to donate through commercials on Nottingham News, as well as sorting and packing the items for pick-up. Nottingham students and teachers also donated toys, household items, and children's clothes during a Holiday Gift Drive. REPORT OF SCHOOL PROGRAMS

Dr. Woods reviewed some highlights of the Pennsylvania State Budget System Code update. This will be in place after July 1, 2028. The Code covers instructional certificates, this is a great step forward allowing districts in the commonwealth, like Oxford, to get teachers who are properly certified.

Charter and cyber charter school attendance and truancy reform may now limit the transfer of habitually truant students to cyber school without judicial approval. This update would hold charter schools responsible for student attendance online and perform welfare checks on enrolled students.

Safe2Say program changes district responsibility.

Structured Literacy is to be phased in over the next three years. School will adopt an evidence-based reading curriculum by 2027-2028. OASD's current reading curriculum is acceptable.

Required reporting of professional development to PDE, as well as reading screening repotting of percentage of students with reading deficiency at the beginning and end of each school year. Oxford does screenings three times per year.

FASFA completion or opt-out prior to graduation for all students.

Enrollment notification twice a year from cyber charter schools to capture if students move out of district.

Act 44 effective January 5, 2026, to notify parents when weapons are on district property. The change is now to notify stakeholders of the school or adjoining campuses within 48 hours of the incident.
