

Piedmont Unified School District

Budget Development Calendar Fiscal Year 2026-27

Budget Development

The development of the annual budget is the critical path to fiscal solvency and the achievement of the District's educational goals. The process begins as early as possible so that timely decisions can be made to adjust existing programs and to evaluate new proposals. The following calendar provides opportunities for public engagement as well as Board review and comment throughout the budget development process.

Community Engagement:

- The **Budget Advisory Committee (BAC)** is a standing committee with representatives from all stakeholders in the District that serves as a thought partner to the Board. It is advisory in nature with members representing the interests of all programs and services for the District as a whole. Its purpose is to review the District's Budget, share the information with constituent groups and generate recommendations for Board consideration in the Budget development process.
- As part of the passage of Parcel Tax Measures G, H and now P, the Board of Education appoints members of the community to serve as part of the **School Support Tax (SST) Advisory Subcommittee** to review the District's budget and provide recommendations to the Board as to the annual levy of the Parcel Tax. The meetings are posted and open to the public.
- The District's **Strategic Plan** and the **2024-2027 Local Control Accountability Plan (LCAP)** were adopted last year and are in the implementation phase. The Strategic Plan sets the direction and guiding principles for the District, while the LCAP provides specific goals and actions linked to outcome measures. During the year, the District will hold multiple LCAP engagement opportunities for staff, parents, students, community members and Board members to review data and evaluate progress toward the stated goals. A progress update will be shared with the Board in February, and any revisions to the LCAP will be presented to the board in June and incorporated into the budget for 2026-27. The entire process relies on community engagement and the integration of educational objectives into budget direction. The LCAP community sessions are included in the budget development process.
- **Members of the community** are also encouraged to provide input to the budget development process through the Budget Advisory Committee, Parent Club Meetings, Board Meetings and directly to the Superintendent.

Calendar

Dates of scheduled Regular Board Meetings indicated in the **highlighted boxes**; BAC and LCAP Meetings are indicated in **bold**.

Date	Activity
December 2025	Establish enrollment projections and initial revenue and expenditure estimates (for 1 st Interim MYP).
January 7, 2026	Mid-Year report on LCAP presented to the Board.
January 10, 2026	Governor releases proposal for the subsequent year's budget (2026-27)
