Thursday, February 19, 2026

Dear Southmoreland Family,

I am writing to inform you of an important update regarding student photography this spring. After careful consideration, we will be canceling Spring Pictures scheduled for March 31 at the Southmoreland Primary Center and April 7 at Southmoreland Middle School. This decision was not made lightly. As we continually evaluate our programs, partnerships, and the overall experience for our students and families, it is important that we ensure the services we provide meet the high standards our community expects and deserves.

In addition, I want to share that we have secured a new photography vendor who will support our district for the Graduation Ceremony on May 29, 2026. Our goal in making this transition is to provide a more seamless, organized, and high-quality experience for our students and families during one of the most meaningful milestones in their educational journey.

At this time, we do not have any formal photography agreements in place for the 2026–2027 school year and beyond. Throughout the spring, our administrative team will evaluate interested companies to determine the best long-term fit for our district. As with all of our partnerships, we will prioritize professionalism, reliability, quality, and value for our families.

We understand that school photographs become lasting memories. Our focus remains on making thoughtful, responsible decisions that reflect the pride we have in our students and the trust our community places in us.

Thank you for your understanding and continued support as we work to ensure every experience at Southmoreland reflects the excellence our students deserve. If you have any questions, please do not hesitate to contact the building office.

Respectfully,

Dr. Jason A. Boone
Superintendent
Southmoreland School District
