

RE: CORDOGAN CLARK 'BUILT ENVIRONMENT' SCHOLARSHIP PROGRAM

The Cordogan Clark 'Built Environment' Scholarship was established in 2022 by John Cordogan, Principal owner of the Cordogan Clark Group. Cordogan Clark has provided professional services for numerous School Districts for several decades. Since the early 1980's the firm has provided a myriad of architectural, engineering, interior design, and construction management services that have improved the built and learning environment for both public and private school districts.

The firm wishes to build upon its devotion to educational design, its loyalty to our school districts and commitment to the students in our school communities. Mr. Cordogan is happy to provide this direct benefit for our educational clients' high school graduates. This scholarship serves as a lasting tribute to the firm's collaboration, honoring its commitment to the school district, and directly supporting the continued education of its students.

Cordogan Clark has established ten (10) \$1,000 scholarships available to all senior students of our K-12 school clients. Each student awarded a Cordogan Clark Scholarship will receive a one-time award paid to the student's college of their choice, upon graduation and confirmed enrollment. Each recipient must be enrolled full-time at a two-year or four-year institution. Selection is based upon a written submission on how the building environment has positively impacted the student's education along with supporting documentation. All students with a minimum 3.2 GPA are eligible to apply. Those students with an interest in continuing their education in a field of study that directly impacts the built environment, are highly encouraged to apply.

Applications will be accepted beginning March 1st. All applications and related information must be received by March 20, 2026. Please share this scholarship information with the appropriate personnel for distribution to your senior student body.

1. Completed Application Form
2. Cover Letter with intended major and higher education institution enrolled to attend.
3. Written Essay: The positive impact your school's-built environment as had on your ability to learn (1,000 – 1,500 words)
4. Minimum 2 Letters of Recommendation from school personnel (teacher, administrator, coach, staff)
5. Official Transcript

Applicant submissions shall be reviewed by the school district's scholarship committee, and six applicants shall be submitted to Cordogan Clark for final evaluation. Winning applicant(s) will be notified following the selection process. Announcement of winners will be made at the high school's senior awards night.
