### Disclaimer:

*A selection committee will evaluate all submitted applications and select recipients based on quality of academic record, career objective, and extracurricular activities. All applicants are considered without regard to color, gender, race, creed, or country of origin. The Fox River Valley branch abides by ASCE Policy 417 regarding justice, equity, diversity, and inclusion.*

*In the event that a category receives no qualified applicants, the Scholarship Committee reserves the right to award the scholarship to the next highest-scoring candidate in the other category. In the event that there are extra funds available and there are well-qualified candidates, the Scholarship Committee may grant additional awards to the next most qualified candidate(s).*

*The Scholarship Committee reserves the exclusive right to not award a scholarship in a specific category or award additional scholarships in a category for any given school year at its discretion. The completion and submittal of a completed application does not obligate the Fox River Valley Branch of ASCE to award a scholarship to any applicant.*

WISCONSIN SECTION

Fox River Valley Branch

**2026 ASCE SCHOLARSHIP  
APPLICATION INSTRUCTIONS**

---

**Purpose**

The Fox River Valley Branch of the Wisconsin Section of the American Society of Civil Engineers (ASCE) provides scholarships to high school students who are pursuing degrees in Civil Engineering and/or a Civil Engineering related field.

**Entry Requirements**

Applicants **must** submit:

- Completed application form.
- Proposed curriculum of study (i.e. list of courses that have been or will be taken during the course of the pursued curriculum) and how it relates to Civil Engineering.
- One-page essay of educational plans and career objectives.
- One-page resume that includes all schools attended: dates attended, grade point average, work experience, civic/community involvement, and/or extracurricular activities.
- Unofficial transcripts.

Incomplete applications will not be considered.

**Eligibility Categories**

**Category A – High School Senior Pursuing a degree in Civil Engineering**

- Enrolling full time in an ABET-accredited university or college for the fall 2026 semester.
- Pursuing an undergraduate degree in Civil Engineering.
- U.S. citizen and Wisconsin resident.

**Category B – High School Senior Pursuing a degree in a Civil Engineering related field**

- Enrolling full time in a university, college, or technical college for the fall 2026 semester.
- Pursuing an undergraduate degree relevant to Civil Engineering, but not specifically a Civil Engineering degree.
- Pursuing an Associate's Degree in Civil Engineering Technology, Materials Science, Surveying, or civil engineering related program.
- U.S. citizen and Wisconsin resident.

**Selection Criteria**

A selection committee will evaluate the applications and select the recipient(s) based on quality of academic records, career objectives, and extracurricular activities. All applicants are considered without regard to color, gender, race, creed, or country of origin.

**Support Provided**

Each scholarship will provide a one-time grant to the most qualified applicant(s) meeting the eligibility requirements in each of the two eligibility categories. The funds will be disbursed as follows, depending on the eligibility category met:

1. Category A – **(1) \$2,000 Scholarship**
2. Category B – **(1) \$1,000 Scholarship**

In the event that a category receives no qualified applicants, the Scholarship Committee reserves the right to award the scholarship to the next highest-scoring candidate in the other category. In the event that there are extra funds available and there are well-qualified candidates, the Scholarship Committee may grant additional awards to the next most qualified candidate(s).

Funds will be disbursed directly to the financial aid or Registrar's office of the recipient's school upon verification of enrollment.
