Director's Message ~ Ms. Daniel

As we kick off the month of February, we invite you to join in celebrating all that this month represents. Please take time to participate in the many planned events, Black History Showcase and Career Technical & Education (CTE) Month as we learn, connect, and celebrate together.

- **FEBRUARY IS BLACK HISTORY MONTH** – In recognition of Black History Month, we will be hosting a series of events at our main campus and high school campus.
- **FEBRUARY IS CTE MONTH** – Let's come together to celebrate and recognize Career and Technical Education (CTE) Month at Sheridan. Throughout the month, we will be highlighting the importance of CTE programs and the impact they have on our students, staff, and community.
- **STC CLOTHING & HYGIENE DONATIONS NEEDED**– With the support and guidance of Ms. Coleman, our Social Worker, and Ms. Chinkoo Verba, our Vocational Career Advisor, we are building student clothing and hygiene pantries at both the college and high school campuses. We are seeking your donations to help support students' everyday needs, job interviews, special events, and those moments when extra care and support truly make a difference. If you're clearing out closets, drawers, or storage bins, we will gladly accept new or gently used donations, including: Shirts, Jackets, Bottoms, Shoes, Hygiene items (toothbrushes, toothpaste, feminine hygiene products, combs, etc.), Business and interview attire, Formal wear (dresses, tuxes, dress shoes, heels, etc.), Children/Baby clothing/supplies. If you are interested in donating, please email Ms. Coleman, School Social Worker, or Ms. Chinkoo-Verba, our Vocational and Career Advisor, to schedule a drop off/pick up time!

Avoid a Fast Pass Detention!

The STHS Magnet Contract is very much in effect. After repeated conversations with students via this eNewsletter, on campus announcements, and hallway conversations, **a *Fast Pass Detention* will be given to any student who is witnessed to be in violation of the agreed upon expectations as set in the STHS Magnet Contract.**

Any of the following infractions will result in disciplinary consequence if repeated beyond the ***Fast Pass Detention***.

- Out of uniform/dress code/No visible ID
- Tardy to school/class
- Not using their school-assigned backpack
- Not following directions
- Visible phone and/or listening device
- Engaging in horseplay
- Using profane language
- Out of assigned area

These detentions will take place during the student's lunch within 2 school days of being assigned. Failure to serve the detention will result in progressive disciplinary consequences, as detailed in the BCPS Discipline Matrix.

Our goal is that students will follow the established expectations, with a focus on their learning environment. **With both student and parent support all disciplinary consequences can be avoided by following the STHS Magnet Contract Agreements.** We thank you for your compliance and support in this effort.

ATTENTION Parents & Guardians!

Creating your [Parent FOCUS Account](#) is required in order to view your child's grades and attendance records in FOCUS, as well as complete the necessary paperwork for your child to participate in extracurricular activities and events.

Parents/Guardians MUST create a FOCUS Parent Account for their child to participate in school activities and tutoring!

FOCUS Parent Portal

If you are having problems logging in to create a [Parent Portal Account](#), please contact [Ms. Santana](#) for assistance or send your child to see her directly. In most cases, the issue arises when a parent who is not listed as the primary contact attempts to complete the forms. Ms. Santana can update the primary parent information, which will make the forms immediately accessible. Thank you!

Broward County Public Schools and the Career, Technical, Adult, and Community Education Department encourage you to celebrate! Career and Technical Education (CTE) Month® is a public awareness campaign, hosted by the Association for Career & Technical Education (ACTE), that takes place each February to celebrate the value of CTE and the

achievements and accomplishments of CTE programs. CTE Month gives you the chance to inform others of the innovation and excellence that exists within your CTE programs and raise awareness of the crucial role that CTE plays in readying our students for careers and our nation for economic success.

How You Can Raise Awareness for CTE Month

- **SHARE.** Share about your CTE programs and courses.
- **INSPIRE.** Share photos of students at work matched with inspirational quotes. Include unique stories that showcase students overcoming adversity and finding success through CTE experiences.
- **CELEBRATE.** Recognize those in your community, whether it's high-achieving CTE learners, exemplary educators, or impactful partners that have a positive influence on CTE by celebrating their accomplishments.
- **FEATURE.** Feature a significant supporter of your school's CTE programs. Whether it is an individual or a business, share how they support your program and what it means to you and your students.
- **SPOTLIGHT.** Shine a spotlight on the CTE educators or staff in your school. Feature their programs and what they are doing that is unique or special.

Hello Sheridan Technical College and Technical High School Families!

I wanted to share that our school district has access to a variety of immigration-related community and national resources that may be helpful to students, families, or staff who need additional support or information. The published documents are included in this newsletter in the following languages: [English](#), [Spanish](#), [Haitian Creole](#), and [Portuguese](#).

Given the current climate, I understand that immigration can be a sensitive topic, and it's important to approach it with care and neutrality. These resources are not tied to any political stance; they exist simply to ensure that anyone who may need

guidance, referrals, or support knows where to turn in a safe and confidential way.

As a school, STHS often serves as a trusted point of connection for our students and families. Having awareness of available resources allows us to respond thoughtfully if a concern arises, even if it's just offering reassurance or pointing someone in the right direction.

Please take your time to review this information or share it with anyone who may benefit from immigration-related resources. If you would like more information yourself, please feel free to reach out to me directly. I am happy to provide support, referrals, or answer questions as appropriate!

Together, we are working to create a school environment rooted in care, dignity, and access to support for all.

Kindly, *Aliyah Coleman, MSW, RCSWI*

What Immigrants Should Know

There are many misconceptions about immigrants. Unfounded statements, especially when they are shared between students and within families can have negative and harmful results. A reliable source of information is a website called "Learning for Justice", where you can find the Ten Myths About Immigration. Here you can find a few of the most frequently heard misconceptions—along with information to help separate fact from fear:
<http://www.learningforjustice.org/misconceptions/2011-ten-myths-about-immigration>

The immigrant community is currently dealing with an exceedingly elevated level of stress and anxiety due to living in fear and constantly dealing with unfair and unequal treatment, bigotry, uncertainty, threats, and psychological maltreatment. One of the best ways to deal with anxiety is to be prepared.

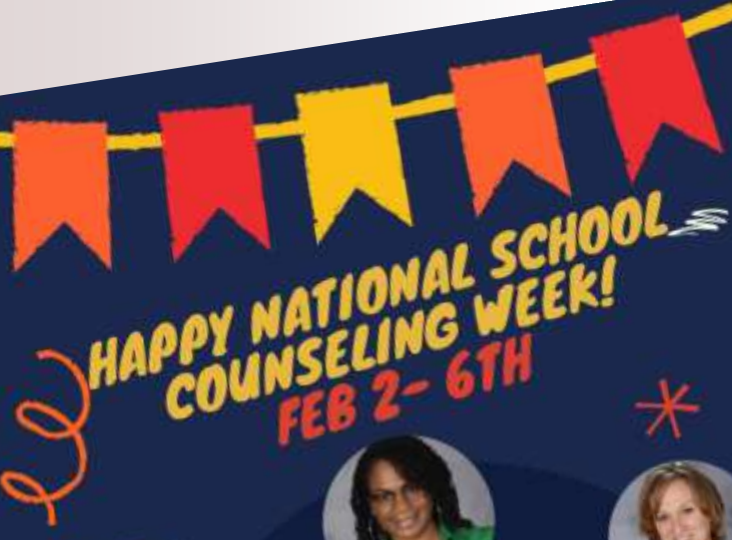

1. Make a childcare plan that includes preparing documents, deciding who will care for children, emergency contacts, etc.
2. Find out about your immigration options; find a licensed immigration attorney.
3. Know your rights. <http://kidsfirst.org/> or www.ill.org/your-rights-stopped-by-police or www.ill.org/community-resources
4. Seek mental health services. Counselors can provide a space for youth and families to vent their frustrations, fears, mistrust, and sadness.

German-American Student Exchange Opportunity

The Thomas W. McCormick Scholarship Fund & The German-American Friendship Club

In order to make this program possible, the Thomas W. McCormick Scholarship Fund and the German-American Friendship Club (DAFN) have been working together for many years to continue providing exchange opportunities to students.

Simply put, the McCormick Scholarship Fund works on the American side to finance the flights to and from Germany, as well as organizing and preparing the participating students before their departure.

DAFN works on the German side and is responsible for creating the international student pairs and organizing certain events that occur in Germany, among many other things.

What Is this Student Exchange Opportunity?

- This exchange program grants students the once-in-a-lifetime opportunity to travel to Germany during the summer with the purpose of fostering international relations and expanding cultural diversity.
- The American students are to be paired with a German student and together they will share roughly 4 weeks in each of the sister cities of Fort Lauderdale, FL and Duisburg, Germany.

Some basics:

- ◆ This is NOT a BCPS-sponsored program, nor is it sponsored by STC & STHS.
- ◆ The round-trip flights are paid for by the Thomas McCormick Scholarship Foundation.
- ◆ The room and board are provided to the STHS student by the German student's family while in Germany (4 weeks), as it will be provided to the German student by the STHS student's family upon return to Fort Lauderdale (4 weeks).
- ◆ While in Ft. Lauderdale, the STHS host family will be responsible for the German Student's transportation and attendance to the Language School for the first three weeks of the visit, with the German student attending STHS with their host student in their fourth week before returning to Germany.
- ◆ A current USA Passport will be required for travel between USA and Germany.
- ◆ Please contact [Ms. Mola](#) at STHS for more information.

NCAA Info/Updates

Ongoing Task for Potential NCAA Student Athletes

To increase our practice of ensuring our student athletes meet NCAA requirements, we are asking Directors to reach out to their Athletic Directors to request a list of all student athletes (those students that are on their rosters). Distribute this list among your school counseling team as applicable. As you meet individually to review 4-year course plans, we want to align their course progress with the NCAA timeline. Share the NCAA Guide for the College Bound Student Athlete and Initial Eligibility checklist with these students (**see NCAA Info/Updates below for these linked documents**), and be sure to review the details that align with their respective grade level. Beginning this practice keeps our student athletes on track and ready to continue as potential collegiate athletes after graduation! Thank you for your support!

The NCAA Eligibility Center Updates

- "Fee Waiver" section is now its own tab.
- There are enhanced transcript upload features. These updates are intended to make it easier to know when you have and haven't uploaded a transcript for a student, as well as seeing if another high school needs to upload a transcript.
- There are increased visibility for primary and secondary contacts to student accounts plus an added Multi-Factor Authentication to ensure security when you look at student specific information.

NCAA Guide for College Bound Student Athletes

To access this useful resource, please use the following link: [NCAA Guide for the College Bound Student Athlete](#)

This is a PDF document that can be downloaded and shared with interested students and families.

NCAA Eligibility Center

Students interested in playing Division I or II sports at the college level must visit the [NCAA Eligibility Center](#) to create an [Academic and Athletics Certification](#) account to be considered for participation.

O Que Os Imigrantes Devem Saber

Existem muitas percepções errôneas sobre os imigrantes. Afirmações sem fundamento, especialmente quando disseminadas entre estudantes e famílias, podem ter resultados muito negativos e ofensivos. Uma fonte confiável de informações é "Learning for Justice", onde você pode encontrar alguns dos conceitos errôneos mais frequentemente ouvidos, juntamente com informações para separar os fatos do mito.

<http://www.learningforjustice.org/resources/june-2011-lessons-about-immigration>

A comunidade de imigrantes está neste momento lidando com um nível muito alto de estresse e ansiedade por estar vivendo com medo e lidar constantemente com intolerância, incerteza, ameaças e mau trato psicológico. Uma das melhores maneiras de lidar com a ansiedade é estar preparado.

1. Tenha um plano de cuidados infantis que inclua a preparação de documentos, a decisão de quem cuidará das crianças, custos de emergência, etc.
2. Saiba mais sobre as suas opções de imigração; procure um advogado licenciado de imigração.
3. Saiba os seus direitos. <http://www.civilrights.org> ou www.aclea.org/news-room/civilrights-justice-policy ou www.dhr.org/redcard
4. Procure serviços de saúde mental. Os orientadores podem possibilitar um espaço para jovens e famílias para debater suas frustrações, medos, desconfiança e tristeza.
