GORMAN & ASSOCIATES, P.C.

CERTIFIED PUBLIC ACCOUNTANTS

Members of
American Institute of Certified Public Accountants
Pennsylvania Institute of Certified Public Accountants

Members of the Board
Northwestern Lehigh School District
6493 Route 309
New Tripoli, PA 18066-9409

We have performed the Single Audit of the Northwestern Lehigh School District for the fiscal year ended June 30, 2025, and have enclosed the Single Audit reporting package.

The Single Audit was done to fulfill the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, which entailed:

1. An audit of the basic financial statements, and our opinion thereon;
2. A review of compliance and of internal control over financial reporting based on an audit of the financial statements performed in accordance with Governmental Auditing Standards, and our report thereon;
3. An examination of the Schedule of Expenditures of Federal Awards and our report thereon; and,
4. An opinion on compliance with requirements applicable to each major program, and a review of internal control over compliance in accordance with the Uniform Guidance, explained above, and our report thereon.

Respectfully submitted,

Gorman & Associates, P.C.

January 30, 2026

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Northwestern Lehigh School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Northwestern Lehigh School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Northwestern Lehigh School District, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Northwestern Lehigh School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Northwestern Lehigh School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Northwestern Lehigh School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Northwestern Lehigh School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6-13, the schedules associated with the District's Defined Benefit Pension Plan, and the Schedules of the District's OPEB Plans, on pages 82-88, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Northwestern Lehigh School District's basic financial statements. The accompanying combining and individual non-major fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 14, 2025, on our consideration of the Northwestern Lehigh School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Northwestern Lehigh School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Northwestern Lehigh School District's internal control over financial reporting and compliance.

Respectfully submitted,

Northampton, Pennsylvania

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
Required Supplementary Information (RSI)
(UNAUDITED)
For the Year Ended June 30, 2025

The Northwestern Lehigh School District's (the "District") discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position (its ability to address the next and subsequent year's challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns. Readers should also review the financial statements and notes to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

- As of June 30, 2025, the District's net position equaled \$5,222,808 for an increase of \$5,435,534.
- The governmental net position equaled \$5,294,939 for an increase of \$5,182,566.
- The business-type net position equaled (\$72,131), for an increase of \$252,968.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Northwestern Lehigh School District as a financial whole, an entire operating entity, and the major individual funds. The statements then proceed to provide an increasingly detailed look at specific financial activities.

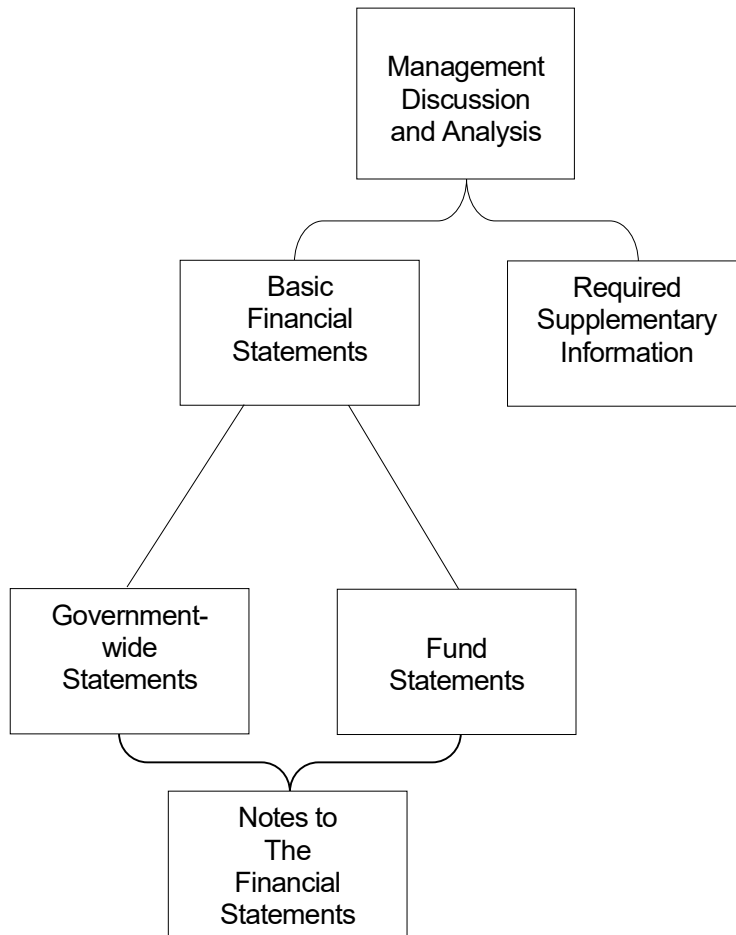

The first two statements are government-wide financial statements: The Statement of Net Position and the Statement of Activities. These provide both long-term and short-term information about the District's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the District's operations in more detail than the government-wide statements. The governmental funds statements tell how general District services were financed in the short-term as well as what remains for future spending. Proprietary fund statements offer short-term and long-term financial information about the activities that the District operates like a business. For the District these are our Food Service Fund and Tiger Concessions Fund. Fiduciary fund statements provide information about financial relationships where the District acts solely as a trustee or agent for the benefit of others, to whom the resources belong.

NORTHWESTERN LEHIGH SCHOOL DISTRICT
Management's Discussion and Analysis

OVERVIEW OF FINANCIAL STATEMENTS

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private sector companies. The focus of the Statement of Net Position (the "unrestricted net position") is designed to be similar to a bottom line for the District and its governmental and business-type activities. This statement combines and consolidates governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The Statement of Activities is focused on both the gross and net cost of various activities, which are provided by the government's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidies to various business-type activities.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources are one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position are an indication of whether its financial health is improving or deteriorating, respectively.

The government-wide financial statements of the District are divided into two categories:

- Governmental activities - All of the District's basic services are included here, such as instruction, administration, and community services. Property taxes, state and federal subsidies, and grants finance most of these activities.
- Business-type activities - The District conducts food service and stadium concession (Tiger Concession) operations and charges fees to staff, students, and visitors to cover the costs.

Fund Statements

The District's fund statements provide detailed information about the most significant funds - not the District as a whole. Some funds are required by state law and by bond requirements.

- Governmental Funds - Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or less financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements. Governmental funds include the General Fund, Capital Reserve Fund, and Capital Projects Funds.
- Proprietary Funds - These funds are used to account for the District's activities that are similar to business operations in the private sector, or where the reporting is on determining net income, financial position, or changes in financial position. These funds have a significant portion of funding through user charges. When the District charges customers for services, these services are generally reported in proprietary funds. The Food Service and Tiger Concession Funds are the

NORTHWESTERN LEHIGH SCHOOL DISTRICT
Management's Discussion and Analysis

District's proprietary funds and are the same as the business-type activities reported in the government-wide statements, but provide additional detail and information, such as cash flows.

- **Fiduciary Funds** - The District is the trustee, or fiduciary. Custodial funds are used to account for assets held by the District as an agent for individuals, private organizations, other governmental entities and/or other funds. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the District's other fund statements because the District cannot use these assets to finance its operations.

OVERALL FINANCIAL HIGHLIGHTS

Governmental Activities

General Fund - The District received \$2,331,335 more in General Fund revenue and other financing sources than originally budgeted. This positive variance is primarily attributed to the local revenues. There were net positive budget variances in total expenditures and other financing uses amounting to \$713,491.

The District budgeted for a planned transfer to Capital Reserve for future anticipated capital projects.

As of June 30, 2025, the District has committed and assigned \$10,311,432 and \$8,382,479, respectively for Other Post-Employment Benefits (OPEB), healthcare stabilization, retirement stabilization (PSERS), Emmaus bond pool rate stabilization, millage rate stabilization, energy stabilization, technology, state and federal funding uncertainty, capital projects, and buses. As of June 30, 2025, the district has an unassigned fund balance of \$2,286,299.

Business-Type Activities

- **Food Service Fund** - The Food Service operations experienced net income of \$251,021, during the 2024-2025 fiscal year, with depreciation expense of \$12,269.

Government-wide Statements

Most of the District's net position is invested in capital assets (buildings, land and equipment). The District's restricted net position is for capital projects, retirement of long-term debt and other restrictions. The remaining unrestricted net position is a combination of committed, assigned and unassigned amounts. The categories of fund balances are amounts set-aside to fund the future year's appropriations, future PSERS and GASB #45 obligations, future medical rate increases, capital projects, millage rate stabilization and buses as planned by the District.

NORTHWESTERN LEHIGH SCHOOL DISTRICT
Management's Discussion and Analysis

THE DISTRICT FUNDS

Governmental Funds

As of June 30, 2025, the governmental funds reported a combined fund balance of \$26,098,303, which increased from the prior year by \$1,507,249.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2025, the District had \$79,111,832 invested in a broad range of capital assets including land, buildings, furniture and equipment, which represents a net decrease (additions less retirements and depreciation) of \$843,620 from the end of last year. Detailed information regarding capital asset activity is included in the notes to the basic financial statements (Note 5).

Debt Outstanding

As of June 30, 2025, the District had \$45,666,374 in debt (bonds and notes) outstanding compared to \$48,845,840 as of June 30, 2024. This represents a decrease of \$3,179,466. Other obligations include accrued vacation pay and sick leave for specific employees of the District.

More detailed information regarding our long-term liabilities is included in the notes to the basic financial statements (Note 5).

ECONOMIC CONSIDERATIONS

The District expects minimal growth in real estate assessed value due to the economic conditions. The District expects earned income tax revenues to be consistent with prior year collections.

During 2024-2025 the District stayed within the adjusted ECI/SAWW and did not utilize any exceptions.

CONTACTING THE DISTRICT FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, taxpayers, parents, students, investors and creditors with a general overview of the District's finances and to show the Board's accountability for the money the District receives. If you have questions about this report or wish to request additional financial information, please contact Christie Steigerwalt, Business Administrator, at Northwestern Lehigh School District, 6493 Route 309, New Tripoli, PA 18066, (610) 298-8661.

The Accompanying Notes are an integral part of these financial statements.

**Northwestern Lehigh School District
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
As of June 30, 2025**

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS \$ 26,098,303

Amounts reported for governmental activities in the statement of net position are different because:

Capital Assets – Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds. The cost of these assets is \$121,266,466 and the accumulated depreciation and amortization totals \$42,154,634 79,111,832

Deferred Charges on Refunding – This amount represents deferred outflows of resources arising from the refunding of prior bond issues. These deferred amounts are amortized over the remaining life of the refunded or refunding debt, whichever is shorter. 203,558

Deferred Property Taxes – Property taxes receivable are recognized as revenue in the statement of net position but are deferred in the governmental funds because they are not available to finance current period expenditures. These amounts will be collected in future periods 773,778

Inventory Reporting – Governmental funds use the purchase method, under which inventory is expensed when purchased and not reported as an asset. In contrast, the statement of net position applies the consumption method, recognizing inventory as an asset until it is used 132,405

Pension and OPEB-Related Deferred Inflows and Outflows – This amount represents deferred outflows of resources, net of deferred inflows of resources, related to the District’s net pension and OPEB liabilities. These amounts will be recognized in future periods in accordance with applicable GASB standards. 5,055,606

Long-Term Obligations – Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds. These include bonds and notes payable, accrued interest, lease-purchase obligations, compensated absences, and net pension and OPEB liabilities (106,080,543)

TOTAL NET POSITION - GOVERNMENTAL ACTIVITIES **\$ 5,294,939**

**Northwestern Lehigh School District
Reconciliation of the Governmental Funds
Statement of Revenues, Expenditures, and Changes in Fund Balance
to the Statement of Activities
For the Year Ended June 30, 2025**

NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS \$ 1,507,249

Amounts reported for governmental activities in the statement of activities are different because:

Capital Outlay and Depreciation – Governmental funds report capital outlays as expenditures, while in the statement of activities these amounts are capitalized and depreciated over the assets' estimated useful lives. This amount represents the net effect of capital outlay and depreciation during the current period.

Depreciation expense	\$ 3,356,023	
less - capital outlays	<u>2,521,855</u>	(834,168)

Capital Assets Financed by Debt – Some capital assets were acquired through the issuance of long-term debt. In governmental funds, the amount financed is reported as a source of financing, while in the statement of activities it results in the recognition of a long-term liability rather than revenue.

(231,730)

Disposal of Capital Assets – In governmental funds, proceeds from the sale or disposal of capital assets are reported as an increase in financial resources, while in the statement of activities only the gain or loss on the disposal is recognized. This amount represents the

(9,453)

Deferred Property Tax Revenues – Because certain property taxes are not collected soon enough after year-end to be considered available, they are deferred in the governmental funds. This amount represents the increase in deferred inflows of resources related to property taxes

(29,583)

Repayment of Debt, Financed Purchases, and Lease Liabilities – In governmental funds, repayments of bonds, financed purchase, and lease principal are reported as expenditures, while

3,204,621

Compensated Absences and Termination Benefits – In governmental funds, expenditures for compensated absences and special termination benefits are recognized when financial resources are used, while in the statement of activities these costs are measured based on the amounts earned during the year. This amount represents the difference between benefits earned and benefits paid in the current period.

(37,398)

Interest on Long-Term Debt – In governmental funds, interest on long-term debt is recognized when due, while in the statement of activities it is recognized as it accrues. This amount also includes the amortization of bond premiums and discounts and represents the net difference between accrued and paid interest for the current period.

(12,085)

Inventory Reporting – Governmental funds use the purchase method, recognizing inventory items as expenditures when purchased, while the statement of activities applies the consumption method, recognizing expenses as inventory is used. This amount represents the change in inventory balance during the current period.

(32,482)

Pension and OPEB Expense – In governmental funds, pension and OPEB contributions are reported as expenditures when paid, while in the statement of activities pension and OPEB expense is recognized based on the change in the net pension and OPEB liabilities. This amount represents the difference between current year expense and contributions made during the year.

Note 1 - Description of the School District and Reporting Entity

School District

The Northwestern Lehigh School District is located in New Tripoli, Pennsylvania. The District tax base consists of the Townships of Heidelberg, Lowhill, Lynn, and Weisenberg.

The Northwestern Lehigh School District is a unit established, organized, and empowered by the Commonwealth of Pennsylvania for the express purpose of carrying out, on the local level, the Commonwealth's obligation to public education, as established by the constitution of the Commonwealth and by the School Law Code of the same (Article II; Act 150, July 8, 1968).

As specified under the School Law Code of the Commonwealth of Pennsylvania, this and all other school districts of the state "shall be and hereby are vested as, bodies corporate, with all necessary powers to carry out the provisions of this act" (Article II, Section 211).

Board of School Directors

The public school system of the Commonwealth shall be administered by a board of school directors, to be elected or appointed, as hereinafter provided. At each election of school directors, each qualified voter shall be entitled to cast one vote for each school director to be elected.

The Northwestern Lehigh School District is governed by a board of nine School Directors who are residents of the School District and who are elected every two years, on a staggered basis, for a four-year term.

The Board of School Directors has the power and duty to establish, equip, furnish, and maintain a sufficient number of elementary, secondary, and other schools necessary to educate every person, residing in such district, between the ages of six and twenty-one years, who may attend.

In order to establish, enlarge, equip, furnish, operate, and maintain any schools herein provided, or to pay any school indebtedness which the school district is required to pay, or to pay any indebtedness that may at any time hereafter be created by the school district, the board of school directors are vested with all the necessary authority and power annually to levy and collect the necessary taxes required and granted by the legislature, in addition to the annual State appropriation, and are vested with all necessary power and authority to comply with and carry out any or all of the provisions of the Public School Code of 1949.

Administration

The Superintendent of Schools shall be the executive officer of the Board of School Directors and, in that capacity shall administer the School District in conformity with Board policies and the School Laws of Pennsylvania. The Superintendent shall be directly responsible to, and therefore appointed by, the Board of School Directors. The Superintendent shall be responsible for the overall administration, supervision, and operation of the School District.

The Business Administrator, recommended by the Superintendent and appointed by the Board of School Directors, shall supervise and coordinate all business aspects of the School District. In this capacity, he or she shall be responsible to ensure that all work accomplished by him/her, or by persons under his/her supervision, is in the best interests of the Northwestern Lehigh School District. The Business Administrator is directly responsible to the Superintendent.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to insure that the financial statements of the School District are not misleading. The primary government consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Northwestern Lehigh School District, this includes general operations, food service, and student related activities of the School District.

Northwestern Lehigh School District is a municipal Corporation governed by an elected nine-member board. As required by accounting principles, generally accepted in the United States of America, these financial statements are to present Northwestern Lehigh School District (the primary government) and organizations for which the primary government is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are financially dependent on the School District in that the School District approved the budget, the issuance of debt, or the levying of taxes. Based upon the above criteria, the Northwestern Lehigh Education Foundation is not considered to be a component unit of the School District.

Joint Ventures

Lehigh Career and Technical Institute

The School District is a participating member of the Lehigh Career and Technical Institute (LCTI). The LCTI is run by a joint committee consisting of members from each participating district. No participating district appoints a majority of the joint committee. The board of directors of each participating district must approve the LCTI's annual operating budget. Each participating district pays a pro-rata share of the LCTI's operating costs based on the number of students attending the LCTI for each district. The District's share of the LCTI's operating costs for 2024-25 was \$1,761,998.

On dissolution of the Lehigh Career and Technical Institute, the net position of LCTI will be shared on a pro-rata basis of each participating district's current market value of taxable real property as certified by the Pennsylvania State Tax Equalization Board. However, the District does not have an equity interest in LCTI as defined by GASB Statement No. 14, except for a residual interest in the net position of LCTI upon dissolution that should not be reported on the basic financial statements. Complete financial statements for the LCTI can be obtained from the LCTI's administrative office at 4500 Education Park Drive, Schnecksville, PA.

Lehigh-Carbon Community College

The District is a participating member of the Lehigh-Carbon Community College (LCCC). The LCCC is run by a Board of Trustees elected by the participating member districts' boards of directors. No participating district appoints a majority of the Board of Trustees. A vote of two-thirds of all member districts shall be required for approval of the LCCC's annual operating budget. The amount of the annual operating costs of the LCCC shall be apportioned among the member districts on the basis of the number of full-time equivalent students enrolled in LCCC and residing in the respective geographical areas of each of the member districts. The District's share of LCCC's operating costs for 2024-25 was \$226,531.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

On dissolution of the Lehigh-Carbon Community College, the net position of LCCC will be shared on a pro-rata basis of each member district's current market value of taxable real property as certified by the Pennsylvania State Tax Equalization Board.

However, the District does not have an equity interest in LCCC as defined by GASB Statement No. 14, except for a residual interest in the net position of LCCC upon dissolution that should not be reported on the basic financial statements. Complete financial statements for the LCCC can be obtained from the LCCC's administrative office at 4525 Education Park Drive, Schnecksville, PA.

Jointly Governed Organizations

The School District is a participating member of the Carbon-Lehigh Intermediate Unit (CLIU). The CLIU is run by a joint committee consisting of members from each participating district. No participating district appoints a majority of the joint committee. The boards of directors of the participating districts must approve the CLIU's annual operating budget. However, the CLIU is self-sustaining by providing services for fees to participating districts. The District has no on-going financial interest or responsibility in the CLIU. The CLIU contracts with participating districts to supply special education services, computer services, and acts as a conduit for certain federal programs.

Note 2 - Summary of Significant Accounting Policies

The financial statements of the District have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. On June 15, 1987, the GASB issued a codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced. GASB Statement No. 62 was issued to include all prior Financial Accounting Standards Board's statements and interpretations, along with predecessors' statements and interpretations pertaining to governments into the hierarchy of the Governmental Accounting Standards Board's jurisdiction.

A. *Basis of Presentation*

The School District's basic financial statements consist of government-wide statements, including a statement of net position, a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities. The statement of net position presents the financial condition of the governmental and business-type activities of the School District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities and for two business-type activities of the School District. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular program. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

program revenues identifies the extent to which each business activity or governmental function is self-financing or draws from the general revenues of the School District.

Fund Financial Statements During the year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The fiduciary funds are reported by type.

B. Fund Accounting

The School District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions typically are financed. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Deferred outflows of resources are recorded in a particular governmental fund where costs are spent for a future period. Current Liabilities are assigned to the governmental fund from which they will be paid. Deferred inflows of resources are recorded in a particular governmental fund that has received resources for a future period. The difference between the sum of assets and deferred outflows of resources minus the sum of liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

General Fund

The General Fund should be used to account for and report all financial resources not accounted for and reported in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term proceeds of specific revenue sources establish that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. The restricted or committed proceeds of specific revenue sources should be expected to continue to comprise a substantial portion of the inflows reported in the fund. Other resources also may be reported in the fund if those resources are restricted, committed, or assigned to the specified purpose of the fund.

Student Sponsored Activity Fund

This fund is set up in accordance with Section 511 of the PA School Code for student sponsored school organizations and publication which do not meet the criteria to be reported as custodial funds per GASB Statement 84.

Capital Project Funds

Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

The District has the following Capital Project Funds:

Capital Projects Fund (38)

This fund received the proceeds of General Obligation Notes – Series of 2022 to fund renovations and improvements to District facilities. This fund is presented as a Non-Major Governmental Fund.

Capital Reserve Fund

This fund was created in accordance with Section 1432 of the Municipal Code. The Municipal Code restricts how the resources are spent within this fund.

Proprietary Funds Proprietary funds focus on the determination of changes in net position, financial position, and cash flows and are classified as enterprise funds. The Proprietary Funds of the School District have operating and nonoperating revenues and/or expenses. Transactions for which cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities are reported as nonoperating revenues and/or expenses, including subsidies received from the state and federal government for school lunches, donated commodities, and amounts received for FICA and retirement subsidies. Operating revenues reported are consistent with the fees or charges incurred based on the intent of the individual proprietary fund.

Enterprise Funds

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The School District's major enterprise fund is:

Food Service Fund

This fund accounts for the financial transactions related to the food service operations of the School District.

Fiduciary Funds Fiduciary funds reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: Pension (and other employee benefit) trust funds, investment trust funds, Private-purpose trust funds and Custodial funds. The School District has one Fiduciary Fund:

Student Activity Fund

This fund is considered a custodial fund and is reported as such in the Statement of Net Position Fiduciary Funds and the Statement of Changes in Fiduciary Net Position. Custodial funds are used to report fiduciary activities that are not required to be reported in one of the other three Fiduciary fund types.

C. Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the School District are included on the statement of net position.

Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet, along with deferred outflows of resources or deferred inflows of resources required to be reported. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all enterprise funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities, including required deferred outflows of resources or required deferred inflows of resources, associated with the operation of these funds are included on the statement of fund net position. The statement of revenues, expenses, and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its enterprise activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the School District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

E. Budgetary Process

An operating budget is adopted prior to the beginning of each year for the General Fund on the modified accrual basis of accounting. The General Fund is the only fund for which a budget is legally required.

In accordance with Act 1 of 2006, the Board shall annually, but not later than the first business meeting of January, decide the budget option to be used for the following fiscal year. The Board shall approve either the Accelerated Budget Process Option or the Board Resolution Option.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Accelerated Budget Process Option

Under this option, a preliminary budget must be prepared 150 days prior to the primary election. Under this Option, the preliminary budget must be available for public inspection at least 110 days prior to the primary election. The Board shall give public notice of its intent to adopt the preliminary budget at least 10 days prior to the adoption. The adoption must occur at least 90 days prior to the primary election. If the preliminary budget exceeds the increase authorized by the Index, an application for an exception may be filed with either a Court of Common Pleas with jurisdiction or PDE and made available for public inspection. The Board may opt to forego applying for an exception by submitting a referendum question seeking voter approval for a tax increase, in accordance with Act 1.

The final budget shall include any necessary changes from the adopted preliminary budget. Any reduction required as the result of the failure of referendum shall be clearly stated. The final budget shall be made available for public inspection at least 20 days prior to final adoption. The Board shall annually adopt the final budget by a majority vote of all members of the Board prior to June 30.

Board Resolution Option

Under the Board Resolution Option, the Board shall adopt a resolution that it will not raise the rate of any tax for the following fiscal year by more than the Index. Such resolution shall be adopted no later than 110 days prior to the primary election. At least 30 days prior to adoption of the final budget the Board shall prepare a proposed budget. The proposed budget shall be available for public inspection at least 20 days prior to adoption of the budget. The Board shall give public notice of its intent to adopt at least 10 days prior to adoption of the proposed budget. The Board shall annually adopt the final budget by a majority vote of all members of the Board by June 30.

Legal budgetary control is maintained at the sub-function/major object level. The PA School Code allows the School Board to make budgetary transfers between major function and major object codes only within the last nine months of the fiscal year, unless there is a two-thirds majority of the Board approving the transfer. Appropriations lapse at the end of the fiscal period. Budgetary information reflected in the financial statements is presented at or below the level of budgetary control and includes the effect of approved budget amendments.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the PDE 2028 when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all 2024-25 budget transfers.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Changes in Accounting Principles

During the fiscal year ended June 30, 2025, the School District implemented new accounting standards issued by the Governmental Accounting Standards Board (GASB). The financial statements reflect adoption of the following:

GASB Statement No. 101, Compensated Absences

GASB Statement No. 101 establishes a unified model for the recognition and measurement of liabilities for compensated absences (for example, vacation, sick leave, and similar leave). Under this standard, liabilities are recognized for leave that has accumulated and is expected to be used or paid, as well as leave that has been used but not yet settled. The standard also updates related disclosure requirements,

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

including eliminating the prior requirement to disclose which governmental funds typically liquidate compensated absence liabilities.

Statement No. 101 is effective for fiscal years beginning after December 15, 2023. Accordingly, the District adopted this standard beginning with the 2024–2025 fiscal year.

Impact of adoption: The adoption of GASB Statement No. 101 did not result in a material change to the District’s beginning net position as of July 1, 2024. The District evaluated its compensated absences policies and recalculated the related liability in accordance with the new model.

GASB Statement No. 102, *Certain Risk Disclosures*

GASB Statement No. 102 requires governments to assess and disclose certain concentrations and constraints that could expose the District to substantial risk of a significant impact. These disclosures are intended to improve transparency about vulnerabilities arising from dependencies on specific sources (such as a major revenue source, a significant supplier, or a limited labor pool) or restrictions that limit the District’s ability to respond to events.

Statement No. 102 is effective for fiscal years beginning after June 15, 2024. The District adopted this standard for the 2024–2025 fiscal year.

Impact of adoption: GASB Statement No. 102 did not change recognition or measurement in the financial statements. Its effect is limited to new or expanded note disclosures regarding applicable risks. Management evaluated the District’s activities and determined that no concentrations or constraints meeting the criteria for disclosure were present as of June 30, 2025.

H. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees’ Retirement System and additions to/deductions from the Public School Employees’ Retirement System’s fiduciary net position have been determined on the same basis as they are reported by the Public School Employees’ Retirement System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

I. Other Postemployment Benefits

Multiple Employer Cost Sharing OPEB Plan

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees’ Retirement System (PSERS) and additions to/deductions from PSERS’s fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Single Employer OPEB Plan

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information was obtained from the Actuary Report conducted by Conrad Siegel. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The single employer plan is not funded.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

J. Assets, Liabilities, and Net Position

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Proprietary Fund type considers all highly liquid investments with a maturity of three months or less, when purchased, to be cash equivalents.

Restricted Cash

Certain of the District's cash is restricted for the following purposes:

<u>Cash and Cash equivalents:</u>	
PLIGIT - Emmaus Debt Service	\$ 27
Scholarships	148,909
Special Education Settlements	<u>28,669</u>
Total restricted cash and cash equivalents	<u>\$ 177,605</u>

Investments

In accordance with GASB Statement No. 72, investments generally are to be measured at fair value. An investment is defined as a security or other asset that (a) a government holds primarily for the purpose of income or profit and (b) has the present service capacity based solely on its ability to generate cash or to be sold to generate cash. Investments not measured at fair value continue to include, for example, money market investments, 2a7-like external investment pools, investments in life insurance contracts, common stock meeting the criteria for applying the equity method, unallocated insurance contracts, and synthetic guaranteed investment contracts.

A government is permitted in certain circumstances to establish the fair value of an investment that does not have a readily determinable fair value by using the net asset value per share of the investment.

This Statement requires measurement at acquisition value (an entry price) for donated capital assets, donated works of art, historical treasures, and similar assets. These assets were previously required to be measured at fair value.

Fair Value is measured using a hierarchy of inputs using valuation techniques. The hierarchy has three levels. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are inputs, other than quoted prices, that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs.

The valuation techniques should be consistent with one or more of the following approaches: the market approach, the cost approach, or the income approach. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach reflects the amount that would be required to replace the present service capacity of an asset. The income approach converts future amounts (such as cash flows or income and expenses) to a single current (discounted) amount.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Property Tax Levy

Property taxes, which were levied during the fiscal year ended June 30, 2025, are recognized as revenue in the fund financial statements when received by the District during the fiscal year and also estimated to be received by the District within sixty (60) days after the fiscal year ended. Property taxes that were levied during the current fiscal year, which are not estimated to be received within sixty (60) days after the fiscal year-end, are recorded as receivable and deferred inflows of resources in the fund financial statements.

In the government-wide financial statements, all property taxes levied during the fiscal year are recognized as revenue, net of estimated uncollectible amount.

Inventories

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis, and are expensed when used. A physical inventory taken at June 30, 2025, shows \$132,405 in the governmental activities column and \$15,382 in the business-type activities column of the government-wide statement of net position.

Inventory type items in governmental funds utilize the purchase method; that is, they are charged to expenditures when purchased. There is no inventory shown as of June 30, 2025 therefore, there is no nonspendable fund balance. Inventory type items in Proprietary Funds use the consumption method, in which items are purchased for inventory and charged to expenses when used. The District has the following Proprietary Funds: (1) Food Service Fund and (2) Tiger Concession Fund. Inventory within these funds consists of donated commodities, which are valued at U.S.D.A.'s approximate costs, supplies, and purchased food.

Inventories on hand at June 30, 2025, consist of:

Purchased Food	\$ 9,522
Purchased Supplies	137
Donated Commodities	<u>5,723</u>
TOTAL	<u>\$ 15,382</u>

Prepaid Expenses

In both the government-wide and fund financial statements, prepaid expenses are recorded as assets in the specific governmental fund in which future benefits will be derived.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their acquisition values as of the date received. The School District maintains a capitalization threshold of two thousand five hundred (\$2,500) dollars. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of capital assets utilized by the enterprise funds is also capitalized.

All reported capital assets except land, certain land improvements and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Site Improvements	10 - 20 years	10 - 20 years
Buildings and Improvements	20 - 50 years	20 - 50 years
Furniture and Equipment	5 - 20 years	5 - 20 years
Vehicles	8 years	8 years
Right-to-use Equipment	Length of Lease	Length of Lease

Leases

The District recognizes lease liabilities and an intangible right-to-use lease asset(s) (lease asset) in the government-wide financial statements. The District recognizes lease liabilities with an initial, individual value of \$20,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

SBITAs (Subscription Based Information Technology Arrangements)

Occasionally the District enters into Subscription-Based Information Technology Arrangements. These arrangements grant the District the right to access use of software that is hosted by third-party vendors over a specified contract term. Unlike traditional software, the District does not take physical possession of or have the right to control the software; instead, it accesses and uses the software remotely.

In the entity-wide financial statements, SBITAs are reported as intangible assets based on the present value of future subscription payments to be made over the life of the arrangement. Correspondingly, a liability is recognized for the future payments, and it is amortized over the life of the SBITA. The amortization expense related to the intangible asset and any interest expense associated with the recognized liability are reported in the Statement of Activities.

In the fund financial statements, under the modified accrual basis of accounting, expenditures are recognized for SBITA payments when they are due. Therefore, no intangible asset or corresponding liability is reported in the governmental fund statements. The expenditures related to SBITA payments are recognized in the fund's Statement of Revenues, Expenditures, and Changes in Fund Balances in the period they payment is due.

Compensated Absences

The School District reports compensated absences in accordance with GASB Statement No. 101, Compensated Absences. Compensated absences include leave benefits, such as vacation and sick leave, that are provided to eligible employees in accordance with District policies and collective bargaining agreements.

Under GASB Statement No. 101, the District recognizes a liability for compensated absences that have been earned and are expected to be used or paid. The liability is measured based on the pay rates and applicable employer payroll taxes in effect at the financial statement date, net of any reimbursements.

Compensated absences are reported as liabilities in the government-wide financial statements. In the governmental fund financial statements, the portion of compensated absences that is expected to be liquidated with expendable available financial resources is reported as a fund liability, while the remaining portion is reported only in the government-wide financial statements.

Other Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts, and deferred amounts on refundings are deferred and amortized over the life of the bonds using modification of the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Any deferred amount on refundings are reported as deferred outflows of resources and amortized over the life of the bond issue. Bond issuance costs are expensed in the year they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts and premiums on debt issuances are reported as other financing uses and other financing sources, respectively. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as support service expenditures.

Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025

Reclassification

Certain amounts have been reclassified to conform to the June 30, 2025, presentation of government-wide financial statements on the accrual basis of accounting versus the governmental fund financial statements on the modified accrual basis.

Net Position

Net Position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net Investment in Capital Assets component of Net Position is comprised of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. In addition, any deferred outflows of resources and/or deferred inflows of resources related to such capital assets or liabilities associated with the capital assets should also be added to or deducted from the overall Net Investment in Capital Assets. The restricted component of Net Position is used when there are limitations imposed on their use either through the enabling legislation adopted by a higher governmental authority or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining component of Net Position is unrestricted.

The School District applies restricted resources first when an expense is incurred for purposes for which both the restricted and unrestricted components of net position are available.

Fund Balance Categories

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Below are the potential categories of fund balance the government may use with their definitions, the actual categories used is explained in Note 8 to the financial statements:

Nonspendable Fund Balance

This category includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance

Fund balance should be reported as restricted when constraints placed on the use of resources are externally imposed by creditors, grantors, contributors, or other government laws or regulations, or the constraint is imposed by enabling legislation or constitutional provisions.

Committed Fund Balance

This category pertains to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. The committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action.

This government's governing body is the School Board and the formal action taken to commit resources is done by resolution.

Assigned Fund Balance

This category includes all remaining amounts that are reported in governmental funds, except the general fund, that are not classified in one of the above-mentioned categories. In the general

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

fund, this category represents the District's intent to use resources for a specific purpose, which does not require formal action by the governing body. The District's policy dictates the Superintendent and Business manager are responsible to make these assignments.

Unassigned Fund Balance

This category of fund balance represents the residual classification for the general fund after segregating resources used in the other categories listed above. Unassigned fund balance will only be shown in other governmental funds if those governmental funds have a negative net fund balance.

The District's policy on fund balance does not dictate which category of unrestricted fund balance is spent first, when resources are available to be spent in various categories. As such, committed amounts will be reduced first, followed by assigned amounts, and then unassigned amounts. The District's policy also does not dictate whether restricted (nonspendable or restricted) or unrestricted (committed, assigned, and unassigned) is spent first when resources are available in both categories. As such, in these circumstances, restricted will be assumed to have been spent first followed by the unrestricted categories.

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of fixed assets, or from grants or outside contributions of resources restricted to capital acquisition and construction. The proprietary funds did not receive any capital contributions during the current year.

Note 3 - Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

The governmental fund balance sheet includes reconciliation between "fund balance - total governmental funds" and "net position - governmental activities" as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds". The details of this \$106,080,543 difference are:

Bonds and Notes Payable	\$ 45,575,000
Less: Issuance Discount (to be amortized as interest expense)	(7,753)
Add: Issuance Premium (to be amortized as a contra to interest expense)	99,127
Accrued Interest Payable	355,487
Compensated absences	603,158
Lease Purchase Obligations	218,313
Net Defined Benefit Pension Liability	53,710,814
Net Defined Contribution Pension Liability	51,486
Net OPEB Liability - Single Employer Plan	3,200,119
Net OPEB Liability - Multiple Employer Plan	2,274,792
Net adjustment to reduce "fund balance - total governmental funds" to arrive at "net position - governmental activities"	\$ 106,080,543

Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025

B. Explanation of Differences between Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances and the Statement of Activities

Due to the differences in the measurement focus and basis of accounting used on the government fund statements and district-wide statements certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. Differences between the governmental funds statement of revenues, expenditures, and changes in fund balance and the statement of activities fall into one of three broad categories.

The amounts shown in the columns on the following page represent:

- a) Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the statement of activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis whereas the accrual basis of accounting is used on the statement of activities. The long-term expenses reported below recognize the change in vested employee benefits.
- b) Capital related differences include (1) the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the statement of activities, and (2) the difference between recording an expenditure for the purchase of capital items in the governmental fund statements, and capitalization and recording of depreciation expense on those items as recorded in the statement of activities.
- c) Long-term debt transaction differences occur because long-term debt proceeds are recorded as revenue and both interest and principal payments are recorded as expenditures in the governmental fund statements. In the statement of activities, long-term debt proceeds are recorded as a liability; principal payments are recorded as a reduction of liabilities.

Note 4 - Stewardship, Compliance, and Accountability

A. Compliance with Finance Related Legal and Contractual Provisions

The District has no material violations of finance related legal and contractual provisions.

B. Deficit Fund Balance or Net Position of Individual Funds

As of June 30, 2025, the business-type activities had a deficit of \$72,131. The Food Service Fund has a \$153,759 deficit.

C. Excess of Expenditures over Appropriations in Individual Funds

No individual fund which had a legally adopted budget had an excess of expenditures over appropriations.

D. Budgetary Compliance

The District's only legally adopted budget is for the General Fund. All budgetary transfers were made within the last nine months of the fiscal year. The District cancels all purchase orders open at year-end; therefore, it does not have any outstanding encumbrances at June 30, 2025. In addition, the District includes a portion of the prior year's fund balance represented by unappropriated liquid assets remaining in the fund as budgeted revenue in the succeeding year. The results of operations on a GAAP basis do not recognize the fund balance allocation as revenue as it represents prior period's excess of revenues over expenditures.

Note 5 - Detailed Notes on all Funds and Activities

Assets

Cash

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a policy for custodial credit risk. As of June 30, 2025, \$30,394,665 of the District's bank balance of \$30,865,996 and restricted cash of \$28,669, was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$	28,669
Collateralized with securities held by the pledging financial institution		-
Uninsured and collateral held by the pledging bank's trust department not in the District's name		30,365,996

Investments

Permitted investments for Northwestern Lehigh School District are defined in the Public School Code of 1949, as amended by Act 10 of 2016 as:

1. United States Treasury Bills;
2. Short-term obligations of the United States Government or its agencies or instrumentalities;
3. Deposits in savings accounts or time deposits or share accounts of institutions insured by the F.D.I.C; and,
4. Obligations of the United States of America or any of its agencies or instrumentalities, the Commonwealth of Pennsylvania or any of its agencies or instrumentalities or any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities.
5. Obligations, participations or other instruments of any Federal Agency, instrumentality or United States government sponsored enterprise, including those issued or fully guaranteed as the principal and interest by Federal agencies, instrumentalities or United States government sponsored enterprises, if the debt obligations are rated at least "A" or its equivalent by at least two nationally recognized statistical ratings organizations.
6. Repurchase agreements with respect to United States Treasury bills or obligations, participations or other instruments of or guaranteed by the United States or any Federal agency, instrumentality or United States government sponsored enterprise.
7. Negotiable certificates of deposit or other evidences of deposit, with a remaining maturity of three years or less, issued by a nationally or State-chartered bank, a Federal or State savings and loan association or a State-licensed branch of a foreign bank. For obligations with a maturity of one year or less, the debt obligations of the issuing institution or its parent must be rated in the top short-term rating category by at least two nationally recognized statistical ratings organizations. For obligations with a maturity in excess of one year, the senior debt obligations of the issuing institution or its parent must be rated at least "A" or its equivalent by at least two nationally recognized statistical ratings organizations.
8. Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers' acceptances, if the bankers' acceptances do not exceed 180 days maturity and the accepting bank is rated in the top short-term category by at least two nationally recognized statistical ratings organizations.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

9. Commercial paper issued by corporations or other business entities organized in accordance with Federal or State law, with a maturity not to exceed 270 days, if the paper is rated in the top short-term category by at least two nationally recognized statistical ratings organizations.
10. Shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933 and, if all of the following conditions are met:
 - The investments of the company are the authorized investments listed above.
 - The investment company is managed in accordance with 17 CFR 270.2a-7 (related to money market funds).
 - The investment company is rated in the highest category by a nationally recognized rating agency.
11. Savings or demand deposits placed in accordance with the following conditions:
 - The money is initially deposited and invested through a federally insured institution having a place of business in this Commonwealth, which is selected by the public corporation or municipal authority.
 - The selected institution arranges for the redeposit of the money in savings or demand deposits in one or more financial institutions insured by the Federal Deposit Insurance Corporation, for the account of the public corporation or municipal authority.
 - The full amount of principal and any accrued interest of each such deposit is insured by the Federal Deposit Insurance Corporation.
 - On the same date that the money is redeposited pursuant to above, the selected institution receives an amount of deposits from customers of other financial institutions equal to or greater than the amount of money initially invested through the selected institution by the public corporation or municipal authority.

As of June 30, 2025, the District had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Pa. Local Government Investment Trust		\$ 27
Certificates of Deposit		23,000,000
PA School District Liquid Asset Fund		35
TOTAL		\$ 23,000,062

Interest Rate Risk

The District does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Credit Risk

The District has no investment policy that would limit its investment choices to certain credit ratings. As of June 30, 2025, the District's investments in the PA School District Liquid Asset Fund and PA Local Government Investment Trust were rated AAAM by Standard & Poor's.

Concentration of Credit Risk

The District places no limit on the amount the District may invest in any one issuer. Of the General Fund's investments, 100% are in Certificates of Deposit with New Tripoli Bank. Of the governmental activities investments, 100% are in Certificates of Deposit at New Tripoli Bank. For entity-wide purposes, 100% of all investments are in Certificates of Deposit at New Tripoli.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. The District did not have investments exposed to custodial credit risk.

Reconciliation to Financial Statements

Total Investments Above	\$ 23,000,062
Less: Deposits in Investment Pool Considered Cash Equivalents	<u>(62)</u>
Total Investments Per Financial Statements	<u>\$ 23,000,000</u>

Fair Value Reporting

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District did not have any recurring fair value investments at June 30, 2025. The District did have Cash Equivalents in 2a7-like external investment pools, which GASB Statement No. 72 allows to be recorded at amortized cost as provided in paragraph 16 of GASB Statement No. 31.

Property Taxes

Property taxes are levied on July 1, on the assessed value listed, as of that date, for all taxable real property located in the District. Assessed values are established by the County Board of Assessments. All taxable real property was assessed at \$1,702,900,300. In accordance with Act 1 of 2006, the District received \$1,025,490 in property tax reduction funds for the 2024-25 fiscal year. The tax rate for the year was \$20.1025 per \$100 of assessed valuation or 20.1025 mills.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

The property tax calendar is:

- July 1 - Full year tax assessed for current year.
- July 1 - August 31 - Discount period during which a 2% discount is allowed.
- September 1 - October 31 - Face amount of tax is due.
- November 1 - January 15 - A 10% penalty is added to all payments.
- January 15 - All unpaid taxes become delinquent and are turned over to the board approved delinquent tax collector for collections.

The School District, in accordance with GAAP, recognized the delinquent and unpaid taxes receivable reduced by an allowance for uncollectible taxes as determined by the administration. A portion of the net amount estimated to be collectible, which was measurable and available within 60 days, was recognized as revenue and the balance deferred in the fund financial statements.

Receivables

Receivables as of year end for the government's individual major funds and non-major and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are:

Schedule on Receivables for major, nonmajor, and fiduciary funds

	<u>GENERAL FUND</u>	<u>CAPITAL PROJECT FUNDS</u>	<u>FOOD SERVICE FUND</u>	<u>NON- MAJOR FUNDS</u>	<u>FIDUCIARY FUNDS</u>	<u>TOTAL</u>
RECEIVABLES:

During the year, the District's governmental activities disposed of or scrapped capital assets with an original cost of \$348,536 and accumulated depreciation of \$339,083. Proceeds from the disposal totaled \$14,949, resulting in a net gain of \$5,496. The business-type activities, did not dispose of any capital assets for the fiscal year.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Commitments

Encumbrances

Any encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities but represent accounting controls. The General Fund Budget is maintained on the modified accrual basis of accounting, except that budgetary basis expenditures include any encumbrances issued for goods or services not received at year-end and not terminated.

The actual results of operations are presented in accordance with GAAP and the District's accounting policies do not recognize encumbrances as expenditures until the period in which the goods or services are actually received and a liability is incurred. If budgetary encumbrances exist at year-end, they are included in the fund financial statements to reflect actual revenues and expenditures on a budgetary basis consistent with the District's legally adopted budget.

Long-term Construction Commitments

The District has the following long-term commitments as of June 30, 2025:

<u>Project</u>	<u>CONTRACT AMOUNT</u>	<u>EXPENDED TO 6/30/25</u>	<u>OUTSTANDING COMMITMENTS</u>
Generator - Installation			
Billitier Electric, Inc.	\$ 114,278	\$ 102,850	\$ 11,428

General Obligation Notes – Series of 2022

On July 12, 2022, the District issued \$13,000,000 of General Obligation Notes - Series of 2022. Proceeds of the Bonds were used for (1) renovations, alterations, additions, improvements, furnishing and equipment of District facilities and (2) pay the costs of issuing the Bonds.

In accordance with the Local Governmental Unit Debt Act, a sinking fund has been established with a paying agent. The Bonds matures from March 15, 2023 to March 15, 2038. The outstanding debt service requirements, using fixed interest rate at 3.25% with total interest indebtedness of \$6,011,363.

The outstanding debt service requirements as of June 30, 2025 are:

FISCAL YEAR	PRINCIPAL	INTEREST
2025-26	\$ 5,000	\$ 422,013
2026-27	5,000	421,850
2027-28	5,000	421,688
2028-29	5,000	421,525
2029-30	5,000	421,363
2030-35	2,780,000	2,104,376
2035-38	10,180,000	668,851
TOTAL OUTSTANDING	\$ 12,985,000	\$ 4,881,666

The School District general obligation bonds and notes contain a provision that in the event of default for nonpayment of principal and interest, the School Code allows for the Commonwealth of Pennsylvania to withhold monies from the School District's subsidies and pay any past due amounts directly to the paying agent for payment to the bond or note holders.

Lease Rental Debt

The Lehigh Career and Technical Institute (LCTI), with authority of the nine participating school districts, has agreed to borrow up to \$53,715,000 to improve the Institute's facilities. The participating districts, such as Northwestern Lehigh School District, will be required to pay their proportionate shares of the incurred debt under the Articles of Agreement in subsequent years as "Capital Costs" under Section 4.2 of the Articles. The district's proportionate share is based on each district's percentage of their respective market value to the total market value of all participating districts.

Specifically, Lehigh Career and Technical Institute issued \$32,000,000 of revenue bonds - Series of 2003 dated March 15, 2003, and \$21,715,000 of revenue bonds - Series of 2001 dated September 15, 2001, through the State Public School Building Authority (SPSBA). The bonds are special limited obligations of the SPSBA. During the 2005-2006 fiscal year, these issues have been refunded with new issues.

The LCTI financing translates into an ongoing obligation of the participating districts for credit purposes; however, for purposes of the Local Governmental Unit Debt Act, this borrowing is not considered general obligation debt of the school districts; therefore, the future obligations of debt service are not recorded as a liability on Northwestern Lehigh's financial statements.

Compensated Absences

The District provides compensated absences in the form of sick leave and vacation leave to eligible employees in accordance with collective bargaining agreements and administrative policies. Sick leave may accumulate and may be paid upon retirement or separation for eligible employees. Vacation leave is earned based on employee classification and length of service and is paid upon termination.

In accordance with GASB Statement No. 101, *Compensated Absences*, the District recognizes a liability for compensated absences that have been earned and are expected to be used or paid. The liability is measured based on pay rates and applicable employer payroll taxes, net of reimbursement, in effect at the financial statement date.

As of June 30, 2025, the District's total compensated absences liability was \$716,445. Of this amount:

- \$113,288 is reported as a current liability in governmental activities and the General Fund, and
- \$603,157 is reported as a long-term liability in governmental activities.

Defined Benefit Pension Plan

Public School Employees' Retirement System (PSERS) Pension Plan

Summary of Significant Accounting Policies

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS' fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan Description

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at <http://www.pa.gov/PSERS>.

Benefits Provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service.

Act 5 of 2017 (Act 5) introduced a hybrid benefit with two membership classes and a separate defined contribution plan for individuals who become new members on or after July 1, 2019. Act 5 created two new hybrid membership classes, Membership Class T-G (Class T-G) and Membership Class T-H (Class T-H) and the separate defined contribution membership class, Membership Class DC (Class DC). To qualify for normal retirement, Class T-G and Class T-H members must work until age 67 with a minimum of 3 years of credited service. Class T-G may also qualify for normal retirement by attaining a total combination of age and service that is equal to or greater than 97 with a minimum of 35 years of credited service.

Benefits are generally between to 1% to 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

T-H	4.50%	+/-0.75%	1.50%	7.50%

Employer Contributions:

The school districts' contractually required contribution rate for the fiscal year ended June 30, 2025 was 32.92% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$6,980,395 for the year ended June 30, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability of \$54,495,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2023 to June 30, 2024. The District's proportion of the net pension liability was

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

calculated utilizing the employer's one-year reported contributions as it relates to the total one-year reported contributions. At June 30, 2025, the District's proportion was 0.1302 percent, which was a decrease of 0.0023 percent from its proportion measured as of June 30, 2024.

For the year ended June 30, 2025, the District recognized pension expense of \$5,207,777. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Sources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Proportionate Share vs Actual Paid Separately Finance Liabilities	\$ -	\$ -
Changes in Assumptions	-	-
Net difference between projected and actual contributions made	-	-
Net difference between projected and actual earnings on pension plan investments	902,000	-
Difference between expected and actual experience	-	857,000
Changes in proportion of the Net Pension Liability	-	1,077,000
District contributions subsequent to the measurement date	<u>6,980,395</u>	<u>-</u>
Total	<u>\$ 7,882,395</u>	<u>\$ 1,934,000</u>

\$6,980,395 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	<u>Amount</u>
2025	\$ (1,872,000)
2026	1,030,000
2027	(8,000)
2028	(182,000)
Thereafter	<u>-</u>
Total	<u>\$ (1,032,000)</u>

Changes in Actuarial Assumptions

The Total Pension Liability as of June 30, 2024 was determined by rolling forward the System's Total Pension Liability as of June 30, 2023 to June 30, 2024 using the following actuarial assumptions, applied to all periods included in the measurement:

- Valuation Date - June 30, 2023
- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return - 7.00%, includes inflation at 2.50%.
- Salary growth - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- The discount rate used to measure the Total Pension Liability was 7.00% as of June 30, 2023 and as of June 30, 2024.
- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
 - Salary growth rate - decreased from 5.00% to 4.50%.
 - Real wage growth and merit or seniority increases (components for salary growth) - decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
 - Mortality rates - Previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

The actuarial assumptions used in the June 30, 2024 valuation were based on the results of an actuarial experience study that was performed for the five year period ending June 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global public equity	30.0%	4.8%
Private Equity	12.0%	6.7%
Fixed Income	33.5%	3.9%
Commodities	5.0%	2.5%
Infrastructure	10.0%	6.4%
Real estate	9.5%	5.9%
	<u>100%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2024.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
District's proportionate share of the net pension liability	\$ 71,787,000	\$ 54,495,000	\$ 39,894,000

Pension Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Annual Comprehensive Financial Report which can be found on the System's website at www.pa.gov/PSERS.

State Funding

The Commonwealth of Pennsylvania generally reimburses the School District for 50%-60% of its retirement expense. This arrangement does not meet the criteria of a special funding situation in accordance with GASB standards. Therefore, the net pension liabilities and related pension expense represent 100% of the School District's share of these amounts. During the year ended June 30, 2025, the School District recognized revenue of \$3,527,039 as reimbursement from the State for its current year pension payments

Payables to the Pension Plan

As of June 30, 2025, the School had \$2,554,735 included in accrued wages liability, of which \$2,024,106 is for the contractually required contribution for the second quarter of 2025 and \$530,630 is related to the accrued payroll liability for wages incurred as of June 30, 2025.

Defined Pension Contribution Plan

Retirement Severance

Upon retirement from the District, employees in the following categories shall receive retirement severance payment for each year of service, depending on the employee's years of service and age at retirement from the District.

<i>GROUP</i>	<i>ELIGIBILITY</i>	<i>COVERAGE AND PREMIUM SHARING</i>	<i>DURATION</i>
<u><i>I. Act 93 Administrators</i></u>	Must have at least 25 years of PSERS Service and at least 15 years of service with NWLSD	If the member reaches 25 years of PSERS service and 15 years of district service, the district will contribute \$300 per year of credited service into a 403(b) account.	One-time payment
<u><i>II. Support Staff</i></u>	Must have at least 15 years of service with NWLSD	If the member reaches 15 years of District service, the district will provide a \$2,000 cash payment for full time employees and \$1,000 cash payment for part-time employees.	One-time payment

Benefits not included in the calculation: Any conversion of unused days to dollars to be placed into a retiree's 403(b) is assumed to be valued under GASB Statement 16.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

At June 30, 2025, the following employees were covered by benefit terms:

Active Participants	58
Vested Former Participants	0
Retired Participants	<u>0</u>
Total	58

Total Defined Contribution Liability

In accordance with GASB Statement 73, the portion of this severance for service liability, known as a defined contribution pension plan, that will use current available financial resources is \$-0-. The remaining portion of the retirement severance earned at June 30, 2025, of \$51,486 is recorded as a long-term liability in the governmental activities column of the government-wide Statement of Net Position.

Actuarial Assumptions and Other Inputs

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the benefits and the annual required contributions of the employer are subject to continual revision, actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress, presented as required supplementary information, provides multiyear trend information that shows whether the actuarial value of plan Net Position is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the type of benefits in force at the valuation date and the pattern of sharing benefit costs between the district and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	Single Employer Defined Contribution Benefit
Actuarial Valuation Date	7/1/2024
Actuarial Cost Method	Entry Age Normal
Interest Rate	4.29%
Projected salary increases	4.00% to 6.75%
Eligible Retirees	100% of eligible retirees are assumed to receive this benefit.
Asset Valuation Method	pay as you go basis

The discount rate is based on S&P Municipal Bond 20-year high grade rate index at July 1, 2024.

Other Post-Employment Benefits

Public School Employees' Retirement System (PSERS) Multiple Employer OPEB Plan on Health Insurance Premium Assistance Program

Summary of Significant Accounting Policies

Other Postemployment Benefits

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS' fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Health Insurance Premium Assistance Program

Health Insurance Premium Assistance Program

The System provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2024 there were no assumed future benefit increases to participating eligible retirees.

Premium Assistance Eligibility Criteria

Retirees of the System can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age

For Class DC members to become eligible for premium assistance, they must satisfy the following criteria:

- Attain Medicare eligibility with 24 ½ or more eligibility points, or
- Have 15 or more eligibility points and terminated after age 67, and
- Have received all or part of their distributions

Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Pension Plan Description

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.pa.gov/PSERS.

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program.

Contributions

Employer Contributions:

The school districts' contractually required contribution rate for the fiscal year ended June 30, 2025 was 0.63% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$133,586 for the year ended June 30, 2025.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, the District reported a liability of \$2,308,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2023 to June 30, 2024. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2025, the District's proportion was 0.1299 percent, which was a decrease of 0.0024 percent from its proportion measured as of June 30, 2024.

For the year ended June 30, 2025, the District recognized OPEB expense of \$61,660. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

<u>Sources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Proportionate Share vs Actual Paid Separately Finance Liabilities	\$ -	\$ -
Changes in Assumptions	-	211,000
Net difference between projected and actual contributions made	-	-
Net difference between projected and actual investment earnings	2,000	-
Difference between expected and actual experience	-	26,000
Changes in proportion of the Net OPEB Liability	-	94,000
District contributions subsequent to the measurement date	133,586	-
Total	<u>\$ 135,586</u>	<u>\$ 331,000</u>

\$133,586 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	<u>Amount</u>
2025	\$ (84,000)
2026	(101,000)
2027	(106,000)
2028	(24,000)
2029	(14,000)
Thereafter	<u>-</u>
Total	<u>\$ (329,000)</u>

Actuarial Assumptions

The Total OPEB Liability as of June 30, 2024, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2023 to June 30, 2024 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method - Entry Age Normal - level % of pay.
- Investment return – 4.21% - S&P 20 Year Municipal Bond Rate.
- Salary growth - Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.
- Participation rate:
 - Eligible retirees will elect to participate Pre age 65 at 50%
 - Eligible retirees will elect to participate Post age 65 at 70%

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study that was performed for the five year the period ending June 30, 2020.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2022 determined the employer contribution rate for fiscal year 2024.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: The actual data for retirees benefiting under the Plan as of June 30, 2021 was used in lieu of the 63% utilization assumption for eligible retirees.
- Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

OPEB - Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	100.0%	1.7%
	100%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2024.

Discount Rate

The discount rate used to measure the Total OPEB Liability was 4.21%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

to be sufficient to meet projected future benefit payments, therefore the plan is considered a “pay-as-you-go” plan. A discount rate of 4.21% which represents the S&P 20-year Municipal Bond Rate at June 30, 2024, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2024, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2024, 92,149 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2024, 489 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the System net OPEB liability for June 30, 2024, calculated using current Healthcare cost trends as well as what the System net OPEB liability would be if the health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
System net OPEB liability	\$ 2,307,000	\$ 2,308,000	\$ 2,308,000

Sensitivity of the District’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, calculated using the discount rate of 4.21%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.21%) or 1-percentage-point higher (5.21%) than the current rate:

	<u>1% Decrease 3.21%</u>	<u>Current Discount Rate 4.21%</u>	<u>1% Increase 5.21%</u>
District's proportionate share of the net OPEB liability	\$ 2,607,000	\$ 2,308,000	\$ 2,057,000

OPEB Plan Fiduciary Net Position

Detailed information about PSERS’ fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System’s website at www.pa.gov/PSERS.

Payables to the Multiple Employer OPEB Plan

As of June 30, 2025, the School had \$48,890 included in accrued wages liability, of which \$38,736 is for the contractually required contribution for the second quarter of 2025 and \$10,155 is related to the accrued payroll liability for wages incurred as of June 30, 2025.

<u>II. ADMINISTRATORS</u>			
B) Current Business Administrator and Assistant Superintendent	PSERS Retirement	<ul style="list-style-type: none"> ● Coverage: Medical, Prescription Drug and Dental. ● Premium Sharing: Upon retirement from the district, the district will pay the single coverage premium for medical, prescription drug, and dental for the member for two (2) years after retirement. The member is responsible for providing NWLSD with the PSERS Supplement while receiving the paid benefit. The spouse and or dependent children may elect coverage by paying the additional premium due to the coverage of the spouse and or dependent children. ● After those 2 years, the member and spouse may continue benefits by paying the full premium as determined for the purpose of COBRA. ● Dependents: Families included. 	Same as IIA
C) Current Director of Human Resources and Act 93	PSERS Retirement	Act 110/43 <hr/> Grandfathered Retiree: One Act 93 administrator receives coverage until January 2027 based on the prior benefit for conversion of unused sick leave. The member is required to switch to a Medicare supplement plan upon reaching Medicare age.	Same as IIA
<u>III. SUPPORT STAFF</u>	Act 110/43	Act 110/43	Act 110/43

Notes: Act 110/43 Eligibility: All employees are eligible for this benefit upon retirement with 30 years of PSERS service or upon superannuation retirement.

Act 110/43 Coverage and Premium Sharing: Retired employees are allowed to continue coverage for themselves and their dependents in the employer's group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA.

PSERS Supplement: A retiree may receive a \$100 monthly medical reimbursement from PSERS if he (or she) meets one of the following qualifications at retirement:

1. 24.5 years of PSERS service
2. Upon superannuation retirement with at least 15 years of PSERS service.

PSERS Superannuation Retirement:

- 1) Pension Class T-C or T-D: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 62 with 5 years of PSERS service or ii) PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, age 62 with 1 year of PSERS service or 35 years of PSERS service regardless of age. In general, these pension classes apply to individuals who were members of PSERS prior to July 1, 2011.
- 2) Pension Class T-E or T-F: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 65 with 10 years of PSERS service or ii) PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. In general, these pension classes apply to individuals who became members of PSERS on or after July 1, 2011 and prior to July 1, 2019.
- 3) Pension Class T-G: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 67 with 10 years of PSERS service or ii) PSERS superannuation retirement upon reaching age 67 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 97 with a minimum of 35 years of PSERS service. In general, this pension class applies to individuals who became members of PSERS on or after July 1, 2019.
- 4) Pension Class T-H: An employee is eligible for PSERS retirement if he (or she) is eligible for either: i) PSERS early retirement while under 67 with 10 years of PSERS service or ii) PSERS superannuation retirement upon reaching age 67 with 3 years of PSERS service. In general, this pension class applies to individuals who became members of PSERS on or after July 1, 2019.
- 5) All individuals except those in Pension Class T-G are eligible for a special early retirement upon reaching age 55 with 25 years of PSERS service. Individuals in Pension Class T-G are eligible for a special early retirement upon reaching age 57 with 25 years of PSERS service.

Benefits not included in the Calculation

Any conversion of unused days to dollars to be placed into a retiree's 403(b) for teachers and administrators is assumed to be valued under GASB Statement 16.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Employees Covered by Benefit Terms:

At June 30, 2023, the following employees were covered by the benefit terms:

Active Participants	227
Vested Former Participants	0
Retired Participants	<u>19</u>
Total	246

Total OPEB Liability

The School's total OPEB liability under this single employer plan of \$3,200,119, was measured as of June 30, 2025, and was determined by an actuarial valuation as July 1, 2024.

Actuarial Assumptions and Other Inputs

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the benefits and the annual required contributions of the employer are subject to continual revision, actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress, presented as required supplementary information, provides multiyear trend information that shows whether the actuarial value of plan Net Position is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the district and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	Single Employer OPEB Healthcare Benefit
Actuarial Valuation Date	7/1/2024
Actuarial Cost Method	Entry Age Normal
Interest Rate	4.29%
Projected salary increases	4.00% to 6.75%
Healthcare inflation rate	7.0% in 2024 with 0.5% decrease per year until 5.5% in 2027. Rates gradually decrease from 5.4% in 2028 to 4.0% in 2075 and later on the Society of Actuaries Long-Run Medical Cost Trend Model.
Asset Valuation Method	pay as you go basis

The discount rate is based on S&P Municipal Bond 20-year high grade rate index at July 1, 2024.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Mortality rates are assumed pre-retirement and post-retirement using the rates assumed in the PSERS defined benefit pension plan actuarial valuation. Incorporated into the tables are rates projected generationally using Scale MP-2021 to reflect mortality improvement.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Note 6 – Risk Management

The District is subject to risk of loss from employee risks, property damage, personal injury, auto accidents, etc. The District reduces these risks through the purchase of commercial insurance. The District's workers compensation policy is a retrospectively rated policy. The final premium is based on actual payroll for the policy year and is determined by the insurance company. Any settlements received by the District or its employees did not exceed insurance coverage in the last three years.

Note 7 – Tax Incremental Financing Agreement – West Hills Business Center

On August 17, 2011, Northwestern Lehigh School District entered a Tax Incremental Financing Agreement.

Under the authority of the Pennsylvania Tax Increment Financing Act, the local taxing body (Northwestern Lehigh School District) is to provide 50% of necessary funding to West Hills Business Center Tax Increment Financing District to undertake an estimated 2.3 million square feet of industrial and flex space on approximately 230 acres in Weisenberg Township.

Under the authority of the Pennsylvania Tax Increment Financing Act, the developer must complete the project dependent upon the requirements including the construction and improvement of required public infrastructure including (i) improvements to Pennsylvania State Route 863 and the bridge spanning Interstate 78 at Exit 45 New Smithville, together with appurtenances thereto road improvements, and (ii) the reconstruction of a wastewater treatment plant, together with appurtenances there to serve the property, adjoining property and Weisenberg Elementary School.

Full aggregate market value of all taxable real property located within the TIF district as of the effective date of creation was \$827,400.

Northwestern Lehigh School District pledges to pay over to the authority to be held in a TIF Agreement 50% of the real estate taxes assessed on the TIF District properties for each year within the agreement based upon the calculation below:

Northwestern Lehigh School District Pledged Increment = .50 x (the then Current Assessment less the Tax Increment Base) X School District millage at current year's calculation

The development is to pay annually assessed property taxes on all properties within the TIF District. The amounts pledged will be deposited by the School District and other TIF Agreement Parties into the School District Real Estate Tax Fund – West Hills Business Center TIF Project held by the Tax Fund Escrow Agent, to be used in payment or trust for Obligations associated with project expenses.

Upon completion of payment for project obligations, any remaining monies held within the School District's portion of the TIF Agreement Escrow account held by the Authority will be returned to the School District. Upon completion, the recipient of the TIF Tax Increment agrees to continue to pay 100% of real estate taxes on land and improvements in which the School District will keep 100% of going forward. Additionally, the recipient agrees not to file any tax assessment appeal during the term of the TIF debt.

Note 8 – Fund Balance Allocations

Nonspendable Fund Balance

The General Fund had \$362,690, in nonspendable fund balance at June 30, 2025, comprised of prepaid expenditures.

Restricted Fund Balance

The Capital Project Fund has restrictions on the use of the resources at year end. The Capital Reserve Fund's \$4,103,553, fund balance at year end is restricted because of enabling legislation under the Municipal Code in Pennsylvania. Section 1432 of this Code restricts the use of resources for limited purposes. The Capital Projects (Construction) Funds have \$202,023 in restricted fund balance.

The General Fund has restricted \$146,243 on their grants received from the Foundation and \$178,795 restricted for scholarships and awards received from outside sources and \$28,669 restricted for special education settlements.

**Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025**

Committed Fund Balance

The governing body (Board of School Directors) has committed \$10,311,432 of the General Fund's year end fund balance for the following purposes:

Future Retirement Rate increases	\$2,880,657
Other Post-Employment Benefits	\$3,150,082
Future Debt Service Rate increases	\$ 954,934
Millage Rate Stabilization	\$ 479,153
Increases in Healthcare	\$2,141,606
Energy Rate increases	\$ 705,000

Assigned Fund Balance

The General Fund has \$946,000 assigned for future technology purchases, \$3,031,607 for state and federal funding uncertainty, \$1,106,777 for purchases of buses, \$2,070,478 for capital projects, \$1,227,617 to balance the 2025-26 budget.

Note 9 – Restricted Net Position

Net Investment in Capital Assets

The components of this restriction in the governmental activities column is total capital assets of \$79,111,831, unspent proceeds of \$207,698, with related debt of \$45,490,987, which includes unamortized bonds discounts and premiums. In addition, the governmental activities column has \$4,103,553 restricted for capital projects. The business-type activities column reflects \$180,732 invested in capital assets with no related debt.

Note 10 – Contingencies

Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and a condition specified in the grant agreements, and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund, or other applicable funds. However, in the opinion of management any such disallowed claims will not have a material adverse effect on the overall financial position of the School District as of June 30, 2025.

Litigation

In accordance with the solicitor's legal letter, there is no pending litigation involving contingent liabilities, as of June 30, 2025, that would materially affect the financial position of the District.

Note 11 – New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following Statements that will be effective for the District in future fiscal years. Management has not yet completed its evaluation of the impact of these pronouncements on the District's financial statements.

- **GASB Statement No. 103, Financial Reporting Model Improvements.** This Statement updates certain components of the financial reporting model, including presentation and disclosure requirements related to management's discussion and analysis, unusual or infrequent items, major component unit information, and budgetary comparison information. The requirements are effective for fiscal years beginning after June 15, 2025 (the District's year ending June 30, 2026). Earlier application is encouraged.

Northwestern Lehigh School District
Notes To Basic Financial Statements
Fiscal Year Ended June 30, 2025

- **GASB Statement No. 104, Disclosure of Certain Capital Assets.** This Statement requires additional note disclosures for (1) capital assets recognized in connection with leases and other intangible right-to-use arrangements and (2) capital assets held for sale. The requirements are effective for fiscal years beginning after June 15, 2025 (the District's year ending June 30, 2026). Earlier application is encouraged.

In addition, GASB issued Implementation Guide No. 2025-1, Implementation Guidance Update—2025, which provides interpretive guidance on multiple Topics, including Statements 103 and 104. The District will consider this guidance when implementing the related Statements.

Note 1 - Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of Northwestern Lehigh School District under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Northwestern Lehigh School District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Northwestern Lehigh School District.

Note 2 - Significant Accounting Policies

The accompanying Schedule of Expenditures of Federal Awards is presented on the modified accrual basis of accounting for all federal awards charged to governmental funds and on the accrual basis of accounting for all federal awards charged to proprietary funds, as contemplated by accounting principles, generally accepted in the United States of America.

Note 3 - Organization and Scope

The District recognized 1.5% of its total general fund revenue in federal awards, and 42.3% of its total enterprise fund revenue.

Note 4 - Indirect Costs

The District did not charge any indirect costs to any of their federal grants and programs during this fiscal year. As such, the School did not use the 10% de minimis cost rate.

Note 5 - Program Disclosure – Footnotes

1. The federal awards passed through the Carbon-Lehigh Intermediate Unit, under the U.S. Department of Education heading, is part of a consortium of participating school districts. In accordance with directions from the Commonwealth of Pennsylvania, these awards are reported on the basic financial statements as local source revenue.
2. The Federal Grants were passed through the following entities in the totals below:

<u>Passed through</u>	<u>Total Awards</u>	<u>Total Expenditures</u>
PA Department of Education	\$ 636,252	\$ 687,823
PA Commission on Crime and Delinquency	125,549	125,549
Carbon-Lehigh I.U.	847,941	403,562
PA Department of Agriculture	N/A	108,689
Totals	<u>\$ 1,609,742</u>	<u>\$ 1,325,623</u>

3. The District received non-monetary assistance from the U.S. Department of Agriculture of \$52,173 in the form of commodities. These commodities are valued at U.S.D.A.'s approximate costs. During the 2024-25 fiscal year, the District used \$108,689 in commodities and established a year-end inventory of \$5,723 at June 30, 2025.

**Northwestern Lehigh School District
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2025**

4. As allowed by federal regulations, the Northwestern Lehigh School District elected to transfer program funds. The District expended \$20,706 from its Title IV, Part A Student Support and Academic Enrichment (84.424) on allowable activities of the Title II, Part A Supporting Effective Instruction (84.367). This amount is reflected in the expenditures of Title II, Part A Supporting Effective Instruction (84.367).

5. The Transportation Access passed through the Carbon Lehigh I.U. is reflected as federal local source local source revenue on the basic financial statements; however, pursuant to instructions from the Commonwealth of PA, it is not reported as revenue on the Schedule of Federal Awards.

FINANCIAL STATEMENT RECONCILIATION

General Fund Federal Source Revenues	\$ 424,813
Federal Grants in Local Sources	403,562
Food Service Fund Federal Revenue	<u>497,248</u>
Total Federal Revenue, per financial statements	1,325,623
Less: Transportation Access Reimbursement	<u>-</u>
Total Federal Revenue Reported on SEFA	<u>\$ 1,325,623</u>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of School Directors
Northwestern Lehigh School District
6493 Route 309
New Tripoli, PA 18066-9409

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison statement of the general fund of the Northwestern Lehigh School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Northwestern Lehigh School District's basic financial statements, and have issued our report thereon dated November 14, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Northwestern Lehigh School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Northwestern Lehigh School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Northwestern Lehigh School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Northwestern Lehigh School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Northampton, Pennsylvania

New Tripoli, PA 18066-9409

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Northwestern Lehigh School District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Northwestern Lehigh School District's major federal programs for the year ended June 30, 2025. Northwestern Lehigh School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Northwestern Lehigh School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Northwestern Lehigh School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Northwestern Lehigh School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Northwestern Lehigh School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Northwestern Lehigh School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Northwestern Lehigh School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Northwestern Lehigh School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Northwestern Lehigh School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Northwestern Lehigh School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Northwestern Lehigh School District

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Manna & Associates, P.C.
