

FEES

Dassel-Cokato facilities are available for rent, with fees determined based on the organizational category of the requester. A Facility Use Request must be completed, submitted, and approved along with all required documentation. Once approved, individuals and organizations will be invoiced accordingly and will coordinate with the Facilities & Recreation Specialist to finalize and support the facility rental agreement.

Fee Structure Components:

1. **Permit Fee:** all reservations incur a \$15 non-refundable permit fee. This fee supports the administrative costs of processing rental permits and ensures reservation commitments.
2. **Facility Use Fees:** the cost per hour/day based on the class a user group falls
3. **Additional Fees:** incurred through staffing costs based on needs and specific spaces, by group size, or when renting equipment.
