The regular process for the supervision of staff in USD 480 is designed to improve the education process. Staff members whose demonstrated performance does not meet the expectations of the school district, a more directive and intensive system of support is necessary. The intent of the assistance plan is positive. However, this does not diminish the fact that serious concerns have been identified. The team's purpose is to assist the employee with implementation of a plan to improve the domain or domains where the need has been identified. When professional performance does not improve, continued employment in this position may be in jeopardy.

The following information explains the plan's components:

1. **Who should be offered the intensive assistance?**
Any certified employee that has an overall ranking of unsatisfactory in one or more domain.
2. **What are the notification procedures for this employee?**
The opportunity for intensive assistance help is offered within 5 contract days following the evaluation conference.
3. **When should the employee respond about working with the intensive assistance team?**
Within five (5) contract days following the evaluation conference, the employee will indicate, in writing, acceptance or rejection concerning working with the team. If the employee accepts intensive assistance, a team will be selected and goals will be established.

A three-member team will be selected. Those persons recommended for the team must be tenured and have evaluations that reflect proficient or better in all domains. Team members will receive release time for serving on the team.

5. **How are members of the team selected?**

The team will consist of an instructional coach from the building level of the certified employee, a building mentor, and one successful certified employee selected by the employee in need of assistance.

6. **What tasks does the team perform?**

Within five (5) days of being notified, the intensive assistance team is to meet with the employee to review the domain expectations, establish measurable goals, set a timeline, and answer any questions. At two-week intervals during the intensive assistance process, meetings will be held including the evaluator, certified employee, and team. This group jointly will discuss efforts for improvement and progress as long as deemed necessary by the team.

7. **At the end of the established timeline, the employee must be evaluated in identified domain or domains.**

a). If the employee improves to basic or better on the domain, the employee will remain on schedule for one school year with one scheduled and one unscheduled evaluation. After one year of improvement on the schedule year, then the employee will have a fresh start on the evaluation cycle.

b). If the employee shows no improvement, the intensive assistance plan will be reviewed and modified if necessary.

As a result of authority granted to the Board of Education by Kansas statutes, the Board has the responsibility of determining composition of the professional staff necessary to implement and maintain educational programs of Unified School District 480. From time to time, as the result of decreasing enrollment, limited financial resources, changes in educational programs, or other circumstances, it may be necessary to reduce the number of certified employees employed by the District. A decision to reduce professional staff will, in all cases, remain within the sole discretion and judgment of the Board of Education. The Board may retain any certified employee who it deems necessary to staff all necessary programs of the District. It is the policy of this school system to use normal attrition of staff; i.e., resignations, retirement, leaves of absence, as the first means of achieving a reduction in professional staff. However, in certain cases, normal attrition may not be sufficient to achieve the necessary reduction of professional staff. In the event that further reduction of professional staff is necessary, it shall be accomplished in a fair and orderly manner as provided in this policy.

The following steps will be utilized by the district's administrative staff to reduce the teaching staff:

To determine the number of teaching positions to be reduced, the administrative staff will ascertain the educational program for the district to meet the educational goals established by the Board. The number of certified employees needed to implement the district's education program will then be determined by the administrative staff based on these educational goals as determined by the Board.

All certified employees will be evaluated in relation to the educational goals of the district. Individual qualifications and specific skill areas or disciplines will be ascertained and applied to the certified employee needs of the district. Evaluation forms, instruments or tools will be used to measure each staff member's teaching ability.

A. DEFINITIONS (*See Definitions, Page 1*)

B. PROCEDURE

1. Whenever the Superintendent or his or her designee determines that a necessary reduction of professional staff will not be accomplished through normal attrition of staff, all certified employees of the Unified School District 480 will be advised of the reasons for the reduction of professional staff and will be informed of the procedures and considerations to be used in determining which employees will have their contracts non-renewed. The Superintendent or his or her designee will review all relevant facts and circumstances and will recommend to the Board of Education those certified employees whose contracts will be non-renewed.
2. For purposes of considering a reduction of professional staff, all certified employees of the Unified School District 480 will be assigned to a teaching position in which the employee is certified. A certified employee will be permitted to change teaching positions if he or she has teaching experience in the school system within the alternate field and is properly certified.
3. After determining which levels require a reduction of professional staff, the Superintendent or his or her designee will then determine certified employees for non-renewal in the following sequences:
 - a. Temporary certified employees
 - b. Part-time certified employees
 - c. Part-time certified employees who decline an offer of full-time employment
Any part-time certified employee who is being considered for non-renewal will be afforded the opportunity to be considered for full-time employment in the school district. If such part-time certified employee accepts the offer to be considered full-time employment, then he or she will be placed in the category of full-time certified employee.
 - d. Full-time certified employees

- 1) In making those determinations included in (1), the superintendent or his or her designee will base the decision on the following weighted system:

a) Evaluation = 35 points

Accumulate the total points earned on no more than the five (5) most recent evaluations with three (3) points assigned for each Distinguished; two (2) points for each Proficient; one (1) point for each Basic; and minus one (-1) point for each Unsatisfactory. Then divide the total points accumulated by the number of evaluations. The resulting score cannot exceed 35 points. *Last Modified: 2016*

b) Seniority = 35 points

One point will be awarded for each year in Liberal USD #480, not to exceed 35 points.

c) All teaching experience in specific fields = 10 points

One point will be awarded for each year of service in the specific area being determined up to 10 points. In case of multiple area teaching experience, the points will be prorated according to the full time equivalency of each field taught

d) Areas of certification = 10 points

Seven points will be awarded for certification in the field being determined. One point will be awarded for each additional field up to three points as shown on the current teaching certificate.

e) Advanced degrees and additional credit hours = 10 points

See Salary Schedule -- Points will be awarded as follows:

BA + 15	= 1 point
BA + 30	= 3 points
MA	= 4 points
MA + 15	= 6 points
MA + 30	= 8 points
MA + 45, MM, SP	= 10 points

Basing his or her decision on the above weighted system, the Superintendent or his or her designee will make his or her recommendations for reduction of professional staff based upon what he/she considered to be in the best interest of the school system and the students who receive services from the district.

4. At the time recommendations are made to the Board of non-renewal of contracts of designated certified employees, the Superintendent or his or her designee will present data to the Board in support of his or her recommendations.

ARTICLE IX: CAFETERIA DUTY

It is the intent of the Board of Education to grant, where reasonably possible, each certified employee the opportunity of a lunch period, free of assigned responsibility, of the same period as that provided the pupils in the class to be served, except in elementary buildings where such periods shall be from dismissal until pupils are permitted on the school premises. In the event the building principal, with the assistance of the Director of Food Services, after having made diligent inquiry, is unable to obtain the services of a qualified person to provide lunch room supervision, he/she may designate or assign a certified employee to such duty at the same rate of remuneration then being paid to other persons having such duty, until such qualified person can be employed for the lunch supervision. If it becomes necessary for supervision in the cafeteria during the breakfast period, the procedure in the preceding sentence will be followed.

ARTICLE X: ASSIGNED STATIONS

The certified employee shall be at their assigned duty or work station or be engaged in working activities directly related to their teaching assignment, and shall be readily accessible to students and/or parents during the duty hours as assigned by the School Board. This includes but is not limited to hallways, office, playground, assemblies, bus, school yard, athletic events as well as the assigned classroom. The certified employee shall be included under the liability insurance provided by U.S.D. 480 when present at any assigned duty or work station.

ARTICLE XI: MODIFICATION OF AGREEMENT

The Board of Education of U.S.D. 480 and the Liberal-NEA agree to reopen negotiations and permit amendments to appropriate sections of this agreement under any of the following circumstances:

- A. Whenever changes in statutory provisions and/or federal or state mandates make portions of this agreement inoperable.
- B. Whenever there is mutual agreement between the two parties to reopen specific sections of the agreement.

ARTICLE XII: DAMAGES FOR BREACH OF CONTRACT

This contract shall be binding upon the parties for the term stated therein and subject to these provisions.

- A. If the certified employee shall apply in writing to the Board for release from the contract after the 14th calendar day following the 3rd Friday in May, the Board may grant such release, if the request for release is accompanied by a money order or certified fund check for the amounts set forth below, which is based upon the date the request is received. Such amount, if accepted, shall be considered as liquidated damages for the release.
1. 15th calendar day following the 3rd Friday in May-June -- \$2,500
 2. On or after July 1 -- \$5,000
- B. In the event a new applicant for a teaching position should sign a contract for the subsequent year, and thereafter apply for release of that contract after May 15th, that the damages set forth above shall apply.

The retirement benefit will also be awarded under the following circumstances:
