# TAPR: Texas Academic Performance Report

**The Texas Academic Performance Report (TAPR) is a state mandated performance report prepared by the Texas Education Agency.** The TAPR is published annually, and shared via the district's website and TEA's website.

A report is created for each campus and the district as a whole. The TAPR includes:

- STAAR Performance, progress, and participation
- Attendance, graduation, and dropout rates
- College, Career, and Military Readiness (CCMR) and other Postsecondary Indicators
- Student information
- Staff information
- PEIMS Financial Standards Reports
- TAPR Glossary

# TAPR: District STAAR Performance

STAAR is the state's testing program for students in grades 3-12 and is based on state curriculum standards in reading, writing, mathematics, science, and social studies. STAAR tests are designed to measure what students are learning in each grade and whether or not they are ready for the next grade.

**Performance Level Descriptors provide a snapshot of students' academic characteristics based on performance on a given STAAR assessment:**

- **Masters Grade Level:** Performance in this category indicates that students are expected to succeed in the next grade or course with little or no academic intervention. Students in this category demonstrate the ability to think critically and apply the assessed knowledge and skills in varied contexts, both familiar and unfamiliar.
- **Meets Grade Level:** Performance in this category indicates that students have a high likelihood of success in the next grade or course but may still need some short-term, targeted academic intervention. Students in this category generally demonstrate the ability to think critically and apply the assessed knowledge and skills in familiar contexts.
- **Approaches Grade Level:** Performance in this category indicates that students are likely to succeed in the next grade or course with targeted academic intervention. Students in this category generally demonstrate the ability to apply the assessed knowledge and skills in familiar contexts.
- **Did Not Meet Grade Level:** Performance in this category indicates that students are unlikely to succeed in the next grade or course without significant, ongoing academic intervention. Students in this category do not demonstrate a sufficient understanding of the assessed knowledge and skills.

# Campus Performance Objectives

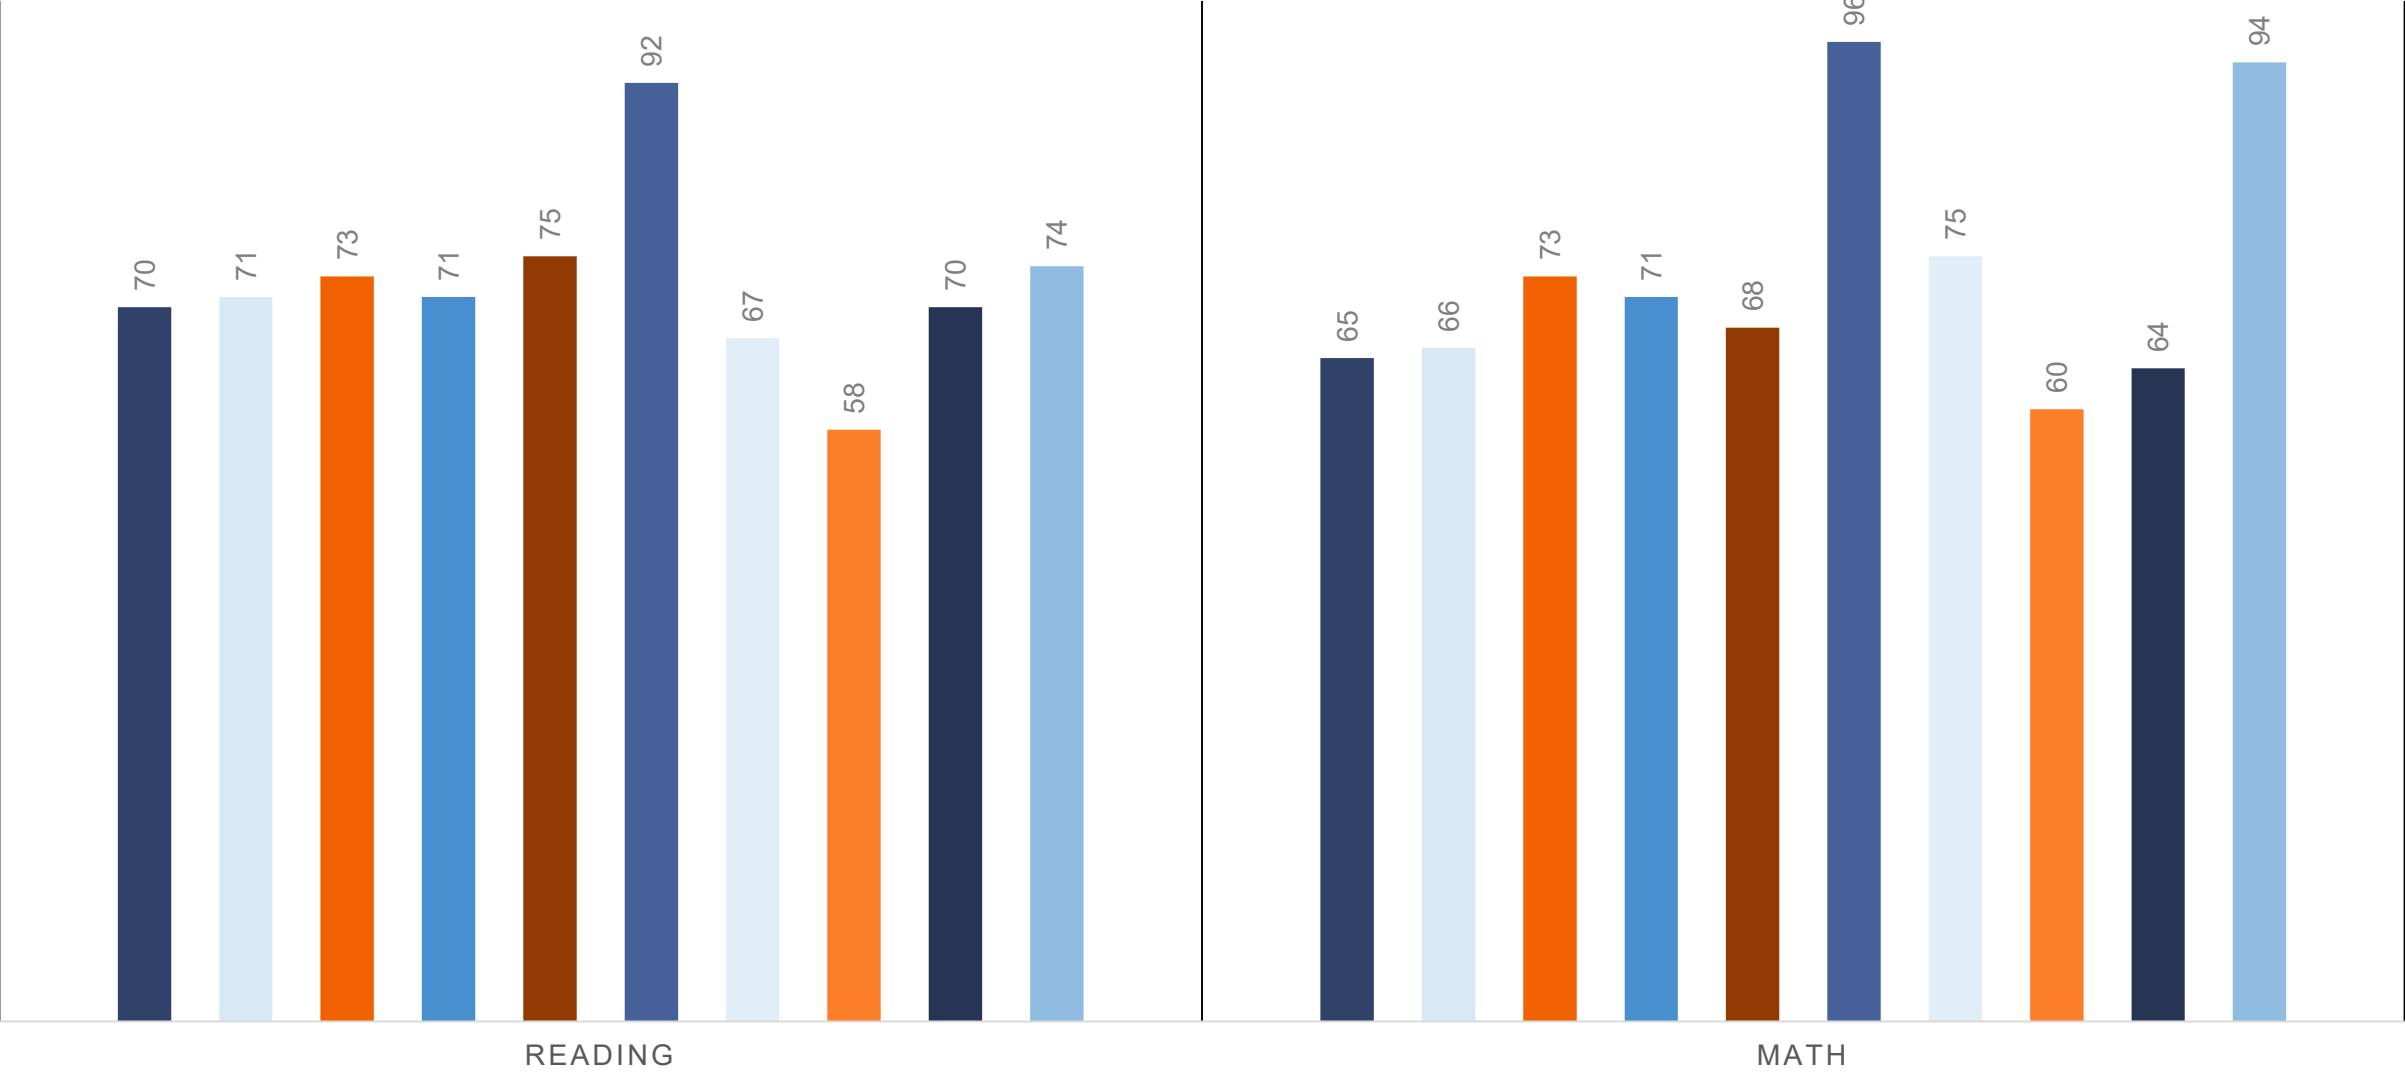

**The TEA requires that each campus identify board approved campus performance objectives as part of the campus improvement plan. Districts must monitor and publicly report each campus' progress toward meeting identified objectives.**

G-PISD utilizes the Balanced Scorecard to identify, evaluate, and report campus performance objectives throughout the district. Schools create campus improvement plans aligned to the priorities outlined in the Balanced Scorecard.
