Registration Information 2026 - 2027

Patrons,

We are truly grateful for the opportunity to educate your children and to partner with your family in providing a strong, faith-centered education. It is a true blessing to serve this community alongside dedicated patrons like you, and it is because of your commitment and support that our school continues to grow and prosper. As we look ahead and begin planning for the 2026 - 2027 school year, you will find all necessary registration information included in your packet. Please review the guidelines below carefully.

- **Priority registration for existing patrons will open on Monday, February 23, 2026.**
- **All accounts must be current before registering for the next school year.**
- **All paperwork and registration fees must be turned in before the deadline, for a spot to be reserved for current students. This must be paid by check or cash only, and cannot be drafted.**
- **After Wednesday, March 18th, if a class remains open, existing patrons may still register, but must pay a late registration fee of \$500.00**
- **New patron registration will begin on Monday, March 2, 2026.**

Please ensure all registration forms are completed, or your child will not be enrolled for the upcoming school year.

Remember, Proverbs 22:6 states, "Train a child in the way he should go, and when he is old, he will not depart from it." Again, thank you for the sacrifices you make to help our school be successful.

Sincerely,

Bryan Dendy
Head of School
