

# THE HORIZONS WAY

FEBRUARY 2026

## Principal/Dean News

Hello Families,

We invite all parents and guardians to join us for our next HFN meeting on March 9. This is a great opportunity to connect, share ideas, and learn more about how we can continue supporting our students and school together. We hope to see you there!

AASD will be hosting an Educator and all staff Recruitment Event this Saturday, February 21 from 9:30 a.m. - 12:00 p.m. at Sandy Slope Elementary School. If you would like more information you may go to our website at [aasd.k12.wi.us](http://aasd.k12.wi.us)

Attendance week is next week! Regular attendance plays a critical role in student success, and we'll be highlighting the importance of being present and on time each day. We will have dress up days and many fun activities. Thank you for partnering with us to help our students build strong attendance habits. That being said we do realize there is many illnesses going around right now.

Mr. Ohlson, Principal  
Mr. Puls, Dean

# THE HORIZONS WAY

FEBRERO 2026

## Noticias del director/decano

Hola familias,

Invitamos a todos los padres y tutores a que se unan a nosotros en nuestra próxima reunión de HFN el 9 de marzo. Es una gran oportunidad para conectar, compartir ideas y aprender más sobre cómo podemos seguir apoyando juntos a nuestros estudiantes y a la escuela. ¡Esperamos verlos ahí!

El AASD celebrará un evento de reclutamiento de educadores y personal este sábado, 21 de febrero, de 9:30 a. m. a 12:00 p. m. en la escuela primaria Sandy Slope. Si desean más información, pueden visitar nuestro sitio web en [aasd.k12.wi.us](http://aasd.k12.wi.us)

¡La Semana de la Asistencia es la próxima semana! La asistencia regular desempeña un papel fundamental en el éxito de los estudiantes, y destacaremos la importancia de estar presentes y llegar puntuales cada día. Tendremos días de disfraces y muchas actividades divertidas. Gracias por colaborar con nosotros para ayudar a nuestros estudiantes a desarrollar buenos hábitos de asistencia. Dicho esto, somos conscientes de que hay muchas enfermedades circulando en este momento.

Sr. Ohlson, director  
Sr. Puls, Decano

## APPLETON COMMUNITY 4K ENROLLMENT BEGINS ON FEBRUARY 9, 2026!

### Why Appleton Community 4K?

- District-aligned curriculum for a seamless transition to kindergarten
- Highly qualified, 4-year-degree licensed teachers
- Morning, afternoon, and extended day classes
- 4-Day and 5-Day options
- Childcare available before and after classes at many locations
- Access to individualized supports for student success and early intervention

*Appleton Community 4K builds a lifelong love of learning through creativity, curiosity, problem-solving, and exploration.*

**Our students learn through purposeful play guided by highly qualified teachers who engage in ongoing professional development. We embrace well-established research that play allows young learners to make connections and solidify newly learned skills. We carefully monitor and measure student growth, and our results consistently demonstrate that we meet or exceed the widely held expectations for 4K students. Aligned with the AASD Kindergarten curriculum, our curriculum includes early literacy, math, and social-emotional learning, such as kindness, making friends, and playing together.**

**We meet students with the skills they have when they arrive in 4K and use a positive, engaging classroom to build a lifelong love of learning through creativity, curiosity, problem-solving, and exploration.**

**2026-27 4K enrollment begins on February 9, 2026, at [4k.aasd.k12.wi.us!](https://4k.aasd.k12.wi.us)**

### Is Your Child Well Enough to Go to School?

It is not always easy to decide if your child is sick enough to stay home or well enough to be in school. Children who come to school are expected, with few exceptions, to participate fully in school activities.

Here are some guidelines that might help in a parent's decision-making.

**Fever:** A fever of 100.4 degrees or more signals an illness that is probably going to make a student uncomfortable and unable to function well in class. Your child should stay home until his or her temperature is less than 100.4 degrees (without the use of fever reducing medication) for 24 hours and he/she is feeling better.

**Vomiting, Diarrhea or Severe Nausea:** These are symptoms that require a student to remain at home until a normal diet is tolerated for 24 hours.

**Infectious Diseases:** Diseases such as impetigo, and strep throat may require a health care visit and prescription for medication. Contacting the health care provider and using the medicine as directed for the full recommended length of time are necessary. A student may return to school 24 hours after the first dose of an antibiotic and if he/she is feeling well.

**Rashes:** Rashes or patches of broken, itchy skin need to be examined by a health care provider if they appear to be spreading or not improving.

In the AASD, we monitor illness rates within our schools and community with the collaboration of the City of Appleton Health Department, and we will continue to do so. As rates increase, our site teams, Student Services team, and Facilities team communicate and increase cleaning efforts and family communication as preventive measures. Families can help us with these preventive measures by following the guidelines above.

Here are some things you can do to help prevent illness:

- Frequent handwashing, sanitizing if soap and water are unavailable
- Coughing or sneezing into a tissue or sleeve
- Drink plenty of water (send a water bottle with your child to school)
- Eat a well balanced diet (includes when sending snacks/ lunches to school)
- Clean and disinfect commonly used surfaces
- Don't share personal items
- Get enough sleep

### ¿Está su hijo/a lo suficientemente bien para ir a la escuela?

No siempre es fácil decidir si su hijo/a está lo suficientemente enfermo/a como para quedarse en casa o lo suficientemente bien como para asistir a la escuela. Se espera que los estudiantes que asisten a la escuela, con pocas excepciones, participen plenamente en las actividades escolares.

A continuación, se presentan algunas pautas que pueden ayudar a los padres a tomar esta decisión.

**Fiebre:** Una fiebre de 100.4 °F (38 °C) o más indica una enfermedad que probablemente hará que el estudiante se sienta incómodo/a y no pueda funcionar bien en clase. Su hijo/a debe quedarse en casa hasta que su temperatura sea menor de 100.4 °F (38 °C) **sin el uso de medicamentos para reducir la fiebre** durante 24 horas y se sienta mejor.

**Vómitos, diarrea o náuseas severas:** Estos son síntomas que requieren que el estudiante permanezca en casa hasta que pueda tolerar una dieta normal durante 24 horas.

**Enfermedades infecciosas:** Enfermedades como el impétigo y la faringitis estreptocócica (estreptococo) pueden requerir una visita al proveedor de atención médica y una receta de medicamento. Es necesario comunicarse con el proveedor de atención médica y usar el medicamento según las indicaciones durante todo el tiempo recomendado. El estudiante puede regresar a la escuela 24 horas después de la primera dosis de antibiótico y si se siente bien.

**Erupciones cutáneas:** Las erupciones o áreas de piel dañada y con picazón deben ser examinadas por un proveedor de atención médica si parecen estar propagándose o no están mejorando.

En el **AASD**, monitoreamos las tasas de enfermedades dentro de nuestras escuelas y la comunidad en colaboración con el Departamento de Salud de la Ciudad de Appleton, y continuaremos haciéndolo. A medida que aumentan las tasas, nuestros equipos de cada escuela, el equipo de Servicios Estudiantiles y el equipo de Instalaciones se comunican y aumentan los esfuerzos de limpieza y la comunicación con las familias como medidas preventivas. Las familias pueden ayudarnos con estas medidas preventivas siguiendo las pautas anteriores.

### Aquí hay algunas cosas que puede hacer para ayudar a prevenir enfermedades:

- Lavarse las manos con frecuencia; usar desinfectante si no hay agua y jabón disponibles
- Cubrirse al toser o estornudar con un pañuelo o la manga
- Beber suficiente agua (enviar una botella de agua con su hijo/a a la escuela)
- Comer una dieta bien balanceada (también al enviar refrigerios o almuerzos a la escuela)
- Limpiar y desinfectar las superficies de uso común
- No compartir artículos personales
- Dormir lo suficiente

Success for  
Every Student,  
Every Day

SAVES LIVES

## Heart Safe School Designation Letter to School Community

Dear Community,

Horizons Elementary School is pleased to inform you that we have joined a community effort to implement a sustainable and comprehensive CPR and AED program. This decision is the result of our wish to make our buildings safe for our students, visitors and employees.

Sudden Cardiac Arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating, cutting off blood flow to the brain and other vital organs. SCA is fatal if not treated immediately. Having access to an AED as well as having a written plan and a team of CPR/AED-trained staff ready to act in an emergency can save the life of someone suffering a SCA during those critical first few minutes. Through our cooperative efforts with **Project ADAM** and **Children's Hospital of Wisconsin**, we have joined hundreds of schools throughout the state of Wisconsin and beyond in preparing our school for a life-threatening emergency. This program enables us to offer any person who may experience a Sudden Cardiac Arrest during regular school hours, the best chance for survival.

Horizons currently has an AED in the building. The AED is stored in a wall cabinet. When the cabinet door is opened, a loud alarm will sound. This alerts everyone that there is a potential emergency. Our school has a maintenance plan in place for the units. The AEDs are designed to work effectively unless they are tampered with. Additionally, the AED will not shock a person unless it detects a shockable rhythm (ventricular fibrillation).

Staff has been trained to assist with an emergency during regular school hours. After school hours and during the summer, this is a Public Access Defibrillation (PAD) program. If you suspect someone is experiencing a Sudden Cardiac Arrest, please feel free to use the equipment at our school. Good Samaritan laws protect the layperson in a life-saving attempt, although we recommend becoming trained in CPR/AED use as an investment in your health and the health of others. Our local Emergency Medical Services and AASD Medical Director are aware of our procedures for the program.

*"Project ADAM is a national, non-profit organization committed to saving lives through advocacy, education, preparedness and collaboration to prevent sudden cardiac death. Our affiliate programs improve the cardiac chain of survival in schools and communities in memory of Adam Lemel, a 17-year-old Whitefish Bay, WI, high school student who collapsed and died while playing basketball at school."*

Many thanks for your participation in this important Heart Safe initiative in our school. To see our school on the Project ADAM map, visit [www.projectadamwi.com](http://www.projectadamwi.com).

Sincerely,

AASD District Nursing Staff
