Because the offering and staffing of many elective courses is critically dependent on student requests made during spring registration, students will be expected to accept and complete the elective classes they are selecting. The classes you select will be **final** unless changes are required due to failed courses or graduation requirements. **No course changes will be made next year.**

**Summer School** offerings will not be confirmed until late in the semester, so students who plan to attend Summer School should course select as if they are not taking any summer classes. Later, upon successful completion of any summer classes, any needed adjustments for 2026-2027 will be made. For information about Summer School, please see your current school's website.
