments
- Mobile access

9. Communication & Workflow

- School-to-home communications
- Automated alerts (attendance, grades, behavior)
- Staff task workflows and approvals
- Document storage and electronic forms

10. Reporting, Analytics & Dashboards

- Prebuilt and ad hoc reports
- Longitudinal student data
- Early warning indicators
- School, district, and subgroup analysis
- Data import and export tools

11. Compliance & State/Federal Reporting

- Compliance attendance reports (truancy)
- Accountability and funding reports
- Special program submissions
- Audit trails and historical records
- Alignment with state education agency requirements

12. Security, Privacy & Access Control

- Role-based access
- FERPA compliance
- Audit logs
- Data encryption and backups
- Single Sign-On (SSO)

13. Integration & Interoperability

- APIs and data exchange
- Integration with:
 - Learning Management Systems (LMS)
 - Assessment platforms
 - Transportation systems
 - HR/Payroll and Finance systems
- Support for Ed-Fi or other interoperability standards

14. Data Management & Lifecycle Support

- Data validation and cleansing tools
- Historical data archiving

- Student record transfers
- Data migration support from legacy systems

Training and Support

The vendor will include with their proposal all options for support and training including on-site professional development and implementation support. Included should be recommendations for the training of District staff, JPS principals, and school leaders, technical onboarding assistance, online job embedded resources, online chat access to support professionals, as well as any other support options available. Options for additional tiered support may be included if they are an additional cost.

The training must be flexible to meet the needs of the District. Any proposed training plan should include a budget for both onsite support and training as well as remote support. Training costs should be outlined for three (3) years.

The vendor must provide dedicated technical support. The vendor must provide full contact information for the specific person who will be responsible for this contract, including name, address, telephone number(s), and email address along with vendor's company contact information.

The vendor must have an online training site that offers videos and frequently asked questions to ensure understanding of how to use proposed solution effectively.

The proposal must clearly describe ongoing operational support, including hours of availability, response time expectations, escalation procedures, and methods for resolving high-priority issues that impact instruction, compliance, or district-wide operations.

ETL Process and Proposed Implementation Timeline

Our current SIS application is SAM Spectra from Central Access Corporation. The proposal response must include a possible timeline of events including benchmarks, deliverables, and the potential cost to move all data from our current solution to the proposed system if required. This description should include as much information as possible including the estimated hours the District will have to devote to the data cleansing and verification process.

The District must retain all data and records as required by Mississippi State Law and the Mississippi Department of Education. Specific policies and laws pertaining to all educational records retention can be found at https://www.mdah.ms.gov/sites/default/files/2020-03/SchoolDistricts_2019-10-15_w-cover.pdf.

The vendor's proposed implementation plan must clearly distinguish vendor responsibilities from District responsibilities for data migration, validation, and verification, and include sufficient testing cycles to ensure data accuracy prior to going live.

Technical and Security Requirements

Data security is of paramount concern to the JPSD. The program/system must meet or exceed the requirements for both FERPA and HIPPA and should utilize encryption for data both in transit and at rest. Vendors must include documentation for the following items: o Whitepapers or technical descriptions of the company's data privacy policies.

Compliance with all technical, security, identify, and data governance requirements is required for the full duration of the contract term, including all future system enhancements, integrations, architectural changes, and feature additions.

General, non-proprietary descriptions of back-ups, disaster recovery and/or physical data security provisions.

Procedures for notifying customers in the event of a data breach along with non-proprietary descriptions of mitigation strategies in case of a breach.

The name and title of the designated security office for this application.

The application must support single sign-on. The District uses the application Rapid Identity from Identity Automation for account provisioning, account management, SSO, and MFA. The District desires to leverage this application for SSO, however, proposals should include all options available for SSO for both students and employees.

The application must support multi-factor authentication. The District uses the Rapid Identity application to manage and provision accounts as well as provide MFA for all students and staff. It is preferred that the District's Rapid Identity Portal manage MFA for the SIS, however, proposals should include all options available for MFA for both students and employees, as well as parents.

The vendor must provide defined support response times and escalation procedures. At a minimum, the proposal must include response and resolution targets based on issue severity, including critical system outages, major functionality, impairments, and routine support requests. The vendor must identify escalation paths and points of contact for each severity level.

The vendor must maintain a formal change management process and provide advance notice of material system changes that may impact District operations, integrations, data structures, security controls, or user workflows. Breaking changes must be communicated in advance and include documentation, release notes, and where applicable, transition or rollback options.

Any APS used for integration must be versioned, documented, and maintained with reasonable backward compatibility to prevent disruption to District systems and integrations.

Integration methods must be sufficient to support district-scale, near-real-time data exchange for core SIS data objects. The vendor may not impose per-call, per-endpoint, or usage-based fees for the District's access to its own data through APIs required for standard integrations.

The proposal must include:

- How is data destroyed if the district no longer continues with the application?
- How long is data retained should the District cancel the contract with the company?
- How does the District retrieve all data should the District cancel the contract with the company?

Vendor disclosure of technical, security, data, AI, or subcontractor practices does not imply District approval and may be considered as part of responsiveness, risk evaluation, and overall proposal scoring.

References

Vendors must provide at least 3 references from school districts of similar size and demographics. If possible, include current contact information. Of additional value are any references that have integrations with current District LMS applications and other tools for managing SSO and rostering including but not limited to, Clever, Canvas, Google Classroom, and the District's Rapid Identity portal.

Additional Documents

Although not part of the scoring rubric, each vendor is asked to include any contracts, order forms, or other documents required to enter a contract with the company.

The District's data sharing agreement (DSA) is included with the RFP.

Presentation Requirement

All submitted proposals will be evaluated. Proposals deemed responsive may be asked to make an on-site, live demonstration of their application to the selection committee.

Vendors selected to present will be given a standard set of questions and tasks that must be answered and demonstrated during the presentation.

Pricing Proposal

Each vendor should submit a complete price with their proposal that provides the best and most cost-effective implementation of a web-based student information system that includes all components necessary to implement the proposed application.

The proposed budget should break out annual costs for 3 years and include the elements listed below. Vendors may add additional components and include as much detail as required to clearly define the 3-year costs of the proposed solution.

- All costs for data conversion and loading existing data if required (ETL).
- All costs for implementation.
- All costs for professional development.
- All costs for annual support and maintenance of the proposed solution.

Strategic Plan Alignment

Core Values: *Excellence, Growth Mindset, and Relevance*

Commitment: *Organizational Effectiveness*

END OF PROPOSAL

PROPOSAL FORM

**Board of Trustees
Jackson Public School District
Jackson, Mississippi**

Ladies and Gentlemen:

I/We, propose to furnish and deliver all items and/or to perform all services according to all sections of this rfp document (Proposal Form, Instructions and Conditions, detailed written Specifications, and Addendum if applicable) and in the quantities at the indicated prices, as called for in the document(s). All quantities indicated have been checked very closely, and both unit price and total price (where requested) have been submitted with the understanding that we shall be responsible for making complete and satisfactory delivery accordingly, within the time frame agenda (if applicable).

All items contained in this RFP shall be as specified or JPSD approved equal. For any item(s) proposed which is other than as specified, a complete and detailed cut and description for each item(s) must accompany the rfp, if the item(s) is to be considered. Please carefully read each section of this RFP.

Acceptance of Proposals: The Jackson Public School District reserves the right to:

- Have sole discretion to waive minor irregularities in proposals. A minor irregularity is a variation from the proposal that does not affect the proposal or gives one offeror an advantage or benefit not enjoyed by other offerors or adversely impacts the interests of the school district.
- Accept the "lowest and best" RFP which in their judgment assures JPSD the product(s) or service(s) having the best performance and the highest level of function, quality, and value.
- Not accept the lowest priced proposal. Proposals that do not comply with the requirements stated within this RFP subject to disqualification. Proposals that do not meet the deadline date/time will be returned to the vendor unopened.
- Request additional information or conduct discussions with one or more respondents after the RFP deadline; to secure a final selection to award RFP should such action be in the best interest of JPSD.

I/WE UNDERSTAND AND AGREE THAT NEITHER THE AWARD OF THIS RFP TO ME/US BY THE DISTRICT'S BOARD OF TRUSTEES NOR RECEIPT BY ME/US OF A NOTICE OF ACCEPTANCE OF THIS RFP SHALL CONSTITUTE THE MAKING OF A CONTRACT BETWEEN JPSD AND ME/US, WHICH SHALL BE CONDITIONED UPON THE EXECUTION BY BOTH JPSD AND ME/US OF A FORMAL, WRITTEN AGREEMENT.

CONFIGURATION SUMMARY

Vendor must provide a summary of the main component of the services offered in this proposal using 100 words or less.

ASSURANCES AND SIGNATURE FORM

In submitting this application, I certify that:

1. The organization will comply with applicable federal, state, and local policies and procedures.
2. Services will be provided under the supervision of highly qualified teachers and/or administrators.
3. The organization will maintain professionalism and confidentiality.
4. The organization is fiscally sound and will be able to complete services to the local educational agency.
5. The organization will ensure that the services provided are aligned the Mississippi Curriculum Frameworks and scientifically research based practices.
6. The organization will comply with applicable federal, state, and local health, safety, and civil rights laws.
7. Provisions that subject all individuals employed by or otherwise associated with the approved provider, including volunteers, support staff, etc., who have direct contact with students, to the fingerprint and criminal history record check contained in law, including, Education Laws 305(30), 1125(3), 1604(39), 1604(40), 1709(39), 1709(40), 1804(9), 1804(10), 1950(4)(11), 1950(4)(mm), 2503 (18), 2503(19), 2554(25), 2554(26, 2590-h (20), 2854(3)(a-2), 2854(3)(a-3), and 3035.
8. All services will be secular, neutral, and non-ideological.
9. The organization will provide the local educational agency with information regarding implementation of proposal initiatives in increasing achievement, in a format, and to the extent practicable, a language or other mode of communication such that district personnel, parents / legal guardians, and community members can understand.
10. The undersigned hereby certifies that I am an individual authorized to act on behalf of the organization in submitting this application and assurances. I certify that all of the information provided herein is true and accurate, to the best of my knowledge. I understand that the discovery of deliberately misrepresented information contained herein may constitute grounds for denying the applicant's request for approval.
