

### Student Complaints and Grievances

The North Middlesex Regional School Committee recognizes that there may be conditions in the North Middlesex Regional School District that need improvement and that students should have a means to effectively express, consider, and address their concerns fairly. Such means, if well-conceived and understood in advance, can do much to maintain harmonious relationships among the schools, the students, and the community. Every attempt will be made to seek a satisfactory solution to any concerns in a friendly and informal manner.

Students and their parents and/or guardians who believe a student has received unfair treatment may bring a grievance through the appropriate channels. Appeals of disciplinary cases must follow the district's policy on student discipline. School officials will follow any applicable provisions of the Massachusetts General Laws or federal law when conducting hearings.
