➤ **PSBA Recommendation to Retire in 100 Policy Section**

- *Dr. Tim Matlack (Superintendent)*
 - **101 Philosophy of Education**
 - PSBA recommends retiring this policy. The language in this policy is linked to Chapter 5 in State Board of Education regulations, which is no longer in place and was replaced by Chapter 4 state regulations.
 - **120 Human Development Program**
 - PSBA recommends retiring this policy. Maintaining a policy on human development and human development programs may create potential liability concerns with its application and interpretation
 - **131 Religion and Our Schools**
 - PSBA recommends retiring this policy. Language is very procedural and may be out-of-date (adopted 1998) with current district practice and relevant court decisions. Also, the general scope of the language is addressed in various other policies throughout the policy manual, including policies related to discrimination, discussion of current events and student expression.
 - **135 Animals in the School**
 - PSBA recommends retiring this policy. Language identifying the procedures for students and staff who bring animals to school for educational purposes is procedural and would be better suited as an

administrative regulation. The district's policy was also last approved in 2010 and may not reflect current district practice.
