Green Your Schools Grant Application

The City of Wyoming is offering a grant opportunity to WCS to support environmental conservation and sustainability initiatives. The city earns money each year (as a rebate from Hamilton County) based on how much our community recycles. Wyoming is now reinvesting a portion of that rebate back into our schools. Students are encouraged to apply by proposing innovative ideas to improve their schools through projects such as reducing erosion, planting native species in school gardens, or decreasing energy or water use. You are also welcome to submit a completely original idea! Please read the [information sheet](#) and complete the planning sheet below before [submitting your application](#).
