

# Community

Some of our Bumblebees had the opportunity to spend the evening at Morada Temple Senior Living for their Sweethearts Dance — and it was something special. 🍷💕

These young men didn't just show up... they shook hands, shared stories, danced, laughed, and listened. They learned about life, love, commitment, and what it truly means to grow old with character.

Moments like this matter. This is how you build more than football players — you build men. Another chapter added in the journey of becoming great husbands, fathers, and leaders one day.

Proud of the way they represented our school and community. That's the Bumblebee way. 🍷💕
