

Camp Invention® is coming back to Merrimack! (Actual School Location in Merrimack is TBD)

Camp Invention is returning with an all-new program: Spark! Led by qualified local educators, rising K-6 campers will team up with friends for a weeklong adventure and hands-on exploration of the latest trends in STEM! Spark their confidence, inspire their creativity and watch your child bring their ideas to life!

In partnership with the National Inventors Hall of Fame® and inspired by real-world role models, your child's week of daily inspiration begins on July 6th through July 10th 2026, with Cathy Goodman and Kim Morgan serving as Co-Directors.

During the all-new 2026 program, curious campers will:

- *Ride the waves of entrepreneurship, splash into hands-on buoyancy experiments and prototype an innovative billboard boat design*
- *Investigate critter crimes with robotic capybaras, create sleuthing gadgets, and unlock the power of DNA and forensic science*
- *Spark their innovative superpowers to protect their intellectual property against The Infringers and design a wearable device that uses cryptography*
- *Build their own DIY space rocket, launch a mission to transform a planet's ecosystem and make dazzling scientific observations in their space lab*

Spots are filling up fast and availability is limited, so visit invent.org/mylocalcamp or call 800-968-4332 to secure your child's spot today! Use promo code **SUM25 by March 31st** to save \$25! If you have 2 siblings, you can use the promo code **SIBSAVE30** for \$30 off of each registration, or **SIBSAVE40** for \$40 off each child when you register 3 or more. Payment plans are also available.

SECURE YOUR SPOT TODAY!
