These indicators are provided for informational purposes only and are **subject to change without notice** due to ongoing enrolment and withdrawal activity. The space availability status or submission of an application does not guarantee an offer of admission. Please contact us if your desired grade is different from the placement chart. The final grade placement will be considered and determined by the Leadership Team after review.

Admission is granted based on a holistic review of the applicant, including school history, cultural and language diversity in the grade and across the school, our ability to meet specific learning support needs of the individual and the class, among other factors stated in our Admissions Policy.

For grades with Wait Pool, applicants will be reviewed and if successful, will be placed in the Wait Pool for the school year applied to only. Should a space become available, admission will be offered to the applicant in the Wait Pool who best fits the current composition and needs of the class, consistent with our established priorities and policies. Please note placement does not operate on a first-come, first-served basis.

If you have specific questions regarding availability or the status of a grade level, please check with the Admissions Office directly.
