

THE **NON-CONSENTING** **VAPE** EXPERIMENT

PARENT SUPPORT GROUP

A supportive, judgment-free space for parents of teens who vape

Adolescent brains are still developing. BIG Tobacco exploits the propensity for addiction by marketing in a way that is appealing to teens. Add in peer pressure and stress and you have a child who is vaping.

**TEENAGERS ARE BEING TARGETED TO BE THE NEXT
“REPLACEMENT SMOKER”**

CALVERT COUNTY
HEALTH
DEPARTMENT

- **Do you have a teen who is vaping?**
- **Feeling scared, worried and unsure of what to do next?**
- **Join our 4 week parent support group**
- **Use the QR code to sign up ... or**
