Dr. Dean Reese

DIRECTOR OF STEM AND LOCAL ASSESSMENT

Dr. Dean Reese serves as the Director of PreK–12 STEM and Local Assessment for Tracy Unified School District, leading efforts to expand access to high-quality STEM education and improve student achievement districtwide. With over two decades of experience in science education, Dean began his career teaching Physics, Biology, and coordinating the IB program at Tracy High School. His extensive background includes serving as a Master Teacher for Lawrence Livermore National Laboratory, Project Director for the Region 6 California Environmental Literacy Project, and Chairperson of the California State Board of Education's Instructional Quality Commission. Dean holds a double major in Physics and Astronomy from the University of Massachusetts, Amherst, National Board Certification in Science, and a Doctorate in Education with a focus on Administrative Leadership from the University of the Pacific.
