# Capernaum

## Capernaum Club

**Our Capernaum clubs** are specially designed with our students with disabilities in mind. From middle school and high school and even transitioning into adulthood, our club is a safe place for our kids from ages 14 through 21 to be themselves, build relationships, find mentorship, and feel accepted and loved for exactly who they are right now.

We also have a **summer camp program** every year that our kids often refer to as “The best week of the year”. The staff and volunteers at YoungLife spend a lot of the year planning fundraisers and events to help with scholarships to ensure all of our kids have the opportunity to experience camp at least once for that very reason! All of our staff and volunteers are required to pass background checks and complete training

## Join us at Club!

## Investing

Make a difference in Young Life's Capernaum by:

- Developing a meaningful relationship with an exceptional adolescent.
- Helping to raise disability awareness within your community and church.
- Becoming a volunteer leader or driver
- Serving on a local area board.
- Helping to start Young Life Capernaum in your community.

## Capernaum's Vision

Young people want a place where they're accepted, where they can have meaningful friendships, where they can experience fun, adventure and freedom. They also want to discover their purpose in the world.

Young Life Capernaum leaders develop relationships with teenagers with disabilities where all are invited, celebrated and needed. Those who need assistance can and should participate fully in activities that build self-esteem and challenge their limits.

**For more information or to schedule a visit to one of our Club meetings, please reach out to Sharon Knuth at (402) 612-5721**

## Young Life's Mission

1. Kids around the world are searching for belonging, hope and life.
2. We're in it with kids and accept them as they are – no strings attached.
3. Kids are invited to experience life as it was meant to be lived.
