

Common Areas

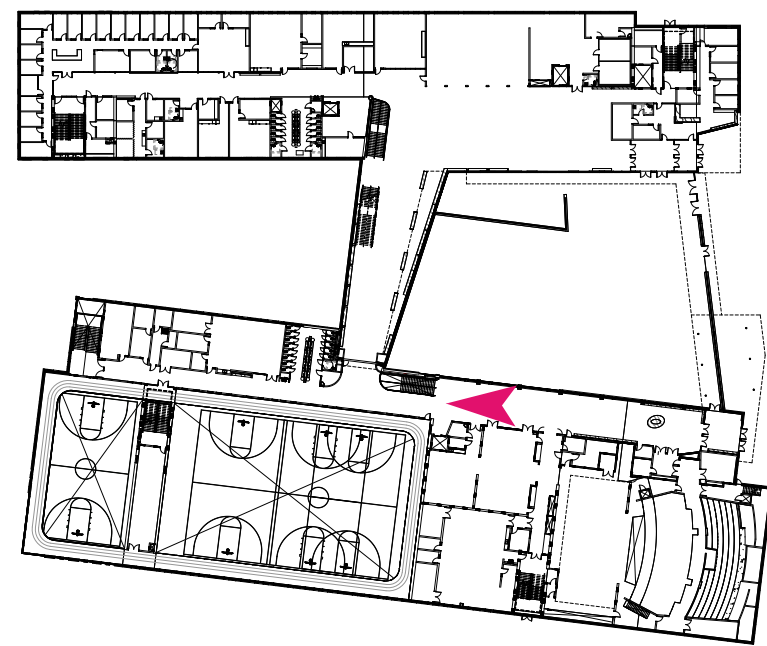

South Corridor Looking East

Design Strategies:

- > Locate activity spaces along major circulation routes to encourage engagement.
- > Include spaces to gather in small or large groups.
- > Create a sense of welcome with cultural symbols, art, and graphics from the front door through the entire building.
- > Use color and materials to tell stories and signify meaning.

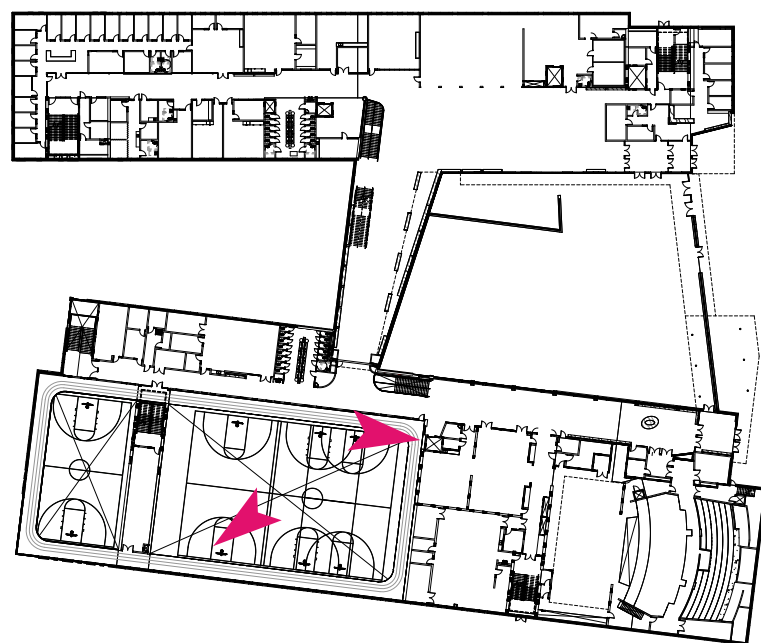

- > Create pieces of permanent representation and a framework for adding new items.
- > Provide spaces for sharing food and culture.
- > Provide secure outdoor courtyard for student use during school hours.
- > Provide visual and physical connections throughout the school to encourage interaction and participation.

Learning Spaces

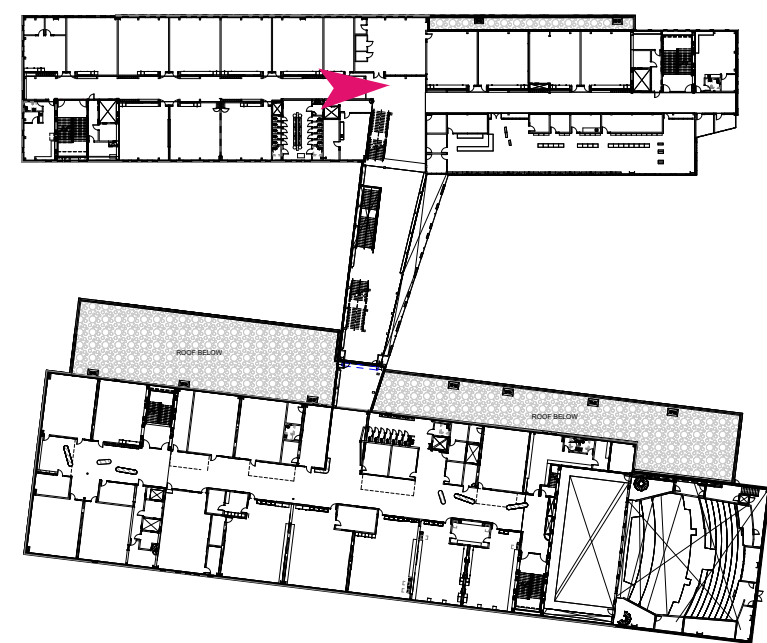

L03 & L04

Design Strategies:

- > Create places of pause and rest.
 - > Designate student-curated display.
 - > Provide glimpses into learning environment via windows and hallway display.
 - > Make learning spaces flexible and adjustable to meet different learning modes of learning and teaching.
- > Ensure appropriate visibility and transparency, with options for securing space.
 - > Invite personalization.
 - > Use materials, colors, patterns that reflect biophilic design principles.
 - > Meet needs with adjustable lighting and variable acoustics.
