

Worksite Visits

Career Technical Education
Spring 2026 Pilot

Open your doors to the future workforce!

Worksite visits are especially powerful, giving young people the chance to learn about future careers firsthand from professionals in real-world workplaces. This spring, industry partners are collaborating with SMCOE to host high school students for career exploration worksite visits.

High-impact worksite visits include:

- Company overview and facility tour
- Panel discussion of diverse career paths
- Hands-on activity or simulation
- Networking lunch

Following the pilot, models and examples will be shared on our website to help schools, districts, and employers to offer higher-impact, lower-lift worksite visits,

Support from the CTE Steering Committee:

- Sample worksite visit agenda
- Support throughout the planning process
- Site walkthrough before students visit
- Ideas for hands-on activities
- Connections with high schools to coordinate logistics and connect classroom learning
