The following scholarship application is the qualifying application for the following scholarships:

LHS COMMUNITY SERVICE

LHS ACTIVITIES

LHS ACADEMIC/LEADERSHIP

GENE SLAYMAKER

OLIVER BROWN

CLARENCE & DOROTHY J. COKELEY

LHS FUTURE EDUCATOR AWARD

LHS LEADERSHIP & CHARACTER

Name: Reece Hay

7 SEM GPA: 3.83 Class Rank: 31 ACT Composite: 18

College you plan to attend: Tabor College

Career you intend to pursue: Business Management

Please list school and community activities you have been involved in.
(You may attach additional sheets as necessary)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.
(You may attach additional sheets as necessary)

How many LHS Documented Community Service Hours do you currently have? 19

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary)

Please list school and community activities you have been involved in.

See attached resume.

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

Basketball has helped me to learn many life lessons. The dream of every basketball team is to win a state championship. Our dream abruptly ended following the quarter-final round in which we were the victor, however each of the four remaining teams lost to the Covid Pandemic at the state tournament in Wichita, Kansas last March. This circumstance taught me that nothing should be taken for granted, and no guarantees ever exist.

This year after being accustomed to a significant amount of playing time at the varsity level, I have had to share playing time with younger players on the team. Through this experience I have had to take a step back to reflect on my character being challenged. Although difficult, the value of remaining positive and keeping a champion mentality has been my focus and mindset. Basketball is only a game, but yet there is no doubt it has simulated successes and disappointments that I will surely experience in other areas of my life.

Describe the most meaningful community service opportunity you have experienced

The most meaningful community service opportunity I have been involved in was volunteering to work at the hospital gift shop with my grandmother. This experience was two-fold; first, the value of volunteer work was certainly represented in the tasks I did. Secondly, it was an opportunity to develop a stronger relationship with my grandmother. I grew to admire the volunteer service provided by the many elderly women in Liberal that worked in the gift shop. I know this experience will have lasting value as the years progress.

LIBERAL HIGH SCHOOL SCHOLARSHIP COMMON APPLICATION

Name: Karime Yaneth Rivera

7 SEM GPA: 3.36

Class Rank: 91

ACT Composite: 22

College you plan to attend: Texas Tech University

Career you intend to pursue: Civil Engineering

Please list school and community activities you have been involved in.

(You may attach additional sheets as necessary)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

(You may attach additional sheets as necessary)

How many LHS Documented Community Service Hours do you currently have? 30+

Describe the most meaningful community service opportunity you have experienced.

(You may attach additional sheets as necessary)

Please list school and community activities you have been involved in:

School

- Cheerleading
- Redline Dance
- Soccer
- Swim (Girls)
- Redskin Singers
- Prom Committee
- Student Council

Community

- Animal Shelter
- Miss Cinco De Mayo Pageant
- Kids Inc cheer coach

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

I chose cheer because not only did the sport itself change me, but the coach did as well. This sport has transformed me into the responsible, tough, kind-hearted, confident, respectful, intelligent young woman I am today. My coach, Scarlett, has taught me discipline and has helped me not only grow as a cheerleader, but as a human being throughout the 4 years I've been in this program. I would not be who I am without this sport and the support I have from everyone, because of it.

Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service opportunity I have experienced is my service at the animal shelter. There was a lot of work that was "hands on" and that's the kind of work I like, even if it was difficult most times. I was given the opportunity to feed animals, give them water, etc. I did these tasks knowing the risks of being scratched or bit. I love animals and I am definitely going to continue doing community service there.

LIBERAL HIGH SCHOOL SCHOLARSHIP COMMON APPLICATION

The following scholarship application is the qualifying application for the following scholarships:

LHS COMMUNITY SERVICE

LHS ACTIVITIES

LHS ACADEMIC/LEADERSHIP

GENE SLAYMAKER

OLIVER BROWN

CLARENCE & DOROTHY J. COKELEY

7 SEM GPA: 3.65 Class Rank: 36 of 295 ACT Composite: 18

College you plan to attend: Fort Hays State University

Career you intend to pursue: Sonography (Ultrasound Tech)

Please list school and community activities you have been involved in.
(You may attach additional sheets as necessary)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.
(You may attach additional sheets as necessary)

How many LHS Documented Community Service Hours do you currently have? 21

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary)

Please list school and community activities you have been involved in

- ☐ Dance Images: 5 Years
- ☐ Redline Dance Team: 9th, 10th, and 11th Grade
- ☐ Redskin Cheer Team: 10th, 11th and 12th Grade
- ☐ Leadership Club: 10th and 11th Grade
- ☐ NHS: 11th and 12th Grade

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

- ☐ The Activity that most impacted me throughout my High School years would definitely be Cheer. I feel like when people think about cheer they don't really think anything of it, but the Cheer program here at Liberal High School shows what hard work and dedication is. The Cheer program has shaped me in ways I didn't know possible. It helped me become strong not just physically but emotionally, it showed me what dedication and determination are but most importantly it gave me happiness and joy.

Describe the most meaningful community service opportunity you have experienced.

- ☐ The most meaningful Community service Opportunity I have experienced was a food drive at a church but it was not any normal food drive it was for thanksgiving where we were giving away thanksgiving food items. The faces of the families truly is something I will never forget. I was fortunate to have experienced that.

National Honor Society

AVID

Football

Wrestling

Tennis

Saint Anthony Catholic Church- decorate and organize for events and holidays

Liberal High School Debate Team- volunteered to help work

Toy for Tots- help wrap presents

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

The one activity I have been involved in that impact through high school is AVID. When being in AVID, you were expected to have high standards like keep good grades, get to class on time, set goals for yourself, get ready for college, be organized with your work, and so many more. This helped me because if I didn't require any of the standards, I would have been kicked out of the program. This motivated me to do all the standards that were required and following all these steps will make me successful. AVID taught me so many things I use today and I wish the program didn't get removed. AVID helped through my freshman to junior year of high school. It also helped other students who were in AVID to keep on track and do everything in order to stay in the program.

Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service opportunity I have experienced was at Saint Anthony Catholic Church. I help out by organizing and decorating for events and holidays. This was so meaningful to me because I was doing something great for my church and it helped me meet more people as well. Everytime I go to help out, they are always so nice and generous. They also served us food and every job available had an important use. From there I learned how to apply things into the world.

Liberal High school Scholarship Common Application

I have been involved in Volleyball and Softball all 4 years of high school. I gained so much from both sports. One lesson that I can give to anyone is to never feel like you are better than anyone else. Starting out as a Freshman it was super scary and I knew I had to fight for my spot and show coaches the ability I had to play the sport. Everyday I practiced so hard to get a spot on the team and the work paid off. The same goes with Softball. With having experienced seniors I knew I had to work way harder than before. My sophomore year I applied to my first job and a few days later I was hired. I can say that communicating and never giving up no matter how tough the situation got, made my job so much easier. Today, I still have my job and I am playing my last year of Softball as a high school student. Proudly, I can say that sports not only made a huge impact on my work experience but my education. I wouldn't be who I am today without being involved in sports.

Nohemi Gomez

Liberal Kansas, 67901

Class of 2021

LHS Common Scholarship Common Application

The most meaningful experience that I have encountered was when I coached Kids Inc. Volleyball and Basketball. At the end of their season they told me that they learned so much and a few years later I got to see them play in middle school. It brought tears to my eyes because they ran up to me and told me that the skills they learned with me were being used in their middle school sport career. Coaching them 2 years before middle school will always stay in my heart because today they love the sport. It shows me that they actually paid attention to what I had to teach them during my time. Coaching while only a freshman also taught me to have patience with others. From having that experience, I can say that working for the community is a great deed that others should do when they get the chance.

Ashley D Kappelman

Ashley Kappelman, Liberal High School Principal

Dear Scholarship Committee

My name is Joseph Yazbeck and I teach High School Physics, College Physics, Introduction to Engineering Design, and Principles of Engineering at Liberal High School (LHS) in Liberal Kansas. I am writing you this letter for the purpose of recommending Ren Watt for a scholarship award.

I have known Ren as my student in my Honors Physics class during the 2019/20 academic year and she is currently in my College Physics class. She is quite the hard working student. She also has a way to come back from setbacks resulting from factors beyond her control. One of her most striking characteristics is her ability to learn from mistakes and bounce back stronger than before. She is also very helpful to other students.

Ren would make an excellent recipient of a scholarship. I recommend her without hesitation. Should you have any questions, please feel free to contact me.

Sincerely,

Joseph Yazbeck

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary)

1. Please list school and community activities you have been involved in.
 - a. I have been involved in the Student Council, NHS, Prom Committee, Jr. Rotarians, FCA, Redskin Singers, Football, Wrestling, Baseball and Track.
2. Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.
 - a. I would say the LHS wrestling program has had the biggest impact on me over my high school years. Wrestling taught me mental strength, responsibility, leadership, teamwork, perseverance, and determination. I had two knee injuries, both resulting in surgeries, from wrestling. This was the lowest point of my life, but it had helped me become stronger and hard working. I knew that I could either sit down and do nothing, or I could better myself for time to come. This same philosophy was used not only in sports but in everyday life. This is what has helped me become successful.
3. Describe the most meaningful community service opportunity you have experienced.
 - a. The most meaningful community service opportunity I had experienced was over the summer when I went on a church trip with members from my community. We had left for a week to go paint and restore destroyed homes of those who are in need. It meant a lot for me to be able to provide support to others.

Impactful community service

March 2021

Teaching extends beyond the classroom

Over the years, I have been blessed to coach young children in their sports careers. By far, the most impactful coaching season I have had played over the summer going into my senior year. As a volunteer coach for the liberal recreation department, I coached 3 and 4-year-olds in blastball. Blastball is a sport sponsored by the Rec Department to prepare young athletes to participate in baseball later on in their life. While coaching these kids, not only was given the opportunity to teach them how to hit hard and run fast, I also was blessed to show them that your teammates are family and winning is only perfect when you work hard and work together. Over the summer I was able to see these young 3 and 4-year-olds fall in love with a sport and most of all, fall in love with practice and their goals as a team. They learned how to catch the ball and catch their desires by hard work and determination. These kids learned that loving a sport means putting in 110% effort and being passionate about your character, your team, your victory, your fans, and your game. After all, there is no "I" in the word "team" to "win", you have to work hard, identify your goals, and never give up. They also may have been motivated by the juice boxes and goldfish I supplied.

Impactful Activity

March 2021

2 minutes and 30 seconds

5678, once a redskin always a redskin, and once a cheerleader, always a cheerleader. Which is so much more than pom-poms and pep rallies. Cheerleading saved my life, and most of all gave me a reason to live it. Cheerleading showed me that no matter how hard you may fall, no matter how tough practice may be, no matter how tough gameday or life may be, as long as you persevere with 110% effort and grit, success and contentment are possible. By cheering for my classmates as they poured their hearts out on the field or court, I learned how to be compassionate and encouraging to both others and myself. I learned to rely on your team to keep you safe and help achieve your success. By practicing not until perfection but practicing until failure is impossible, I learned that in life hard work is the key to the outcome you desire. By competing with months and months of hard work only being shown in 2 minutes and 30 seconds I know that you must cherish the moment of satisfactory success but also be thankful even more so for the hard work and effort that went in beforehand and paid off. I learned that it is your responsibility alone to stay cheerful in moments of chaos or turmoil. I learned that to be on time means no less than 5 minutes early. I learned that community is real, and it's wondrous to be apart of one team, one town, and one goal. I learned that Friday nights are holy, second to

Sundays. Lastly, by being an LHS varsity cheerleader I learned who I am, and thanks to my coaches I learned who I want to be and will strive towards being, daily. Thanks to LHS cheer not only can I perform the Redskin fight song perfectly, but I can also go through life with amazing memories, and a preparation for my future I never would have had without putting my heart into 2 minutes and 30 seconds.

Liberal High School Scholarship Common Application

School and Community Activities:

While attending LHS I have been a part of Volleyball, Softball, Wrestling, Scholar's Bowl, National Honors Society, Book Club, Prom Committee, Jr. Rotarian Club, and LHS Internship Study Program. In the community, I work at a local business and promote people to shop locally to help the community.

Chosen Activity:

The activity that I feel has had the most impact on my life during high school is the Internship Program. The reason it has had a big impact on my life is that it has taught me life lessons and has shown me a glimpse of what being a working adult looks like. Some of the skills I learned are time management by dealing with work and school, communication by talking to customers, and talking to my advisor and teachers about my work schedule. The Internship Program has shown me how to work through difficult situations that might come up in real life and then how to overcome them. I am really grateful to have this opportunity to learn and to be a part of a program that is helping prepare students after high school.

Meaningful Community Service Experience:

The most meaningful community service experience I have done is working at the local church handing out food and then giving toys to kids during Christmas time. Even though I didn't document those activities through the school I consider them meaningful because I got to help people who needed them. It was rewarding to help families who can't afford for and see the smiles on children's faces when giving them toys for Christmas that their parents can't afford. It really has impacted my high school years because it has shown me how much I can help the community that supports me.

B Zimmerman

I have chosen to pursue a career in the Aerospace and Mechanical Engineering field because companies like NASA and SpaceX are on the rise in terms of changing the way we travel in space. These fields are extremely challenging but I have always been the type of student and person to take on a challenge without hesitation. I enjoy difficult math and science that challenges me to think outside the box. I know I have the determination and drive as a student to work through adversity and accomplish my academic goals. Although I know studying under this field will be difficult, I am excited to one day be able to join the team of scientists, physicists, and engineers who are changing space travel and advancing our world into the next generation of technology.

B. Zimmerman

School Activities

1. Student Council Class President (9th, 10th, 11th, 12th)
2. Campus Beautification Club Vice President (11th)
3. Varsity Cheerleading (9th, 10th, 11th, 12th)
4. Varsity Head Captain (12th)
5. Lady Redskin Soccer (10th)
6. National Honors Society (10th, 11th, 12th)
7. Book Club (10th, 11th, 12th)

 - a. I am the founder.
4. Making packaged lunches for USD 480
5. Liberal Memorial Library
 - a. Cataloging the stacks
6. Beta Sigma Phi
 - a. Legacy Member

B. Zimmerman

(1) My experience at Hugh O'Brian Youth (HOBY) Leadership Conference changed my life. At camp, I was surrounded by people of my same age who have the same ambitions as myself. At HOBY I was challenged to learn how to become a one of a kind leader in my school and community. I was taught how to help out in my community in the smallest, most meaningful ways. I learned that even the small considerations like how kind you are can impact people's day. I came home from HOBY with not only the best friends I have ever made, but with a new mindset of growth and positivity to give to others and myself. Ever since my HOBY experience, I have been more helpful to my classmates, more involved in school activities, and always willing to help out in my community. I have grown as a person and have become more positive mentally and with my outward appearance; which my friends and classmates have noticed.

(2) The most meaningful community service experience I have done was packaging lunches for my district during the pandemic. Because of the demographics in my community, if the district was not able to provide lunches, a lot of families would go without food. This was a once in a lifetime opportunity because I got to help out my school's cafeteria workers and see what they do for work. It was very touching to see how they work so hard to give the children of our district food that they would not be getting without the schools. I saw on the frontline how many lunches our district needed to provide for these kids, and how the pandemic had affected our community. I am so glad I was able to help out these families and give back to my school in a time of need.

(I couldn't just choose one)

Ask: What does my character want? For me, that is the single most important question to ask when writing a novel. I need my main character to want something very badly, and I need to understand completely what it is. That's because this thing, or tangle of things, will become the driving force of the book. (Sue Monk Kidd's 10 most helpful writing tips, 2019)

Words to live by from Sue Monk Kidd, the author and queen herself. I would have never been inspired by her if it was not for my book club advisor, Mrs. Stucky. Her tips may be focused on developing a main character in a novel, but we are the developing main character of our lives. To want something very badly is what our book will be about. Whether it is to want something that seems impossible to achieve, or because it is the only thing left to want, having a *want* is enough to get out of bed everyday. I am shaped into who I am because of a few activities I have been involved in such as book club, student council, and cheer, along with my personal *wants*, which were brewed up by the antagonists, and protagonists throughout my chapter of high school.

Flashback to middle school, this is where my book begins. At the end of 8th grade year, teachers were referring us to the freshmen classes they felt would best fit us. My history teacher recommended me to take Freshmen American History, even though there was a more advanced freshmen social studies class, which was AP Human Geography. This class was the only AP course offered to freshmen. I've always been a go-getter, so to not be placed in the advanced class upset me, but it gave me that *want*. I wanted to be in the class, I knew what I had to do. I did not let someone's opinion of my potential change my mindset. I had that *want* in me, a specific drive to meet my goal. I would study throughout the summer, so I knew I would be ready to take the test, and be placed into the class.

Coincidence in itself, AP Human Geography, is how I was introduced to a big part of my life, student council. My teacher, Miss. Kronnawitter, who is the advisor of the student council, pulled me to the side one day in class and told me I would be a great fit for class president, encouraging me to run. I was astonished, though I had to run against

other students who had signed themselves up. I *wanted* to be in office, so I made certain my application was top tier, my plan was creative, and the freshmen class were to love my ideas. Fast forward a month, I won the election that I worked to get. Fast forward to today, I am the student-body president. I love wanting to work diligently everyday for my student body. I have pushed extra-hard this year, giving us as many (safe) events, despite the effects COVID-19 has left on our senior year.

Flashback again to eighth grade; this was a time of realization. Throughout my eighth grade cheer season, I was constantly made less of by my coaches. I have been in dance, gymnastics, and competition since I was 3, and also had already been elected All-American for both years I was in cheer. In other words, there is no reason I would've been considered an unskilled cheerleader. As an 8th grader, my coaches continuously put me in the back, behind 7th graders, and would not invite me to choreograph anything. After telling my mom how I felt, she advised me to talk with my coaches about my issue, they told me they did not realize it, and would try to change circumstances. Aftermath, the issue was never fixed. High school was coming up, which meant cheer tryouts. At this point I was uncertain about what others thought of me, but I believed in myself. Within a few months of dedicated work, I was ready. I tried out for high school and made varsity. Only 2 other freshmen out of 43 made varsity. I learned to never let someone's doubt define my potential. After meeting the high school cheer coach, Scarlett Discker, I learned how to be confident in myself as a cheerleader because she made me feel like I could accomplish anything.

Throughout high school, I experienced the protagonists and the antagonists of my story. The protagonists, such as my mother, my student council advisor, book club advisor, and my high school cheer coach who encouraged me, understood my potential, are the ones who made me into who I am today. Though, my antagonists, the ones who had their doubts about me, are the ones who made me stronger, and I will forever appreciate them. Both have given me my *wants*, my motivation, the reason I *want* to get out of bed everyday, therefore I am driven by that.

Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service opportunity that I have experienced would be coaching the kindergarten through second grade recreational cheer squad. I was asked to help out with coaching a cheer team one day, so I discussed it with my mom, and we both thought it would be very kind-hearted if I were to take the opportunity, so I did. The inspired look my girls had, and the joy they brought to me was everything I could have imagined. My girls would show up to the Friday Night Football games and sit right

in front of me while I cheered. They would cheer with me, and cheer me on. Not only did I inspire these girls, but they inspired me. I wanted to leave a tremendous impact on them as they left one on me. These girls made me feel important, so important to the point I wanted to do my best so they would be able to look up to my best. I am so thankful for this experience, and I know my girls will grow up to be amazing people, whether they choose to join cheer or basketball. They all fulfilled my heart.

(You may attach additional sheets as necessary)

Please list school and community activities you have been involved in.

At Liberal High School I have been involved in tennis, soccer, cross country, key club, national honors society, beautification club, and redskin patrol. In the community I have been involved in my church, St. Anthony of Padua by participating in matachines (religious dance group) and in arcoiris (youth group).

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

Key club had the greatest impact on me. Reason being is because it is the way I made most of my friends and it also allowed me to be more involved in helping the community. During my high school years I completed 250 hours of community service. I enjoy being engaged in the community and plan on continuing to volunteer and help with events going on around town.

Describe the most meaningful community service opportunity you have experienced.

A number of my community service hours came from being involved in my church by helping kids learn steps for a religious dance, looking after them, and cleaning up the church. This has been the most meaningful to me because I got to meet new people and expand my connections. Being around kids made it a fun service, they made me smile, laugh, and even helped me improve my communication skills.

Savanna Lynn Hebbert

As a lifelong resident of Liberal, Kansas, I am well aware of the scholarships that Liberal High School has provided for students looking to further their education. I ask that you consider my application for a scholarship award based upon my academic achievements, commitment to community service and my personal work ethic.

As a student at Liberal High School, I am not one to sit back and observe from the sidelines. I have actively pursued and achieved leadership positions within the extracurricular activities in which I am active. I have also been involved in the school science fairs since second grade. I competed in the state science fair in Wichita my third grade year, placed third, and competed subsequent times in the years since. I also won the overall Regional Science Fair at SCCC my sophomore year. I embrace the opportunity to be a positive influence at my school and believe these activities and the responsibility of my roles within them have given me time management and problem-solving skills that will enhance my future career and life responsibilities.

I most recently interned for the Liberal Bee Jays baseball organization where I took care of all social media, as well as day-to-day responsibilities, for the team. I love learning about what is ahead of me and growing in my passion for the business world.

Please List school and community activities you have been involved in.

While at LHS, I have been involved in Pep Band, Athletic Band, and Concert band. I have done a couple clubs including History Club and Art Club. I started mentoring my sophomore year which has given me hands-on experience with teaching and tutoring students.

Choose one of the activities you have been involved in, and describe the impact it has had on your high school years.

Band has been my favorite thing about high school, it has motivated me to work hard and make sure I have prepared for everything for class. In band you can not just show up to class expecting to know what to do, you have to come prepared in order to succeed. I have used this philosophy with all my classes in order to do the very best I can. Band has given me many long lasting friendships, we all become very close to each other.

Describe the most meaningful community service opportunity you have experienced.

Although I have no community service listed on my transcript I have been heavily involved with my church, I work VBS almost every year helping with the little kids. This experience has shown me that I love to teach regardless of what subject it is. I love seeing the light in the children's eyes when they finally start to understand a subject.

(You may attach additional sheets as necessary)

The most impactful community service activity I have been involved in, has been when I went to the fire department. We had to organize clothes for which were being donated to little kids. This experience made me realize how grateful I should be for everything that I have.

The activity that has had a great impact in my life was The Tomahawk Shop. Being in this marketing class has made me gain skills that can help me in the future. Not only marketing skills for a business but social skills,time management, and organization.

EDUCATION

Liberal High School, Liberal, Kansas (GPA: 3.5)

2017 – 2021

- Honors Courses:
 - HON. ENG I
 - HON. W/REG GEOG & MOD W HIST
 - HON. ENVIRONMENTAL SCIENCE
 - HON. BIOLOGY
 - HON. GEOMETRY
 - HON. ALGEBRA II
 - HON. CHEMISTRY
 - HON. HERITAGE SPANISH I
 - AP ENGLISH LITERATURE
 - AP EUROPEAN HISTORY
- Relevant Coursework:
 - COLLEGE AMERICAN HISTORY
 - COLLEGE COMPOSITION I

Extracurricular activities Experience

- “That” Liberal Band: 9th, 10th, 11th
- Key Club: 9th, 10th
- Science Club: 9th
- STUCO: 10th, 11th
- STUCO EVENT COORDINATOR 2019-2020
- Liberal High School Girls Tennis: 10th
- Liberal High School Girls Golf: 11th, 12th
- Liberal High School Girls Swimming Team: 9th, 10th, 11th, 12th
- The Tomahawk Shop: 11th, 12th
- Prom Committee: 11th, 12th

Community service

Total Community Service Done - 14

LHS Key Club

October 2019

- Went to my local Fire Department and helped with organizing donated clothes for children.

St. Anthony de Padua

February 2021

- I helped my local church with folding envelopes and mailing for upcoming events.

SKILLS

- Ambitious
- Engaged Learner
- Management Skills
- Organization Skills
- Soft and Hard skills
- Good Communication
- Bilingual, able to speak both Spanish and English fluently
- Adaptability and Flexibility
- Being able to pay attention to detail
- Being able to work as a team and collaborate
- Very creative mindset and Innovated
- Able to work alone
- Problem Solving & Analytical Thinking
- Time Management
- Work Ethic
- Brainstorming
- Multi-tasking

LIBERAL HIGH SCHOOL SCHOLARSHIP COMMON APPLICATION

The following scholarship application is the qualifying application for the following scholarships:

LIBERAL HIGH SCHOOL COMMUNITY SERVICE

LIBERAL HIGH SCHOOL ACTIVITIES

LIBERAL HIGH SCHOOL ACADEMIC/LEADERSHIP

GENE SLAYMAKER

OLIVER BROWN

CLARENCE & DOROTHY J. COKELEY

LHS FUTURE EDUCATOR AWARD

Name: Abigail Rivas Cuevas

7 SEM GPA: 3.63 Class Rank: 52 out of 295 ACT Composite: 18

College you plan to attend: Seward County and Colorado State University

Career you intend to pursue: Anatomy and Physiology and Biochemistry

Please list school and community activities you have been involved in.

(You may attach additional sheets as necessary)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

(You may attach additional sheets as necessary)

How many LHS Documented Community Service Hours do you currently have? 175

Describe the most meaningful community service opportunity you have experienced.

(You may attach additional sheets as necessary)

-135 hours of community service at SRO summer camp called G.R.E.A.T to help kids transition to middle school and help keep them on a good path for the rest of their future

-40 hours of community service at St. Anthony church by cleaning and organizing books as well as helping kids learn about faith

-Volunteered at teen court to be a prosecutor or defendant at the courthouse and assign community hours for adolescents who were stopped by police (speeding, drinking, driving with no license, etc0

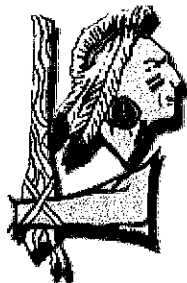

-Volunteered for the beautification club to help clean up and decorate schools who need help brightening up their settings and creating spaces for kids to relieve stress.

-Volunteered at the stepping stone shelter to help wrap presents to give those who cannot afford gifts and are in need of clothes, baby necessities, etc.

Being involved in the SRO summer camp really impacted the way I understand how everyone is different in growing. I had the blessed opportunity to meet all different kinds of kids from every sort of background. We each had to adapt and learn from each other and help recognize what would be a struggle for each and how we can handle and help that situation. This helped me understand why teachers and the administration is so set on helping us discover our weaknesses and correct them as soon as we can to help our futures and impact others in a positive way.

Volunteering at the SRO summer camp impacted me in a positive way that I still use to this day to help myself grow as a person and have the ability to impact others from the advice I received there. I remember one of the days that I was at the camp I was upset about a situation and the kids gathered around to give me hugs and reassure me and continued to praise my leadership. We had created a close bond throughout the camp and trusting each other had helped kids speak out more freely about their situations so that we could help them transition to middle school which will have a big impact on their lives and future. I had the great opportunity to help others while also being helped myself.

LIBERAL HIGH SCHOOL SCHOLARSHIP COMMON APPLICATION

Makenna Tilford

March 4, 2021

School activities: I have been involved in many things throughout high school. For example I have been in LHS Cheer, girls golf, "That" Liberal Band, Prom committee, LHS softball and Powerlifting.

Honors: I have been a triple threat athlete for 4 years, counting this year, I have also lettered my junior year. One more thing I am honored to have is the A&B honor roll.

Community activities: Some things I have been involved in outside of school is Downtown Dance Academy. I have been dancing there since I was 3 when it was called Dance Images.

Community service: I have done all 20 hours of my community service hours at First Baptist Church here in Liberal. In the summer the church likes to put on Vacation Bible Study for the kids in our town or anyone who would like to come. We show and teach kids about God and what he's done for us.

Makenna Tilford
March 4, 2021

I have been involved in LHS Cheer for 4 years. 1 on JV and 3 on Varsity. Cheer overall has taught me to keep pushing through everything. If you want people to notice then you have to make yourself known. Try hard even when people aren't watching. Something my coaches have always told my team is that they don't just coach cheer. They coach us to be young responsible adults. They aren't just teaching us how to jump, stunt and cheer, they're teaching and showing us how to turn things in on time, respect others and especially show the best of yourself. When I say showing us I mean exactly that. They are amazing role models to look up to.

Throughout high school so many students and kids go through a lot. Many of us don't realize what others are going through because they hide it so well. But with cheer, you show up and forget what's happening outside of it. Being in cheer has molded me into the young adult and woman I am now.

Being in LHS Cheer is such a privilege to be a part of something so amazing and special. It's made it so easy to be a good student athlete. Cheer is a good way to keep out of trouble and focus on your grades. I will say cheer is one of many sports that have good student athletes involved. Our coaches make sure we stay on top of our grades and in control at all times, that we participate in school activities and we are leaders of the school and showing good leadership.

We are the leaders of the Liberal High School. What students see, students do.

Makenna Tilford
March 4, 2021

The most meaningful community service experience I've had was at First Baptist Church when we taught children about the love of Jesus. I had gotten to see many kids grow their mind and love to know God more. But I was also privileged to help kids know what God did for us and why he was so important. It was such a special moment to be there helping them understand things they didn't know and enlighten them.

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

(You may attach additional sheets as necessary)

FCA helped a lot while in high school. It let me closer to god while being with my friends and has helped me had a clear mind this year.

How many LHS Documented Community Service Hours do you currently have? 26

Describe the most meaningful community service opportunity you have experienced.

(You may attach additional sheets as necessary)

I help ref kids during basketball season. This meant the most to me because help the kids play and teaching them the rules makes me happy. Also watching a little kid make their first basket and seeing the face they make is heartwarming.

I would be a great candidate for this scholarship as a lifelong community member who has benefited from everything Liberal has offered me. With this scholarship, I can continue my education and track & field career and continue to give back to my community. I have maintained a 3.8 GPA while participating in football, basketball, and track at Liberal High School and playing baseball for the Liberal Rattlers in the summer. I work hard in the classroom and on the athletic field. I enjoy giving back to the community by officiating and being a mentor to the youth in the community. I enjoy working and give back to the kids in Liberal. This scholarship will help me a great deal financially. I plan to study Biology and major in Pre-Dentistry. I want to become a pediatric dentist. I was scared to go to the dentist when I was younger so I know how scary it can be for a little kid. I want them to be comfortable and not be scared to visit the dentist and keep up their cleanings for healthy teeth.

Malcolm Wiltshire is a phenomenal young individual. As someone who worked and supervised him closely, I have seen numerous cases of his ability and have for quite some time been inspired by his consistency and hardworking attitude. I understand that Malcolm is applying for scholarships. It is a pleasure to recommend him for confirmation and acceptance.

The applicant can effectively outdo various assignments with positive outcomes and enthusiasm. I should likewise make note of the applicant's uncommon scholarly execution. Mr. Wilshire will graduate with distinction making him an excellent student.

If you're looking for unrivaled applicants with a record of accomplishment, Malcolm is a brilliant decision. He has reliably shown a capacity to meet people's high expectations every time.

This is why with all my trust I highly recommend Malcolm Wiltshire for this scholarship

Regards, Jason Dunlap

Head Football LHS

Head Basketball EMS

Assistant Track & Field LHS

LIBERAL HIGH SCHOOL SCHOLARSHIP COMMON APPLICATION

Name: Kylie Regier

7 SEM GPA: 3.71 Class Rank: 54 of 295 ACT Composite: 15

College you plan to attend: SCCC

Career you intend to pursue: Nursing

Please list school and community activities you have been involved in.
(You may attach additional sheets as necessary)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.
(You may attach additional sheets as necessary)

How many LHS Documented Community Service Hours do you currently have? 16.5

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary)

I have done my community service at VBS in the summers. I do it at FSBC and FBC. At FBC I helped with crafts and followed my craft leader around. I also have helped decorating the rooms that we use. At FSBC I was with 5th graders and I absolutely loves that. I did softball for 3 years, and cheer for 1 year. I was in art club and I am involved in FCA.

The activity I would have to choose is softball. Over the years I have formed so many friendships and we are like sisters. I would have not gotten through the second semester without my softball sisters. We would have such a fun time at practice and at games. We would joke around and just give each other a hard time. We loved each other.

The most meaningful community service I have done would be VBS. I love watching little kids learn and love Jesus just like I do. They would just strive to learn more and love Jesus more and it made me so happy.

School Activities, Honor, Community Activities, & Community Service

- Key Club - Secretary Senior Yr, member 9th-11th grade
- National Honors Society - Member since 11th grade
- Chemistry Club - Co-Vice President Junior Yr

- Campus Beautification Club - Member Junior Yr
- St. Anthony of Padua Catholic Church - Bilingual Choir & Special Occasion Plays
- 2020 Election Polls Helper
- 2020 Census Informant
- SCHD COVID 19 Case Investigator & Data Entry
- Children's Christmas Choir (assisted children with the singing & sang): 9th grade
- Pancake Day Feast (helped serve drinks & refill batter): 9th grade, 10th grade
- Great Pumpkin Hunt (helped and entertained children by games): 11th grade
- Duck Race (booth game for children): 11th grade, 12th grade
- High School Concession Stand for games: 10th - 12th grade
- Ronald McDonald House in Wichita, KS (house chores and baking)
- Archery Game @ Mahuron Park
- Top 10% of Class of 2021
- Associate of Arts
- P/T Vice President Honor Roll

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years

I have been involved in Key Club since the beginning of high school. I was in 8th grade when I heard about Key Club and the opportunities it can bring you. Not only community service hours were given but also the satisfaction of helping others and being able to contribute to your community. I was really able to grow out of my shell and be more involved in our community. Key Club helped me interact more with others and grow out of that shyness I had. Now, I am able to hold a conversation with someone even though I have just met them. Additionally, I have come to enjoy volunteering and have taken it as a hobby of sorts that I would want to keep on doing in the future.

Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service opportunity that I have experienced would have to be volunteering in the bilingual choir and special occasion plays for my church of worship, St. Anthony of Padua Catholic Church. These experiences are the most meaningful and important to me because my family and I are very religious and we enjoy volunteering at our church. My parents have set multiple examples of volunteering at church and still are currently volunteering. Being part of the bilingual choir at church is a very satisfactory opportunity. Although I have an average voice, I enjoy being a part of the choir, especially during Easter. It's a whole celebration over multiple days at the Catholic church. When I volunteer for the special occasion plays, I have the same feelings of satisfaction after the long process of practices that are done. I was really glad when the Nun or Priest chose me as the lead role for the plays, such as the Virgen Mary or the Arcangel Gabriel for The Nativity of Jesus Christ. Looking into the crowd of people, I would feel satisfied and overcome with happiness to be able to contribute to my church in the ways that I can.

August 2017- July 2019

- Entertained residents by hosting board game/ activities.
- Assisted residents for helping while eating lunch.

Liberal Recreational Department

March 2017- December 2018

- Worked for city events and helped with setting up and cleaning up process.

Best Western Plus Stevens County Inn, Hugoton, KS

May 18 – Current

Front Desk Clerk

- Ensure guest satisfactory is accomplished during stay by efficiently engaging with them during the check – in and checkout process
- Utilize customer service skills to maintain the integrity in the workplace by following company protocol
- Manage financial accounts to keep an updated record for company use.

Family Career and Community Leaders of America is an organization that I have been involved with since 8th grade. Participating in this club has brought me so much knowledge and passion to continue to help others with life-changing experiences. Two years ago, I was at a club convention, and the club members and I were looking for opportunities that could be potentially implemented within our school club. As president, my intentions were to emphasize giving back to our local community. As we continued to look around, I had noticed unique bracelets being sold that caught my eye. The gentlemen at the booth informed me of a non-profit organization he was representing by helping young children with the affordability of education in countries such as Zimbabwe and Guatemala. After numerous discussions with the gentleman from the booth, I quickly began to orchestrate that same project at my school. After receiving the handcrafted bracelets, each one had a tag that represented a mother from the country that the bracelet was made in. Collectively as a club, we chose to represent a young man from Zimbabwe. We were later surprised and had the opportunity to speak to the child who we represented via Skype. The expressions on his face were the most heartwarming emotions I had ever felt. It was hard to see the situation he was living in, walking from school to home, late at night only being 8 to 9 years old with no one by his side. This fueled my desire to help those less fortunate. I love to learn, daily, so being a part of this club and holding two official positions has helped me grow as a person and expand my knowledge of the outside world. Unfortunately, COVID has restricted our activities, although we still try to do zoom calls with our local kindergarten schools to read books to them, and show them the light during times like these. Being part of the club for so long along with the clubs' message has been inspiring and humbling. I am honored to have played my part throughout the years.

Being involved in numerous clubs, sports and activities, I have been able to see a lot of the real world through the community service that came along with these extracurriculars. Being in Family Career and Community Leaders of America (FCCLA), we were fortunate enough to go to our local homeless shelter and help them with anything they needed. As I am the president, I am typically the one in charge to make sure we do any type of community service each month. So after getting in contact with Stepping Stone, we were able to help them organize their entire shelter home. As far as, organizing their meat products, cleaning out their basement, etc, it was a very humbling moment that I do not take for granted. Being able to realize the differences between the life of mine and others out there are not comparable. Every member that was present came back with a life lesson worth knowing and that is what continues to motivate us as a club to never forget about our community and the things going on in it. We must be able to know our roots and help those that may or may not need our help.

Yahir Salazar
LHS Common Application

1. Please list school and community activities you have been involved in.

I have been involved in NHS, Soccer, and AVID.

2. Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

Soccer has been a huge part of my life since I was small so doing it in highschool was the best years of playing soccer because it is competitive and harder. I like when things are challenging so I had to be on top of everything so that I could be one of the best ones and a starter on the Varsity team.

3. Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service opportunity I have experienced was probably when I helped the church with an event. It was a fun event. I had a good time playing with the kids and helping out with the food and drinks. I helped set up the bouncy castles and the water slides for the kids it was a great experience.

Volleyball, Basketball, Track, NHS, JAG, AVID, Redskin Singers, Prom Committee, WAG Leadership Group, Work Study Program, 4-H, Youth Group, Gammeball (AAU Basketball)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

(You may attach additional sheets as necessary)

Basketball has impacted my character, my involvement in the community, and my motivation to do my very best in school. It has also taught me leadership and the ability to be a part of something bigger than myself.

How many LHS Documented Community Service Hours do you currently have? 44

Describe the most meaningful community service opportunity you have experienced.

(You may attach additional sheets as necessary)

The most meaningful community service opportunity I have been a part of was attending the BELIEVE church youth conference as a high school leader. It was great to worship & watch the middle school students grow in their faith. It was a great opportunity to be a good example to younger students.

Dear Scholarship Committee

My name is Joseph Yazbeck and I teach physics, Introduction to Engineering Design, Principles of Engineering, and College Physics at Liberal High School in Liberal Kansas. The purpose of my letter is to recommend Aubrey Warden for a scholarship award.

Aubrey was a student in my Physics class during the academic year 2019-20 and is currently in my College Physics class. I can describe her as one of the quiet hard workers that have no need to brag, but also helpful to others at the same time.

She is very driven to succeed and fulfill her obligations to the end. She never hesitates asking for help and is not discouraged by struggle while she understands that learning is not easy and she is more than willing to put forth the effort. She is well suited to work in a group setting or individually. It is her drive to succeed and the understanding she has about the challenges posed by the process that is compelling me to recommend her for a full scholarship award.

Based on her attitude towards education and outlook on life and understanding of the learning process, I recommend her without hesitation. Should you have any questions, please feel free to contact me.

Sincerely,

Joseph Yazbeck

LHS COMMUNITY SERVICE

LHS ACTIVITIES

LHS ACADEMIC/LEADERSHIP

GENE SLAYMAKER

OLIVER BROWN

CLARENCE & DOROTHY J. COKELEY

LHS FUTURE EDUCATOR AWARD

LHS LEADERSHIP & CHARACTER

Name: Alfredo Lopez Rodriguez

7 SEM GPA: 3.33 Class Rank: 88 ACT Composite: 15

College you plan to attend: Kansas state university

Career you intend to pursue: Marketing

Please list school and community activities you have been involved in.
(You may attach additional sheets as necessary)

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.
(You may attach additional sheets as necessary)

How many LHS Documented Community Service Hours do you currently have? 50

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary)

Please list school and community activities you have been involved in.

- Key club
- Varsity soccer
- Fire Science
- Annual Duck races
- Middle school soccer referee
- Volunteer at Liberal Animal Shelter

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

Being on the varsity soccer team since my freshman year has allowed me to challenge myself and grow as an individual. Playing with older students has pushed me to be a better version of myself. I never thought that I could use soccer as a way to be a leader. I have met many people through soccer and that is why I plan to pursue a career in Sports Marketing to continue to build lasting relationships with people.

Describe the most meaningful community service opportunity you have experienced.

One activity that I have been involved with is being a soccer referee for younger students. It has taught me to be a leader when I am outside of my own high school soccer team. I am able to be a role model to kids that want to play soccer when they are older. I enjoy teaching kids the skills that I have even if it's in the form of soccer. Being a referee has allowed me to step out of my comfort zone and have a voice.

 - Refereed for Kids Inc soccer games for community service hours

AWARDS

- Best Soccer Offense Award From 2020-2021
- WAC (Western Athletic Conference) Soccer Champions 2018

SKILLS

- Bilingual (Spanish)

Personal Statement

My name is Alfredo Lopez-Rodriguez, and I have always been a Kansas kid, not born but raised here, this is home. I am the third oldest in a family of six children. I have two older sisters who are attending Kansas State University currently. Following in their footsteps is what inspires me. Education has always been an important foundation upon which I build my goals and dreams. My parents, having six children to parent and guide, never went to high school. Their being able to see their children graduate high school and going on to college has been their greatest blessing. I would like to continue to see them happy by following that dream of theirs to have their children be successful in life.

Being from a low income family has been very difficult. Growing up, my siblings and I would have to make sacrifices and share things with one another. We see other kids get handed things that we would have to work really hard to earn. This is an example. I am applying for scholarships because I know I don't have the advantage that other children might have. My parents had no clue what scholarships or financial aid were until my oldest sister was going through the difficult process of applying to colleges and finding any resource to get money to go to school. I can say that I am lucky to have the knowledge my sisters have because they have gotten me this far.

My goal is to be able to have a better life than what my parents have been able to give me thus far. I am very grateful for what they have offered me but I know that I want those opportunities that come with having a college degree. I want to have the financial stability to help my parents and family. I want to get that marketing degree from Kansas State University that I have always wanted. I might not be as bright or talented like my sisters but I am here to become better than I am currently. I'm trying to be the best version of myself that I can be and that starts with being able to go to college.

My passion has always been soccer. I've played it since I was young. This sport, along with my family's financial hardship has inspired me to do sports marketing as my career. I know that I can't play soccer forever but I can have a lifelong career with marketing. Sports marketing will allow me to live comfortably and will keep me close to sports. I will be able to keep making connections with my team members just like on the field. I would like people to think of me as a good team player because I am very easy going and understanding. Building relationships and making connections with people is what I enjoy to do best.

I would like to thank the person reading this for spending the time to get to know who Alfredo is and what his goals are. I hope to one day be able to give back to society the same opportunities that have been given to me.

Liberal High School * Liberal, KS 67901 * Phone: 620-604-1235 * Email:luz.riggs@usd480.net

To Whom It may Concern:

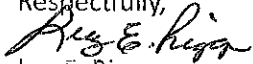

I am honored to write a letter of recommendation for a scholarship for Alfredo Lopez. He is a tremendous young man. I have had the privilege to meet him when he was interviewed to be part of the AVID system. He has demonstrated the following qualities: commitment, and potential.

Alfredo has been dedicated to education all four years in High School by always accomplishing every assignment given to him and doing so with high standards. Alfredo has demonstrated commitment to his academics by maintaining and above average GPA.

Alfredo collaborates well with others in a school setting and extracurricular activities. He is a young man with a lot of potential. He has accomplished a very rigorous class schedule. Alfredo strives to do his best and that's why he was selected to be part of the AVID system. (Advancement via Individual Determination) He has a great potential and will be able to contribute to any program in our community.

Alfredo's goal is to finish his four year degree and continue to grow academically. I believe Kansas State University college has the program necessary for Alfredo Lopez to accomplish his career goal. Therefore, I believe that if you were to consider Alfredo for this scholarship it will be an amazing opportunity for Alfredo to pursue his long term goal. Financial assistance is necessary for this outstanding young man.

Respectfully,

Luz E. Riggs

March 5th, 2021

To Whom It May Concern,

It is my pleasure to write a recommendation letter for Alfredo Lopez-Rodriguez. I have known and supervised Alfredo in class and AVID for the last four years.

Alfredo is a hard worker in class and the soccer field. He is self-motivated and determined to be successful. Each day that Alfredo is in class or as soccer, he brings a positive attitude that is contagious to those around him. Lopez-Rodriguez enjoys being part of the group and is willing to do whatever it takes to make the team function correctly. He also has no problem when times become difficult and can make the most out of the situation. I feel that with the skills and attitude that Alfredo possesses, it would make him a great worker and a benefit any place he works. I can say that Alfredo has a bright future in whatever career pathway he selects.

I would highly recommend Mr. Lopez-Rodriguez for any position he has requested. He would make a great employee and an asset to any company.

Sincerely,

Aaron Sullenger

Please list school and community activities you have been involved in.

See attached resume.

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

Basketball has helped me to learn many life lessons. The dream of every basketball team is to win a state championship. Our dream abruptly ended following the quarter-final round in which we were the victor, however each of the four remaining teams lost to the Covid Pandemic at the state tournament in Wichita, Kansas last March. This circumstance taught me that nothing should be taken for granted, and no guarantees ever exist.

This year after being accustomed to a significant amount of playing time at the varsity level, I have had to share playing time with younger players on the team. Through this experience I have had to take a step back to reflect on my character being challenged. Although difficult, the value of remaining positive and keeping a champion mentality has been my focus and mindset. Basketball is only a game, but yet there is no doubt it has simulated successes and disappointments that I will surely experience in other areas of my life.

Describe the most meaningful community service opportunity you have experienced

The most meaningful community service opportunity I have been involved in was volunteering to work at the hospital gift shop with my grandmother. This experience was two-fold; first, the value of volunteer work was certainly represented in the tasks I did. Secondly, it was an opportunity to develop a stronger relationship with my grandmother. I grew to admire the volunteer service provided by the many elderly women in Liberal that worked in the gift shop. I know this experience will have lasting value as the years progress.

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary.)

The most meaningful community service opportunity that I experienced was participating in Soldiers for Christ. I was informed by Mrs. Tina Stucky, who goes to the same church with fellow members, that someone stole the organization's trailer. It absolutely broke my heart to hear that happen to them. The organization needed workers to help run concessions. I immediately signed up because I have personally worked with this organization in the past. When I was a freshman, I helped this organization by wrapping Christmas presents for impoverished families who cannot afford the necessities during the holiday season. I did everything I could that day to help raise enough money for the organization to buy a new trailer. I took orders and prepared the food for the customers. In the end, we still did not have enough money for a new trailer. Soldiers for Christ had to be disbanded and discontinued. However, the story does have a happy ending. I gave Nancy, the group's leader, a big hug before I left. I learned the importance of our community and why it is important to help those in need.

One of the activities that I was involved in at Liberal High School is Competitive Speech and Drama, formerly known as Forensics. When I was younger, I used to be extremely shy around my peers and teachers. I would always keep to myself and only talked when I was supposed to. After middle school, I started to come out of my shell. Joining Competitive Speech and Drama when I was a freshman is one of the best decisions I have ever made. People began to recognize my speaking abilities and talents. I love competing all across the Kansas area. I also met a lot of amazing people that I still talk to today.

Additionally, Competitive Speech and Drama helped boost my self-confidence. I personally struggle with low self-esteem throughout high school. However, I would always look forward to Competitive Speech and Drama because of how happy it makes me. I enjoy winning and supporting my team by sharing my knowledge with others. With an extra boost of confidence, I built the courage to run for Homecoming King and be a member of the Homecoming Court. Competitive Speech and Drama will always hold a special place in my heart.

One activity that I have been involved in that has impacted my high school experience is AVID. The program helped me make friends and get out of my comfort zone. Throughout high school year, even after AVID was canceled, I still talk to my AVID peers and join activities with them.

How many LHS Documented Community Service Hours do you currently have? **25**

Describe the most meaningful community service opportunity you have experienced. (You may attach additional sheets as necessary)

The most meaningful community service opportunity I had was when during Christmas I helped a biker organization. During the time a few kids and I packed winter clothes, food, and toys for people who could not afford the items. The experience helped me realize how fortunate I am and how important it is to notice people who need help and get them the assistance they need.

The activity that has made the biggest impact on me over the past years of my high school career would be Fellowship of Christian Athletes also known as FCA. Before entering High School I wanted to make an impact somehow or start up a club that wasn't active anymore. Lots of planning went into getting FCA back into action, prayer of what coach felt God calling them to lead teenage athletes. My freshman year getting the club up and going was unsuccessful but my sophomore year we were able to find a family who was willing to open their house up and prepare food for hungry athletes as well as a coach named Coach Navarro whose heart was on fire for God.

The reason I say this has made an impact on me is because the wait taught me to never give up but also be patient because what I may want now may not be the exact plan for that exact moment. I kept praying and started relationships with others that I never knew I would be friends with now. What has also opened my eyes is the impact FCA is making in our school today. Our club has grown tremendously, we are now having to meet in our Redskin Lounge to make the bigger space. Not only have we grown but we are family, not only do we meet up on wednesday night we hangout outside of our club and just want to do so much work in our school.

My coach and huddle leader has taught me to get out of my comfort zone as well. I have learned to speak up for what I believe and learned as well to keep an open mind to what people believe and how they think. I was given the opportunity to become a huddle leader for the past two years and I have seen so much growth in the athletes that come. This club has turned me from being a soft and quiet person to someone who wants to speak life into others and change the world.

Community Service has to be my favorite thing to do. I love getting out in the community and serving others. I'm not sure I could just pick one opportunity that changed me but if I did I would have to say either officiating Kids Inc. Volleyball or being a Cross Seekers Missionary. Why officiating means so much to me is that I am able to see the kids grow from third grade to sixth grade. Usually, if the kid is struggling I get to go over and help them succeed. It is my favorite thing to do because their face glows when they understand how to do certain motions. Just for a second they believe in themselves again, kids need encouragement but even more they need to know that they are being believed in.

The other opportunity would be a CSM or also known as a Cross Seekers Missionary. A CSM is made up of teen agers who are willing to minister to kids as well as have fun with them for five days. From the moment we get to the camp we are playing games, worshiping together and just having fun. Why this has changed me is because I learned how to put others before myself to where it was more of an automatic motion rather than a reminder to put others first. What made this experience unforgettable was the fact that I got to lead a kid to christ, I may not have been the best at it for my first time but watching her live knowing she was loved and saved made me get why people get so excited when people come to christ. This changed the way I lived when I came home because I wanted to be more outspoken in my faith and wanted to lead in a way Christ led others.

I have been on "That" Libreal Band, cross country, soccer, AVID, NHS, and Prom committee those are the activities I have been involved since I have been in high school.

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

Doing activity helps you manage your time and think of ahead of time. AVID helped me the mostly in turning things in on time because we did TRF's twice a week. They say in college if you turn something in late it does not help you grade. It helped me think a lot of the future and the career that I want to pursue.

How many LHS Documented Community Service Hours do you currently have? 38 hours

Describe the most meaningful community service opportunity you have experienced.

I have volunteered in Kids Ink being an assistant coach to 5th & 6th graders, helped with the middle school science fair, helped out in the animal shelter, and was a coach again but this was soccer for 1st & 2nd graders. Helping kids was fun because seeing them play and learn a sport and liking it and are always excited on game days makes me smile . Helping in the shelter was amazing because I love animals and seeing them find a home warmed my heart.

This year during cheer we came up with something new, every veteran cheerleader would have a new member of the team and be like their "big sister". While doing that I learned how not only help myself grow but to help someone else get used to everything while in a very abnormal time. With this I've also learned how to become a better leader, learned how to manage my time with school and practices, and how to be apart of a team.

Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service experience that I've had would have to be everytime that I had the opportunity to read to the children in our community. To see the smiles on their faces when I would walk into the room and the excitement they had for me to read to them made every opportunity an amazing memory. To be able to have the opportunity to spread the importance of reading and the love that I had for reading meant so much to me and is something that I will never forget.

List of school and community activities:

- Tennis
- AVID
- NHS

Choose one of the activities you have been involved in, and describe the impact this activity has had on your high school years.

The activity that made an impact on me is tennis. I really enjoyed playing tennis, and it had an impact on me, because it helped me be active and practice to be quick. Avid helped me find my interests in college. It helped me, because we took college visits. During the college visits, I made sure to pay attention and see what interested me.

Describe the most meaningful community service opportunity you have experienced.

The most meaningful community service I did was translating for parents during parent teacher conferences. It was meaningful because I knew I was doing a good favor for the parents. I know some parents who don't speak english struggle during conferences, so helping them out a little was meaningful for me. I also helped the parents by downloading our district app. The reason it was important for the parents to download the app is because it is very beneficial during occasions with bad weather.

LHS Common Application

School

- Student Council: Event Coordinator & Member at large
- Art Club: Member at large
- Book Club: Member at large
- Edu-tourism group: tours, presentations, and discussions

Sports

- Varsity Volleyball
- Varsity Track & Field
- Varsity/JV Basketball
- Football Manager

Community

- Helped with 2 middle school WAC track meets, hosted at LHS.
- Created bookmarks with Book Club for kids.
- Sent books to children in another state for Christmas.
- Helped to raise money for local families through the Student Council.
- Worked with South middle school during volleyball season to help them learn.
- Flat Stanley project with children from another state.

The most meaningful part of the community service I have done while at Liberal Highschool would have to be sending the kids books for Christmas. The school we sent books to was a community with very high poverty rates, and their school was the same as well. So we all came to the conclusion that we as Book Club would send them Christmas book gifts and personalized bookmarks, to try and encourage them during their winter testing. They also sent their "flat Stanley's" to come and spend Christmas break with us and travel as a thank you.

How many LHS Documented Community Service Hours do you currently have? 20

Describe the most meaningful community service opportunity you have experienced.
(You may attach additional sheets as necessary)

While being at Liberal High School I have been involved in multiple community service events. Here is a list of the things i have done for community service:

- Concession stands for sporting events
- Raking leaves for people all around town
- Working middle school track meets
- Teaching little kids how to play volleyball
- Teaching little kids how to play basketball
- Working concession stand at town fair

One of the activities that i've been involved in that has made the most impact on me during my high school years is track and field. I have been participating in track since my freshman year and it has made such a big impact on my life in general. I realized how much I loved track my sophomore year of high school and also realized that if I worked hard enough I could go to college for track and field. My junior year track season came along and ended up getting cancelled due to the coronavirus. My senior year came around and I decided that if I wanted to go to college and run, that I needed to run cross country. In the past years I have played volleyball, but I ended up running cross country for my last year. I ended up making it to state in cross country and have gotten multiple opportunities to go run both track and cross country in college. If I would've never done track, I wouldn't have realized how capable I was of going to college for track and cross country. It has given me so many more opportunities to get into good colleges and make the process a lot cheaper for me along the way. Track and field might be a sport, but it has done so much for me and I will forever be grateful for this sport.

The most meaningful community service opportunity I have experienced is raking the leaves out of peoples yards around town. The reason why this is the most meaningful to me is because I love doing things for people. While we were raking leaves, there were multiple people that came and thanked us, and we ended up making their days. Doing good deeds is very important to me. It also is very meaningful to me because I love helping the earth. While we were raking the leaves, there would also be trash in the yard, and we would throw that trash away. Being able to clean up trash and help not only people with their yards, but also help the environment is very meaningful and important to me. This community service opportunity took multiple hours to do, but I loved every second of it and it made me realize how much I love helping people.
