

Dual Enrollment & Advanced Placement Courses

MJHS Administration

Principal: Mr. Ryan Hill

MJHS Mission Statement

MJHS mission is to prepare students to become successful and productive citizens by providing advanced educational opportunities and experiences. MJHS is committed to promoting mutual respect among students and staff to enhance tolerance and self-esteem. Each member of our school community is a valued individual with unique needs and abilities.

How can I earn college credits in high school?

Advanced Placement

Advanced Placement classes are taught by MJHS teachers. Students must earn a 3 or above on the test in the spring to receive college credit.

Dual Enrollment

Courses offered through Cumberland and MTSU are taught by college professors.

Cumberland courses are available online or on the CU campus.

MTSU courses are available online.

How can I earn college credits in high school?

Advanced Placement

Earn College Credit by taking AP test at the end of the course.

Advanced Placement Courses

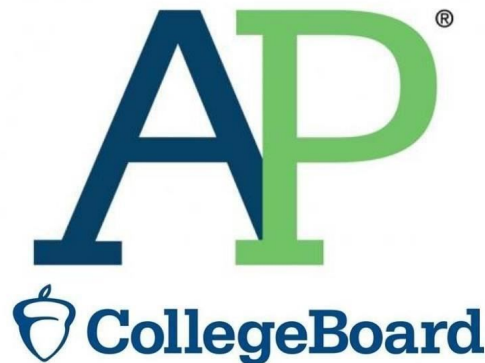

The College Board's Advanced Placement (AP) Program provides an opportunity for high school students to experience postsecondary-level coursework across multiple subjects.

Each course is aligned to a subject-specific AP exam, which provides students the potential to earn credit for post secondary coursework in that subject.

AP courses taught by **our high school teachers at MJHS.**

Advanced Placement courses provide students with a great opportunity to:

- Challenge themselves academically
- Set themselves apart in college admission
- Earn college credit and placement with a successful exam score of 3 or higher
- AP Scholar Distinction (3 or higher on 3 exams)

AP Courses at MJHS

AP English III (Lang & Comp)
AP English IV (Literature)
AP Seminar
AP Research
AP Calculus AB
AP Calculus BC
AP Pre-Calculus
AP Statistics
AP Environmental Science
AP Biology

AP Chemistry
AP Physics I
AP Physics II
AP Physics C
AP Microeconomics
AP Macroeconomics
AP US Gov & Politics
AP US Comparative Gov &
Politics
AP Human Geography
AP African American History

AP US History
AP World History
AP European History
AP Psychology
AP Spanish
AP Music Theory
AP Drawing
AP Art 2D/3D
AP Art History
AP Computer Science
AP Cybersecurity

How can I earn college credits in high school?

Dual Enrollment Courses

Earn College Credit by taking a college course through Cumberland University or Middle Tennessee State University.

Dual Enrollment Courses

Dual Enrollment is offered to high school juniors and seniors to earn college credit before graduating high school. For the highly motivated, Dual Enrollment gives students a jump-start on college, giving the student the opportunity to sample college before freshman year.

Depending on course selection, you may be in an in-person class at Cumberland University or online through Cumberland or MTSU.

The DE courses also count as credits for high school graduation.

Who can participate in DE courses?

To take dual enrollment, students must:

- Be a junior or senior in high school
- Have a minimum 3.0 unweighted high school GPA
- Have taken the ACT/SAT at least once (**rising Juniors must sign up to take it on their own before May of Junior year**)
 - *Some courses require a specific subscore on the ACT/SAT. Refer to the college's catalog for specific course requirements & prerequisites.*
- Submit all required documentation & registration forms

How much does it cost?

Students have the potential to take **5 tuition-FREE** and **5 discounted** classes at MTSU. They have the potential to take **10 tuition-FREE** Dual Enrollment courses at Cumberland! Students remain eligible by maintaining at least a 2.0 cumulative COLLEGE grade point average.

The State of Tennessee (TSAC Dual Enrollment Grant) and the Cumberland University Rising Phoenix Grant are the sources of funding for these courses.

The standard rate for dual enrollment courses is \$540 for a 3-credit hour course. For courses more than 3-credit hours, the cost is \$180 per additional credit hour.

Other educational costs students and families may incur are:

- Application fee (waived)
- Textbooks
- Course/Lab fees (detailed in the course description located in the University Catalog)

How do I apply?

- Students should apply following the “Dual Enrollment” checklist available in their Class Google Classroom.
 - Dual Enrollment College Application (CU or MTSU)
 - Other listed requirements
 - TSAC Dual Enrollment Grant
- After the application is submitted, students will work with their counselors to have their high school transcript and ACT/SAT scores sent to the colleges.

Dual Enrollment Classes (CU)

- Engl 101 - Eng Comp 1
- Engl 102 - Eng Comp 2
- Eng 215 - Introduction to Literature
- Engl 216 - Topics in Lit
- Math 205 - Stat for Behavioral Analysis
- Math 111 - College Algebra
- Math 119 - Precalculus
- Hist 201 - US History I
- Hist 202 - US History II
- Psy 201 - Psychology
- Soc 221 - Sociology
- POLSC 223 - US Government
- Econ 241 - Macroeconomics
- Econ 242 - Microeconomics
- Econ 200 - Personal Finance
- Art 191 - Enhancing Art Understanding
- Com 220 - Interpersonal Comm
- Mu 128 - Fundamentals of Music
- Thr 100 - Intro to Theater
- Ed 201 - Education as a Profession
- BUA 101- Intro to Business
- Bio 111 - General Biology

Dual Enrollment Classes (MTSU)

- Engl 1010 - Eng Comp 1
- Engl 1020 - Eng Comp 2
- Engl 2020 - Themes in Lit
- Engl 2030 - Experience in Lit
- Math 1530 - Applied Stat
- Math 1710 - College Algebra
- Math 1730 - Precalculus
- Hist 2010 - US History I
- Hist 2020 - US History II
- PSY 1410 - Psychology
- SOC 1010 - Sociology
- PS 1005 - US Government
- ECON 2410 - Macroeconomics
- ECON 2420 - Microeconomics
- FIN 2010 - Personal Finance
- ART 1030 - Art Appreciation
- COMM 2200 - Public Speaking
- MUS 1030 - Intro to Music
- THEA 1030 - Intro to Theater
- BCED 1400 - Intro to Business

Other Dual Enrollment Considerations

- When considering a Dual Enrollment course, check the college's course catalog to ensure you have met the prerequisite requirements for the course.
- In-person courses may only be available during certain semesters or blocks due to the university's schedule. Classes are Mon/Wed or Tues/Thurs — no class on Fridays.
- Dual Enrollment courses are taught by college professors who send only midterm and final grades to the student & counselors. Students (not parents) are responsible for communication about grade with their professors.
- DE students follow the break schedules of the college's calendar.

Other Dual Enrollment Considerations

- Depending on their course schedule, DE students may have the opportunity to complete their DE coursework off campus.
 - Permission slips for this option will be available.
- DE students have the option to work on DE coursework in the library.

DE: What are the next steps?

- Select the DE classes you would like and write them on the bottom right side of your Registration sheet. Enter standard courses into Skyward for DE courses.
- Speak to your counselor about DE during your individual registration meeting.
- Complete the DE checklist on your Class Google Classroom.
- Take the ACT! www.act.org
 - Rising juniors need to take the ACT during spring of sophomore year.
- Check your email.
- Questions regarding courses transferring - contact the specific college.

AP and DE – Credits Transferring

- Students must research the credit transfer policy for both AP and DE courses.
- Each college and university will explain their transfer credit policy on their individual websites.

DE credits are not accepted at all colleges and universities.

AP Exam exam scores and credits are not the same for all colleges and universities.

Another Option: Early College at CU

- A rigorous academic path where MJHS students earn an Associate of Arts, Associate of Business, or Associate of Education Degree by taking specific Cumberland University courses during 11th & 12th grade year on CU's campus.
- Requirements blend the high school experience with that of completing college coursework, culminating in an Associate's degree.
- EC courses conclude by 12:30 each school day (excluding senior-level lab courses).

Another Option: Early College at CU

- 3.0 unweighted GPA
- 21 ACT composite with sub-scores of 22 in Mathematics & 20 in English. (*Must have this score by 11th grade year in order to qualify for Cumberland University, so ACT is taken 10th grade year.*)
- Must have completed Algebra 2 by end of sophomore year
- Exemplary attendance & discipline records
- Meet all Cumberland University requirements & complete Early College application for acceptance

Another Option: Early College at CU

- For those eligible for the TSAC dual enrollment grant, the estimated cost for tuition for the 60 credit hours EC students will earn is \$6,000 to average \$1,500 per semester.
- An estimated cost for books & materials is \$250 per semester.

Another Option: Early College at CU

- Early College applications are available on the Class of 2028 Google Classroom.
- Applications are due by Wednesday, May 6, 2026.

ACT Test Dates

All MJHS Juniors will take the ACT on **March 24th** during the school day for free.

Test Date	Registration Date	Late Registration Date	Scores Released
February 14	January 9	January 23	March 3
April 11	March 6	March 34	April 21

Yet Another Option: TCAT

- Students can take courses through the Tennessee College of Applied Technology (TCAT).
- Test scores are not required.
- Courses taught on TCAT's Lebanon campus (transportation required).

Yet Another Option: TCAT

- Welding
- HVAC
- Mechanics, Electrical and Plumbing Systems
- Machining Technology
- Computer Information Technology

Courses are subject to TCAT availability.
TCAT and DE grant applications are in Google Classrooms.
Students need to discuss during individual registration meetings.

Calculating Final Grade and GPA

- DE course - add 4 points to final grade
 - AP course - add 5 points to final grade
-

- AP (without exam) Quality Points
 - A = 4.5, B = 3.5, C = 2.5, D = 1.5, F = 0
- AP (with exam) and DE Quality Points
 - A = 5, B = 4, C = 3, D = 2, F = 0

Schedule Change Policy

- Students who request and receive Honors, Advanced Placement or DE courses are obligated to take these courses in the next academic school year unless school administration approval is granted.
