

## HADDON TOWNSHIP BOARD OF EDUCATION

---

Broadcast

Dear Haddon Township School District Community,

As a follow-up to yesterday's update, I would like to share **two additional items**. Please see below and have a great weekend.

### **Edison Student and Teacher Feature on CBS News**

Crew Dawson, a kindergarten student at Edison Elementary School, was interviewed by CBS News today. Crew will be featured as a "Heart Hero," helping raise awareness about CHD and heart health. The segment will also highlight our partnership with the American Heart Association through the Kids Heart Challenge, a program we run in our Health and PE classes that teaches students about heart health while promoting movement and service. **Crew's interview will air tonight at 5:45 pm on CBS**, and I hope everyone can tune in. We are incredibly proud of Crew and look forward to next week's Kids Heart Challenge events. Thank you to our Physical Education Department, and especially to Mrs. Patty Sayles, for their leadership, organization, and continued commitment to making this event both meaningful and impactful for our students.

### **Support Project Graduation**

I also encourage our community to support the High School PTA by attending the *Hawks and Hops* fundraiser (flyer attached). In past years, their Designer Bag Bingo raised nearly 15,000 dollars for Project Graduation. Due to construction, the PTA had to change both the venue and the format this year, and **ticket sales are currently much below the level needed to fund Project Graduation**, which provides our seniors with a safe, alcohol- and drug-free celebration on the night of graduation. Thank you to our High School PTA for their continued dedication to our students.

-Sincerely,

Robert J. Fisicaro, Ed. D. Superintendent
