DEFINITIONS

The following definitions apply to the Plan. This is only a summary, for a complete listing of definitions, please see the Policy on file with the school.

Accident means an unforeseeable and unexpected event which causes Injury to one or more Covered Persons independent of disease or bodily infirmity or any other cause.

Physician means a person who is a qualified practitioner of medicine. As such, he or she must be acting within the scope of his/her license under the laws in the state in which he or she practices and providing only those medical services which are within the scope of his/her license or certificate. It does not include a Covered Person, or a Covered Person's Immediate Family.

Sickness means illness or disease which requires treatment by a Physician while covered by the Policy. The Sickness would occur after the effective date of a Covered Person's coverage under the Policy and while the Policy is in force. All related conditions and recurrent symptoms of the same or a similar condition will be considered the same Sickness.

Usual, Reasonable and Customary means: charges, fees or Expenses as used in the Policy to describe expense will be considered to mean the percentile of the payment system in effect at Policy issue as shown on the Schedule of Benefits.

This insurance is not subject to and does not provide certain insurance benefits required by the United States' Patient Protection and Affordable Care Act ("PPACA"). PPACA requires certain US citizens or US residents to obtain PPACA compliant health insurance, or "minimum essential coverage." PPACA also requires certain employers to offer PPACA compliant insurance coverage to their employees. Tax penalties may be imposed on U.S. residents or citizens who do not maintain minimum essential coverage, and on certain employers who do not offer PPACA compliant insurance coverage to their employees. In some cases, certain individuals may be deemed to have minimum essential coverage under PPACA even if their insurance coverage does not provide all of the benefits required by PPACA. You should consult your attorney or tax professional to determine whether this policy meets any obligations you may have under PPACA.
