Request for Special Transportation

Parents:

It is the philosophy of Liberal High School that all students ride to and from activities on the school provided transportation. We do realize that circumstances arise that may require a student to ride home with his or her parents or legal guardian. These situations will be dealt with on an individual basis after the proper paperwork has been filed. We also realize in extreme cases that a child may need to be released to another adult and only after the proper paperwork has been completed.

Please fill out the information below and return it to your Head Coach (*Note: This form must be on file prior to the departure of the activity*.)

I,_____ request for my child

_____ To be released from

(Game site) _____on (date) _____. My child needs permission
