

Quality Profile
2025

Dear Worthington Families and Community,

Worthington Schools is proud to share how we continue to grow, adapt, and deliver on our promise to empower learners who will change the world. Our Quality Profile highlights this work by looking beyond test scores to reflect the experiences, opportunities, and outcomes that define our district.

This year marks meaningful progress. All-day, tuition-free kindergarten is now available to every family, giving our youngest learners a strong start. We are strengthening literacy through Core Knowledge Language Arts and aligned practices, while building a more connected, student-centered approach to special education. Guided by our Portrait of a Learner, students across all grade levels are developing the skills that matter most—communication, collaboration, critical thinking, adaptability, and resilience—while benefiting from expanded college, career, and workforce pathways.

We also remain committed to responsible stewardship. Strategic financial planning and continued investment in our facilities position Worthington for long-term stability and learning environments that support students and staff.

Thank you to our families, educators, staff, and community partners for your trust and partnership. Together, we remain focused on what matters most—our students.

Because in Worthington, #ItsWorthIt.

Dr. Trent Bowers, *Superintendent*
Worthington City Schools

We're Worthington

10,831 STUDENTS

1,416 STAFF MEMBERS

65+ LANGUAGES SPOKEN
